Letter to shareholders

SpineGuard presents its letter to shareholders

"The growing interest triggered by our latest advances offers real value creation perspectives. It is stimulating the entire SpineGuard team who strives to reveal the full potential of the DSG technology, unique in its capacity to secure and streamline the placement of implants in bone while minimizing the recourse to X-rays," said SpineGuard's Co-founders, Pierre Jérôme, CEO, and Stéphane Bette, Deputy CEO.

About SpineGuard®

Founded in 2009 in France and the USA by Pierre Jérôme and Stéphane Bette, SpineGuard is an innovative company deploying its proprietary radiation-free real time sensing technology DSG® (Dynamic Surgical Guidance) to secure and streamline the placement of implants in the skeleton. SpineGuard designs, develops and markets medical devices that have been used in over 80,000 surgical procedures worldwide. Seventeen studies published in peer-reviewed scientific journals have demonstrated the multiple benefits DSG® offers to patients, surgeons, surgical staff and hospitals. Building on these solid fundamentals and several strategic partnerships, SpineGuard has expanded its technology platform in a disruptive innovation: the « smart » pedicle screw launched late 2017 and is broadening the scope of applications in dental implantology and surgical robotics. DSG® was co-invented by Maurice Bourlion, Ph.D., Ciaran Bolger, M.D., Ph.D., and Alain Vanquaethem, Biomedical Engineer.
