**Paris, 21 April 2022** – 6.00 pm CEST – Advicenne (Euronext Growth Paris ALDVI -FR0013296746), a pharmaceutical company specializing in the development and commercialization of innovative treatments for those suffering from rare renal diseases, today announces the appointment of Philippe BOUCHERON as Chairman of the Board of Directors following the next Annual General Meeting to be held on June 9, 2022. This appointment follows David Horn SOLOMON's decision not to seek the renewal of his term as director, entailing therefore the termination of his duties as Chairman of the Board of Directors from that same date.

Philippe BOUCHERON has nearly thirty years of experience in life sciences investments. Since 2013, he has been Deputy Director of Investments in Life Sciences at Bpifrance and sits on its Innovation Investment Committee. Previously, in 2000, Philippe co-founded the Bioam funds dedicated to early-stage investments in the life sciences, which, through successive mergers, led to the creation of Bpifrance. Philippe has been on the Advicenne Board of Directors since 2011. He also sits on the boards of Ademtech, GamaMabs, NH Theraguix, Limflow and CorWave.

Philippe BOUCHERON pays tribute to David Horn Solomon: *“On behalf of all the members of the Board of Directors, we would like to thank David for the work accomplished during his term. During these three years Advicenne has become a commercial company thanks to the registration of Sibnaya in Europe and is now positioned on a growth trajectory with the establishment of the management team that will make the success of tomorrow.”*

David Horn Solomon remains Director and Chairman of the Board of Directors until the next General Meeting of Shareholders on June 9, 2022.
