## Ikonisys' Subsidiary Hospitex Secures a Major UN-Funded Contract for Hospital IT and Networking Systems in Ethiopia

Paris, February 5, 2025 – 6:00 pm CET – ALIKO SCIENTIFIC (Ikonisys SA) (Euronext Growth Paris: ALIKO), today announces that its subsidiary Hospitex, the Italian leader in the production of medical devices, has secured a **major contract to supply IT and networking systems** for hospitals in Adwa, Ethiopia.

The initial step, estimated to nearly €300k, is part of a broader project **funded by the United Nations (UNOPS)** and marks a major milestone for the **newly established Hospitex Digital division**, which is **dedicated to driving healthcare digital transformation**. The UNOPS, a UN division, is dedicated to provide infrastructure, procurement and project management services for a more sustainable world.

As the prime contractor and system integrator, Hospitex will lead a consortium of top-tier suppliers to implement state-of-the-art IT infrastructure, supporting hospital connectivity and digital healthcare services. This initiative aligns with **Hospitex Digital's mission to advance telemedicine, artificial intelligence (AI) and digital pathology**, reinforcing the company's commitment to innovation in the healthcare sector.

Hospitex Digital was founded with the goal of revolutionizing healthcare through cutting-edge digital technologies. By focusing on **AI-driven diagnostics, telemedicine platforms, and digital pathology**, **Hospitex Digital** aims to bridge gaps in healthcare accessibility, enhance diagnostic accuracy and streamline medical workflows. The division brings together experts in **computer science**, medical imaging and network solutions to create integrated systems that support the evolving needs of modern hospitals and clinics.

*"Being selected by a prestigious global organization like UNOPS for this project underscores Hospitex's growth capacity, reliability and strong industry positioning", stated **Matteo Botteghi, BU Manager of Hospitex Digital**. "This contract is a significant step forward for Hospitex Digital, showcasing our ability to deliver high-impact solutions for healthcare digitalization."*

The project will enhance hospital networking capabilities, facilitating efficient patient data management, **remote diagnostics** and seamless communication between medical professionals. By integrating cutting-edge IT solutions, Hospitex aims to improve healthcare accessibility and quality in the region, setting a benchmark for **future digital healthcare initiatives**.

This achievement reinforces Hospitex' role as a key player in global healthcare IT and highlights its expertise in implementing large-scale digital health projects. The company looks forward to further expanding its footprint in healthcare digitalization, continuing to drive innovation and excellence in medical technology.
