

## Press release

September 24, 2024 – 08:30 AM CEST

### **Winamp opens the Legacy Player code and delivers the latest features of Winamp for Creators.**

As previously announced, Winamp will open the code of its historic Windows player on September 24 at 04:00 PM to enable the entire developer community to participate in maintaining and developing new features. Tens of millions of users still use [Winamp for Windows](#) every month.

Winamp plans to release two major official versions per year with new features to guarantee secure use of the software.

The player will, of course, remain free.

As far as **Winamp for Creator** is concerned, September 24 marks the end of the first phase in terms of products, with the delivery of licensing. Today, **Winamp for Creator** enables an artist or label to manage digital distribution, copyright management, licensing, NFT creation, personal subscriptions, and monetization on YouTube while building up a team of collaborators. The product phase begins with the development of marketing tools such as centralized management of social networks, website creation, and mobile applications.
