

Verimatrix Wins 2023 NAB Show Product of the Year Award

Recognizes Verimatrix Streamkeeper for its innovative use of AI and ML

Aix-en-Provence, France and San Diego, USA, April 24, 2023 – [Verimatrix](#), (Euronext Paris: VMX), the leader in powering the modern connected world with people-centered security, today announced that [Verimatrix Streamkeeper](#) was selected as a recipient of a 2023 NAB Show Product of the Year Award for the use of artificial intelligence (AI) and machine learning (ML).

Recognizing some of the most significant and promising new products and technologies showcased by exhibitors at this year's [NAB Show](#), the event's official award program selects winners via a panel of industry experts in 15 categories. Recipients were announced April 18 at an awards ceremony during the 2023 NAB Show in Las Vegas. To be eligible for an award, nominated products had to come from companies exhibiting at the 2023 NAB Show and be delivered within the 2023 calendar year.

Verimatrix Streamkeeper stands as the industry's first battle-ready cybersecurity solution specifically engineered to hunt down and take out video piracy – resulting in consistent video content loss prevention and protected profits. Setting a new benchmark for video security, Streamkeeper protects the full streaming (OTT) distribution ecosystem and combines Multi-DRM, Watermarking, App Shield and Counterspy™ — the company's zero-code, anti-piracy deployment technology.

“During our centennial year, NAB continues to recognize the products that are transforming how content is being created, connected and capitalized throughout the broadcast, media and entertainment industry,” said NAB SVP and Chief Customer Success Officer [Eric Trabb](#). “Congratulations to Verimatrix for winning the 2023 NAB Show Product of the Year Award in recognition of Streamkeeper, a product that has demonstrated its ability to help storytellers face the challenges of the present and future by revolutionizing a critical stage of the content lifecycle.”

“It’s truly an honor to have Verimatrix Streamkeeper named Product of the Year for AI/ML at this year’s NAB Show,” said [Asaf Ashkenazi](#), CEO of Verimatrix. “Our collaborative machine/human approach to combatting video piracy is one-of-a-kind; attack patterns can be detected quickly and accurately with artificial intelligence, but our human data scientists compliment machines by ensuring clarity of investigation, precision of response, and safety in oversight. The result is a collaborative, human-centered AI/ML security solution that helps combat the riskiest threat instances with surgical precision: cutting off criminals without denigrating the user experience for legitimate customers.”
