

TP Appoints Benoit Gabelle as Group Chief Financial Officer

PARIS, September 24, 2026 - TP, a global leader in digital business services, today announced the appointment of Benoit Gabelle as Group Chief Financial Officer, effective immediately.

Benoit Gabelle has served as Interim Group Chief Financial Officer since March 2026 when Jorge Amar was appointed Chief Executive Officer of TP.

Benoit Gabelle joined TP as Group Deputy Chief Financial Officer in 2022, responsible for Financial Reporting & Consolidation, Corporate Accounting, Tax, and Finance Transformation. Over the past four years, he has supported the Group's management on key financial matters, including the deployment of unified financial systems, the structuring and integration of Majorel and more recently the refinancing of the Group and its efficiency program.

Prior to joining TP, Benoit Gabelle spent 17 years working in France and in Hong Kong, first with KPMG and then with EY, where he was a Partner specializing in international taxation and transfer pricing matters.

In his role, Benoit Gabelle will focus on four key priorities:

- Ensuring the Group's transformation delivers shareholder value,
- Providing strategic and financial support to Operations across the Group,
- Modernizing the finance function through simpler processes and technology,
- Strengthening investor relations and optimizing Group financing, balance-sheet and liquidity.

Jorge Amar, CEO of TP, commented: "Benoit's confirmation as Group CFO is a well-deserved recognition of the strong leadership he has demonstrated at TP. Since stepping into the role on an interim basis, he has shown the strategic clarity and steady leadership our finance function needs as we advance TP's transformation and integrate AI within our processes. I look forward to further partnering with him to accelerate our transformation."

ABOUT TP

TP is a global leader in digital business services that consistently seeks to blend the best of advanced technology with human empathy to deliver enhanced customer care that is simpler, faster, and safer for the world's biggest brands and their customers. The group's comprehensive, AI-powered service portfolio ranges from front office customer care to back-office functions, including operations consulting and high-value digital transformation services. It also offers a range of Specialized Services such as collections, interpreting and localization, visa and consular services, and recruitment process outsourcing services. The teams of multilingual, inspired, and passionate experts and advisors, spread in close to 100 countries, as well as the group's local presence allow it to be a force of good in supporting communities, clients, and the environment.
