PRESS RELEASE Lyon, June 17, 2024

Number of Shares and Voting Rights of ADOCIA as of May 31st, 2024

6:00pm CEST - Pursuant to the provisions of article L. 233-8 II of the French « Code de Commerce » and article 223-16 of the French stock-market authorities (*Autorité des Marchés Financiers*, or "AMF") charter ADOCIA SA, a French *société anonyme* (corporation), 115, avenue Lacassagne, 69003 Lyon, (Euronext Paris: FR0011184241 – ADOC) a clinical-stage biopharmaceutical Company focused on the research and development of innovative therapeutic solutions for the treatment of diabetes and obesity, releases its total number of outstanding shares as well as its voting rights as of May 31st, 2024.

Month	Date	Total number of outstanding shares	Total number of theoretical voting rights (1)	Total number of exercisable voting rights (2)
May	05/31/2024	14,731,513*	16,853,581	16,848,613

* 283,000 new shares have been issued over the month in connection with the PACEO financing line, whose main characteristics are described in our press release of March 21, 2024.

(1) The total number of theoretical voting rights (or "gross" voting rights) is used as the basis for calculating the crossing of shareholding thresholds. In accordance with Article 223-11 of the AMF General Regulation, this number is calculated on the basis of all shares to which voting rights are attached, including shares whose voting rights have been suspended.

(2) The total number of exercisable voting rights (or" net" voting rights) is calculated without taking into account the shares with suspended voting rights, in this case, shares held by the Company in the context of a liquidity agreement.

About Adocia

<u>Adocia</u> is a biotechnology company specializing in the discovery and development of therapeutic solutions in the field of metabolic diseases, primarily diabetes and obesity.

The company has a broad portfolio of drug candidates based on four proprietary technology platforms: 1) The BioChaperone[®] technology for the development of new generation insulins and products combining different hormones; 2) AdOral[®], an oral peptide delivery technology; 3) AdoShell[®], an immunoprotective biomaterial for cell transplantation, with a first application in pancreatic cells transplantation; 4) AdoGel[®], a long-acting drug delivery platform.

Adocia holds more than 25 patent families. Based in Lyon, the company has approximately 80 employees. Adocia is listed on the regulated market of EuronextTM Paris (Euronext: ADOC; ISIN: FR0011184241).

Disclaimer

This press release contains certain forward-looking statements concerning Adocia and its business. Such forward-looking statements are based on assumptions that Adocia considers as being reasonable. However, there can be no guarantee that the estimates contained in such forward-looking statements will be achieved, as such estimates are subject to numerous risks including those set forth in the "Risk Factors" section of the universal registration document that was filed with the French Autorité des marchés financiers on April 29, 2024, available at <u>www.adocia.com</u>. Those risks include uncertainties inherent in Adocia's short- or medium-term working capital requirements, in research and development, future clinical data, analyses and the evolution of economic conditions, the financial markets and the markets in which Adocia operates, which could impact the Company's short-term financing requirements and its ability to raise additional funds. The forward-looking statements contained in this press release are also subject to risks not yet known to Adocia or not considered as material by Adocia at this time. The occurrence of all or part of such risks could cause the actual results, financial conditions, performances, or achievements of Adocia be materially different from those mentioned in the forward-looking statements.
