### About SMAIO

A precursor in the use of clinical data and imaging of the spine, SMAIO designs global solutions for spine surgery specialists. The Company has recognized expertise thanks to KEOPS, its Big Data management software that has become a global reference with more than 100,000 patient cases documented. SMAIO offers spine surgeons a comprehensive platform, I-Kontrol, incorporating planning, implants and related services, enabling them to treat spinal pathologies in a safe, effective and lasting way. The Company's open platform deployed in the United States, KEOPS-4ME, is designed to deliver a personalized and data-driven approach to complex spine surgery, enabling SMAIO to partner commercially with major U.S. surgical companies and provide their surgeon clients with patient-specific implants. Based in Dallas (United States) and Lyon (France), SMAIO benefits from the skill and expertise of more than 40 highly specialized staff.
