Potential stake increase in Galimmo SCA to 99.9%

On June 28, 2024, Carmila granted to an entity managed by Primonial REIM France a put option to sell its entire 7% stake in Galimmo SCA, exercisable¹ until July 30, 2024, for approximately €27 million (that is €11.93 per share).

This agreement follows on from the agreement announced on July 12, 2023 for the acquisition of the direct and indirect stake held by the controlling shareholders of Galimmo SCA (representing 93% of the share capital and voting rights of Galimmo SCA), which should be completed today and which will be communicated in a separate announcement today.

In the event the put option is exercised, Carmila will own 99.9% of the share capital of Galimmo SCA, representing a total investment of €299 million, an average acquisition price of €9.22 per share and a 38% discount to the NDV EPRA NAV at December 31, 2023.

Carmila will file a tender offer in the coming weeks, followed – in the event the put option is exercised – by a squeeze-out, for the remaining shares in Galimmo SCA.

The tender offer price will depend on the implementation of a squeeze-out. In any event, this tender offer price will not be lower than €11.93 and will remain subject to the work of the independent expert to be appointed by Galimmo SCA in accordance with legal and regulatory provisions.
