have travelled through the Channel Tunnel. This unique land link, which carries 25% of trade between the Continent and the UK, has become a vital link, reinforced by the ElecLink electricity interconnector installed in the Tunnel, which helps to balance the energy needs between France and the UK. Getlink completes its sustainable mobility services with its rail freight subsidiary Europorte. Committed to "low carbon" services that control their impact on the environment (through its activities, the Group avoids the equivalent of 1.9 million tonnes of CO<sub>2</sub> per year), Getlink has made the place of people, nature and territories a central concern.
