The summary applicable for this issue of Securities is annexed to these Final Terms.

## **TERMS AND CONDITIONS**

### **§ 1 FORM**

1. The certificates (the "**Certificates**") of each series issued by COMMERZBANK Aktiengesellschaft, Frankfurt am Main, Federal Republic of Germany (the "**Issuer**") will be issued in bearer dematerialised form (*dématérialisation*). Title to the Certificates will be evidenced by book entries (*inscription en compte*) in accordance with the provisions of the French Monetary and Financial Code relating to Holding of Securities (currently, Articles L. 211-3 et seq. and R. 211-1 et seq. of the French Monetary and Financial Code). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French Monetary and Financial Code) will be issued in respect of the Certificates.
2. Transfers of the Certificates and other registration measures shall be made in accordance with the French Monetary and Financial Code, the regulations, rules and operating procedures applicable to and/or issued by Euroclear France S.A., rue Réaumur 115, 75002 Paris, French Republic (the "**Clearing System**"; the "**Clearing Rules**").
3. The term "**Certificateholder**" in these Terms and Conditions refers to any person holding Certificates through a financial intermediary entitled to hold accounts with the Clearing System on behalf of its customers (the "**Certificate Account Holder**") or, in the case of a Certificate Account Holder acting for its own account, such Certificate Account Holder.

### **§ 2 DEFINITIONS**

For the purposes of these terms and conditions (the "**Terms and Conditions**"), the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

"**Adjustment Event**" means:

- (a) the adjustment of option or futures contracts relating to the Share at the Futures Exchange or the announcement of such adjustment;
- (b) any of the following actions taken by the issuer of the Share (the "**Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Company's reserves, issuance of securities with option or conversion rights related to the Share, distributions of extraordinary dividends, stock splits or any other splits, consolidation or alteration of category;
- (c) a spin-off of a part of the Company in such a way that a new independent entity is formed, or that the spun-off part of the Company is absorbed by another entity; or
- (d) any other event relating to the Share having a diluting or concentrative effect on the theoretical value of such Share.

"**Extraordinary Event**" means:

- (a) the termination of trading in, or early settlement of, option or futures contracts relating to the Share at the Futures Exchange or the announcement of such termination or early settlement;
- (b) the termination of the listing of the Share on the Exchange due to a merger by absorption or by creation or due to any other reason, or the becoming known of the intention of the Company or the announcement of the Exchange that the listing of the Share at the Exchange will terminate immediately or at a later date and that the Share will not be

admitted, traded or listed at any other exchange which is comparable to the Exchange (including the exchange segment, if applicable) immediately following the termination of the listing;

- (c) a procedure is introduced or ongoing pursuant to which all shares or the substantial assets of the Company are or are liable to be nationalized or expropriated or otherwise transferred to public agencies, authorities or organizations;
- (d) the application for insolvency proceedings or for comparable proceedings with regard to the assets of the Company according to the applicable law of the Company; or
- (e) any other event being economically equivalent to the before-mentioned events with regard to their effects.

**"Exchange"** means the exchange or trading system as set out in the Table of Product Details.

**"Exchange Business Day"** means a day on which the Exchange and the Futures Exchange are open for trading during their respective regular trading sessions, notwithstanding the Exchange or Futures Exchange closing prior to its scheduled weekday closing time. Any trading or trading activities after or before the regular trading sessions on the Exchange or the Futures Exchange will not be taken into account.

**"Futures Exchange"** means the exchange or trading system with the highest trading volume of option or futures contracts relating to the Share. If option or futures contracts on the Share are not traded on any exchange, the Futures Exchange shall be the options or futures exchange with the highest amount of option or futures contracts relating to shares of companies having their residence in the country in which the Company has its residence. If there is no options or futures exchange in the country in which the Company has its residence on which option or futures contracts on shares are traded, the Issuer will determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) and will make notification thereof in accordance with § 13.

**"Issue Currency"** or **"EUR"** means Euro.

**"Launch Date"** means 13 August 2015.

**"Market Disruption Event"** means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Share on the Exchange, or (b) any option or futures contracts relating to the Share on the Futures Exchange (if such option or futures contracts are traded on the Futures Exchange), provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)). The occurrence of a Market Disruption Event shall be published in accordance with § 13.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of termination of the trading hours on such date.

**"Maturity Date"** means a day that is not later than the fifth Payment Business Day following the Valuation Date.

**"Payment Business Day"** means a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (TARGET) and the Clearing System settle payments in the Issue Currency.

**"Reference Price"** means the price of the Share last determined and published by the Exchange on any relevant day (closing price).

"**Table of Product Details**" means the table attached to these Terms and Conditions which contains the definitions in relation to each series of Certificates.

"**Underlying**" or "**Share**" means the share as set out in the Table of Product Details.

"**Valuation Date**" means the valuation date as set out in the Table of Product Details.

If on the Valuation Date there is no Reference Price or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Exchange Business Day on which there is a Reference Price and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for three consecutive Exchange Business Days, and if also on such day there is no Reference Price or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Issuer shall estimate the Reference Price in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 13.

### § 3 MATURITY

1. Each Certificate will be redeemed on the Maturity Date at an amount per Certificate in the Issue Currency (rounded, if necessary, to the next full EUR 0.0001 (EUR 0.00005 will be rounded up)) (the "**Redemption Amount**") as determined in accordance with the following provisions.
2. Subject to paragraph 3 the Redemption Amount per Certificate shall be equal to the product of (i) the Reference Price of the Underlying on the Valuation Date and (ii) the Ratio.

The Redemption Amount, however, will be equal to the Maximum Amount if the Reference Price of the Underlying on the Valuation Date is equal to or above the Cap.

"**Cap**" means the cap set out in the Table of Product Details.

"**Maximum Amount**" means the amount set out in the Table of Product Details.

"**Ratio**" means the decimal figure as set out in the Table of Product Details.

3. Contrary to the provisions set out in paragraph 2, the Redemption Amount will be equal to the Bonus Amount if during the Monitoring Period a price of the Share as determined and published by the Exchange has never been equal to or below the Barrier.

"**Bonus Amount**" is equal to the Maximum Amount.

"**Barrier**" means the barrier set out in the Table of Product Details.

"**Monitoring Period**" means the period as set out in the Table of Product Details (both dates including).

### § 4 ORDINARY TERMINATION BY THE ISSUER

Subject to the provision contained in § 7, the Issuer shall not be entitled to terminate the Certificates prematurely.

**§ 5  
PAYMENTS**

1. All amounts payable pursuant to these Terms and Conditions shall be made to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall discharge the Issuer's payment obligations under the Certificates in the amount of such payment.
2. If any payment with respect to a Certificate is to be effected on a day other than a Payment Business Day, payment shall be effected on the next following Payment Business Day. In this case, the relevant Certificateholder shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
3. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives.

**§ 6  
ADJUSTMENTS**

1. Upon the occurrence of an Adjustment Event or Extraordinary Event each of which has a material effect on the Share or the price of the Share, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to account for the economic effect on the Certificates and to preserve, to the extent possible, the economic profile of the Certificates prior to the occurrence of the Adjustment Event or Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether an Adjustment Event or Extraordinary Event has occurred and whether such Adjustment Event or Extraordinary Event has a material effect on the Share or the price of the Share.
2. An Adjustment may result in:
  - (a) the Share being replaced by another share and/or cash and/or any other compensation, in each case as stipulated with reference to in the relevant Adjustment Event or Extraordinary Event (a "**Replacement**"), and another stock exchange being determined as the Exchange,  
  
and/or
  - (b) increases or decreases of specified variables and values or the amounts payable under the Certificates taking into account:
    - (i) the effect of an Adjustment Event or Extraordinary Event on the price of the Share;
    - (ii) the diluting or concentrative effect of an Adjustment Event or Extraordinary Event on the theoretical value of the Share; or
    - (iii) any cash compensation or other compensation in connection with a Replacement;  
and/or
  - (c) consequential amendments to the share related provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.
3. Adjustments shall correspond to the adjustments to option or futures contracts relating to the Share made by the Futures Exchange (a "**Futures Exchange Adjustment**").

- (a) If the Futures Exchange Adjustment results in the replacement of the Share by a basket of shares, the Issuer shall be entitled to determine that only the share with the highest market capitalisation on the relevant Cut-off Date shall be the (replacement) Share for the purpose of the Certificates, and to hypothetically sell the remaining shares in the basket on the first Exchange Business Day following the Cut-off Date at the first available price and hypothetically reinvest the proceeds immediately afterwards in the (replacement) Share by making an appropriate adjustment to the specified variables and values or the amounts payable under the Certificates. If the determination of the share with the highest market capitalisation would result in an economic inappropriate Adjustment, the Issuer shall be entitled to select any other share of the basket of shares to be the (replacement) Share in accordance with the forgoing sentence. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether this is the case.
  - (b) The Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments, in cases where:
    - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether this is the case;
    - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve the economic profile of the Certificates prior to the occurrence of the Adjustment Event or the Extraordinary Event and to compensate for the economic effect thereof on the price of the Share; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether this is the case; or
    - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.
  - (c) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) to preserve the economic profile of the Certificates prior to the occurrence of the Adjustment Event or the Extraordinary Event and to compensate for the economic effect thereof on the price of the Share.
4. Any reference made to the Share in these Terms and Conditions shall, if the context so admits, then refer to the replacement share. All related definitions shall be deemed to be amended accordingly.
5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.
6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 13.
7. Any Adjustment in accordance with this § 6 does not exclude a later termination in accordance with § 7 paragraph 1 on the basis of the same event.

§ 7

**EXTRAORDINARY TERMINATION RIGHTS OF THE ISSUER**

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Certificates prematurely instead of making an Adjustment. If an Adjustment would not be sufficient to preserve the economic profile of the Certificates prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Certificates prematurely; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether this is the case.

The Issuer may also freely elect to terminate the Certificates prematurely in the case of a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Company as a consequence of a conversion or otherwise; all as determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer.

2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of and Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Issuer may freely elect to terminate the Certificates prematurely. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether a Hedging Disruption has occurred.

The Issuer may also freely elect to terminate the Certificates prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose any Shares or (B) it will incur materially increased costs in performing the Issuer's obligation under the Certificates (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) whether a Change in Law has occurred.

3. Any extraordinary termination of the Certificates shall be notified by the Issuer in accordance with § 13 within fourteen Exchange Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate an Exchange Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than seven Payment Business Days following the publication of the Extraordinary Termination Notice.

4. If the Certificates are called for redemption, they shall be redeemed at an amount per Certificate that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Issuer shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) by taking into account prevailing market conditions and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 290 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Certificates (the "**Hedging Transactions**").

5. The Issuer shall pay the Extraordinary Termination Amount to the Certificateholders not later than on the tenth Payment Business Day following the Extraordinary Termination Date.

**§ 8**  
**FUTHER ISSUES OF CERTIFICATES**  
**REPURCHASE OF CERTIFICATES**

1. The Issuer reserves the right to issue from time to time without the consent of the Certificateholders additional tranches of Certificates with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Certificates. The term "Certificates" shall, in the event of such consolidation, also comprise such additionally issued certificate.
2. The Issuer may at any time purchase Certificates in the market or otherwise. Certificates repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

**§ 9**  
**TAXES**

All present and future taxes, fees or other duties in connection with the Certificates shall be borne and paid by the Certificateholders. The Issuer is entitled to withhold from payments to be made under the Certificates any taxes, fees and/or duties payable by the Certificateholder in accordance with the previous sentence.

**§ 10**  
**STATUS**

The obligations under the Certificates constitute direct, unconditional and unsecured (*nicht dinglich besichert*) obligations of the Issuer and rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).

**§ 11**  
**PAYING AGENT**

1. BNP Paribas Securities Services, a société en commandite par actions incorporated under the laws of France, registered with the Registre du commerce et des sociétés of Paris under number 552 108 011, the registered office of which is located at 3, rue d'Antin, 75002 Paris, France, acting through its office located at Les Grands Moulins de Pantin, 9 rue du Débarcadère, 93500 Pantin, France, shall be the paying agent (the "**Paying Agent**").
2. The Issuer shall be entitled at any time to appoint another bank of international standing as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 13.
3. The Paying Agent is hereby granted exemption from the restrictions of § 181 German Civil Code (*BGB*) and any similar restrictions of the applicable laws of any other country.

**§ 12**  
**SUBSTITUTION OF THE ISSUER**

1. Any other company may assume at any time during the life of the Certificates, subject to paragraph 2, without the Certificateholders' consent all the obligations of the Issuer under and in connection with the Certificates. Any such substitution and the effective date shall be notified by the Issuer in accordance with § 13.

Upon any such substitution, such substitute company (hereinafter called the "**New Issuer**") shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under

the Certificates with the same effect as if the New Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 12, each previous New Issuer) shall be released from its obligations hereunder and from its liability as obligor under the Certificates.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the New Issuer.

2. No such assumption shall be permitted unless
  - (a) the New Issuer has agreed to assume all obligations of the Issuer under the Certificates;
  - (b) the New Issuer has agreed to indemnify and hold harmless each Certificateholder against any tax, duty, assessment or governmental charge imposed on such Certificateholder in respect of such substitution;
  - (c) the Issuer (in this capacity referred to as the "**Guarantor**") has unconditionally and irrevocably guaranteed to the Certificateholders compliance by the New Issuer with all obligations under the Certificates
  - (d) the New Issuer and the Guarantor have obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the Guarantor and/or the New Issuer are domiciled or the country under the laws of which they are organised.
3. Upon any substitution of the Issuer for a New Issuer, this § 12 shall apply again.

### **§ 13 NOTICES**

Notices relating to the Certificates shall be published in the Federal Gazette (*Bundesanzeiger*) and shall be deemed to be effective upon such publication unless such publication gives another effective date.

If the Certificates are offered to the public, notices relating to the Certificates shall in addition be published on the website *www.warrants.commerzbank.com* (or on another website notified at least six weeks in advance by the Issuer in accordance with this § 13). If applicable law or regulations of the stock exchange on which the Certificates are listed require a notification in another manner, notices shall also be given in the manner so required.

### **§ 14 LIMITATION OF LIABILITY PRESENTATION PERIODS AND PRESCRIPTION**

1. The Issuer shall be held responsible for acting or failing to act in connection with Certificates only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent.
2. The period for presentation of the Certificates (§ 801 paragraph 1, sentence 1 German Civil Code (*BGB*)) shall be ten years and the period of limitation for claims under the Certificates presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

**§ 15**  
**FINAL CLAUSES**

1. The Certificates and the rights and duties of the Certificateholders, the Issuer and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 which shall be governed by the laws of the French Republic.
2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Certificateholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 13. Following such rescission by the Issuer, the Certificateholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Certificates to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Certificates by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Certificates delivered shall expire.
3. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Certificates on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Certificateholders together with the declaration of rescission in accordance with § 13. Any such offer shall be deemed to be accepted by a Certificateholder and the rescission shall not take effect, unless the Certificateholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 13 by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Certificates to the account of the Paying Agent with the Clearing System pursuant to paragraph 2. The Issuer shall refer to this effect in the notification.
4. "**Issue Price**" within the meaning of paragraph 2 and 3 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Certificateholder (as declared and proved by evidence in the request for repayment) and (ii) the weighted average (as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)) of the traded prices of the Certificates on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2. If a Market Disruption Event exists on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2, the last Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
5. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 German Civil Code (*BGB*)). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Certificateholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Certificateholders. Notice of any such correction or amendment shall be given to the Certificateholders in accordance with § 13.
6. If the Certificateholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Certificates, then, notwithstanding paragraphs 2 - 5, the Certificateholders can be bound by the Issuer to the corrected Terms and Conditions.
7. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 2 - 5 above.

8. Place of performance is Frankfurt am Main.
9. Place of jurisdiction for all disputes and other proceedings in connection with the Certificates for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.
10. The English version of these Terms and Conditions shall be binding. Any translation is for convenience only.

## Section D – Risks

The purchase of Securities is associated with certain risks. **The Issuer expressly points out that the description of the risks associated with an investment in the Securities describes only the major risks which were known to the Issuer at the date of the Base Prospectus.**

Element	Description of Element	Disclosure requirement
D.2	Key risks specific to the Issuer	Each Tranche of Securities entails an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that COMMERZBANK becomes temporarily or permanently unable to meet its obligations to pay interest and/or the redemption amount.

Furthermore, COMMERZBANK is subject to various risks within its business activities. Such risks comprise in particular the following types of risks:

### Global Financial Market Crisis and Sovereign Debt Crisis

The global financial crisis and sovereign debt crisis, particularly in the eurozone, have had a significant material adverse effect on the Group's net assets, financial position and results of operations. There can be no assurance that the Group will not suffer further material adverse effects in the future, particularly in the event of a renewed escalation of the crisis. Any further escalation of the crisis within the European Monetary Union may have material adverse effects on the Group, which, under certain circumstances, may even threaten the Group's existence. The Group holds substantial volumes of sovereign debt. Impairments and revaluations of such sovereign debt to lower fair values have had material adverse effects on the Group's net assets, financial position and results of operations in the past, and may have further adverse effects in the future.

### Macroeconomic Environment

The macroeconomic environment prevailing over the past few years continues to negatively affect the Group's results, and the Group's heavy dependence on the economic environment, particularly in Germany, may result in further substantial negative effects in the event of a possible renewed economic downturn.

### Counterparty Default Risk

The Group is exposed to default risk (credit risk), including in respect of large individual commitments, large loans and commitments, concentrated in individual sectors, referred to as "cluster" risk, as well as loans to debtors that may be particularly affected by the sovereign debt crisis. The run-down of the ship finance portfolio and the Commercial Real Estate finance portfolio is exposed to considerable risks in view of the current difficult market environment and the volatility of ship prices and real estate prices and the default risk (credit risk) affected thereby, as well as the risk of substantial changes in the value of ships held as collateral directly owned, directly owned real estate and private and commercial real estate held as collateral. The Group has a substantial number of non-performing loans in its portfolio and these defaults may not be sufficiently covered by collateral or by write-downs and provisions

previously taken.

#### Market Price Risks

The Group is exposed to market price risks in the valuation of equities and investment fund units as well as in the form of interest rate risks, credit spread risks, currency risks, volatility and correlation risks, commodity price risks.

#### Strategic Risks

There is a risk that the Group may not be able to implement its strategic agenda or may be able to do so only in part or at higher costs than planned, and that the implementation of planned measures may not lead to the achievement of the strategic objectives sought to be obtained.

#### Risks from the Competitive Environment

The markets in which the Group is active, particularly the German market (and, in particular, the private and corporate customer business and investment banking activities) and the Polish market, are characterized by intense competition on price and on transaction terms, which results in considerable pressure on margins.

#### Liquidity Risks

The Group is dependent on the regular supply of liquidity and a market-wide or company-specific liquidity shortage can have material adverse effects on the Group's net assets, financial position and results of operations. Currently, the liquidity supply of banks and other players in the financial markets is strongly dependent on expansive measures of the central banks.

#### Operational Risks

The Group is exposed to a large number of operational risks including the risk that employees will enter into excessive risks on behalf of the Group or violate compliance-relevant regulations in connection with the conduct of business activities and thereby cause considerable losses to appear suddenly, which may also lead indirectly to an increase in regulatory capital requirements.

#### Risks from Equity Participations

COMMERZBANK is exposed to particular risks in respect of the value and management of equity investments in listed and unlisted companies. It is possible that the goodwill reported in the Group's consolidated financial statements will have to be fully or partly written down as a result of impairment tests.

#### Risks from Bank-Specific Regulation

Ever stricter regulatory capital and liquidity standards and procedural and reporting requirements may call into question the business model of a number of the Group's activities, adversely affect the Group's competitive position, or make the raising of additional equity capital necessary. Other regulatory reforms proposed in the wake of the financial crisis, for example, requirements such as the bank levy, a possible financial transaction tax, the separation of proprietary

trading from the deposit-taking business, or stricter disclosure and organizational obligations may materially influence the Group's business model and competitive environment.

#### Legal Risks

Legal disputes may arise in connection with COMMERZBANK's business activities, the outcomes of which are uncertain and which entail risks for the Group. For example, claims for damages on the grounds of flawed investment advice have led to substantial liabilities for the Group and may also lead to further substantial liabilities for the Group in the future. Payments and restoration of value claims have been asserted against COMMERZBANK and its subsidiaries, in some cases also in court, in connection with profit participation certificates and trust preferred securities they have issued. The outcome of such proceedings may have material adverse effects on the Group that go beyond the claims asserted in each case. Regulatory, supervisory and judicial proceedings may have a material adverse effect on the Group. Proceedings brought by regulators, supervisory authorities and prosecutors may have material adverse effects on the Group.

D.6 Key information on the key risks that are specific to the securities

#### No secondary market immediately prior to termination

The market maker and/or the exchange will cease trading in the Securities no later than shortly before their termination date. However, between the last trading day and the Valuation Date the price of the Underlying which is relevant for the Securities may still change. This may be to the investor's disadvantage.

In addition, there is a risk that a barrier, which is stipulated in the terms and conditions, is reached, exceeded or breached in another way for the first time prior to termination after secondary trading has already ended.

#### Securities are unsecured obligations (Status)

The Securities constitute unconditional obligations of the Issuer. They are neither secured by the Deposit Protection Fund of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) nor by the German Deposit Guarantee and Investor Compensation Act (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). This means that the investor bears the risk that the Issuer can not or only partially fulfil the attainments due under the Securities. Under these circumstances, a total loss of the investor's capital might be possible.

#### The proposed Financial Transactions Tax (FTT)

The European Commission has proposed a common financial transactions tax (FTT) to be implemented in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia. The proposed financial transactions tax could apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. However, the financial transactions tax is still subject to negotiation between the participating EU Member States. Additional EU Member States may decide to participate. Furthermore, it is currently uncertain when the financial transactions tax will be enacted and when the tax will enter

---

into force with regard to dealings with the Securities.

Risks in connection with the Act on the Recovery and Resolution of Institutions and Financial Groups, with the EU Regulation establishing a Single Resolution Mechanism, and with the proposal for a new EU regulation on the mandatory separation of certain banking activities

The Act on the Recovery and Resolution of Institutions and Financial Groups (*Gesetz zur Sanierung und Abwicklung von Instituten und Finanzgruppen – SAG*) – which is the transposition into German law of the EU framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU, the "**Bank Recovery and Resolution Directive**" or "**BRRD**") may result in claims for payment of principal, interest or other amounts under the Securities being subject to a conversion into one or more instruments that constitute common equity tier 1 capital for the Issuer, such as ordinary shares, or a permanent reduction, including to zero, by intervention of the competent resolution authority. Each of these measures are hereinafter referred to as a "**Regulatory Bail-in**". The holders of Securities would have no claim against the Issuer in such a case and there would be no obligation of Issuer to make payments under the Securities. This would occur if the Issuer becomes, or is deemed by the competent supervisory authority to have become, "non-viable" (as defined under the then applicable law) and unable to continue its regulated activities without such conversion or write-down or without a public sector injection of capital. The resolution authority will have to exercise its power in a way that results in (i) common equity tier 1 capital instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) thereafter, the principal amount of other capital instruments (additional tier 1 capital instruments and tier 2 capital instruments) being written down on a permanent basis or converted into common equity tier 1 capital instruments in accordance with their order of priority and (iii) thereafter, eligible liabilities – as those under the Securities – being converted into common equity tier 1 capital instruments or written down on a permanent basis in accordance with a set order of priority. The extent to which the principal amount of the Securities may be subject to a Regulatory Bail-in will depend on a number of factors that are outside the Issuer's control, and it will be difficult to predict when, if at all, a Regulatory Bail-in will occur. Potential investors should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest if a Regulatory Bail-in occurs.

Further, the EU Regulation establishing a Single Resolution Mechanism ("**SRM Regulation**") contains provisions relating to resolution planning, early intervention, resolution actions and resolution instruments that should become applicable as of 1 January 2016. A centralised decision-making will be built around a Single Resolution Board. This framework should be able to ensure that, instead of national resolution authorities, there will be a single authority – i.e. the Board – which will take all relevant decisions for banks being part of the Banking Union.

On 29 January 2014, the European Commission adopted a proposal for a new mandatory separation of certain banking activities that is in many respects stricter than the requirements under the German bank separation law (sections 3(2)-(4), 25f, 64s of the German

---

Banking Act (*Kreditwesengesetz* – KWG). European banks that exceed the following thresholds for three consecutive years: a) total assets are equal or exceed €30 billion; b) total trading assets and liabilities are equal or exceed €70 billion or 10% of their total assets, will be automatically banned from engaging in proprietary trading defined narrowly as activities with no hedging purposes or no connection with customer needs. In addition, such banks will be prohibited also from investing in or holding shares in hedge funds, or entities that engage in proprietary trading or sponsor hedge funds. Other trading and investment banking activities - including market-making, lending to venture capital and private equity funds, investment and sponsorship of complex securitisation, sales and trading of derivatives – are not subject to the ban, however they might be subject to separation. The proprietary trading ban would apply as of 1 January 2017 and the effective separation of other trading activities would apply as of 1 July 2018. Should a mandatory separation be imposed, additional costs are not ruled out, in terms of higher funding costs, additional capital requirements and operational costs due to the separation, lack of diversification benefits.

#### U.S. Foreign Account Tax Compliance Act Withholding

The Issuer may be required to withhold tax at a rate of 30% on all, or a portion of, payments made after 31 December 2016 in respect of (i) Securities issued or materially modified after the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register, (ii) Securities issued or materially modified after the date that is six months after the date on which obligations of their type are first treated as giving rise to dividend equivalents, or (iii) Securities treated as equity for U.S. federal tax purposes, whenever issued, pursuant to certain provisions commonly referred to as the "Foreign Account Tax Compliance Act

#### Impact of a downgrading of the credit rating

The value of the Securities could be affected by the ratings given to the Issuer by rating agencies. Any downgrading of the Issuer's rating by even one of these rating agencies could result in a reduction in the value of the Securities.

#### Adjustments and Extraordinary Termination

The Issuer shall be entitled to perform adjustments or to terminate and redeem the Securities prematurely if certain conditions are met. This may have a negative effect on the value of the Securities. If the Securities are terminated, the amount payable to the holders of the Securities in the event of the extraordinary termination of the Securities may be lower than the amount the holders of the Securities would have received without such extraordinary termination.

#### Market disruption event

The Issuer is entitled to determine market disruption events that might result in a postponement of a calculation and/or of any attainments under the Securities and that might affect the value of the Securities. In addition, in certain cases stipulated, the Issuer may estimate certain prices that are relevant with regard to attainments or the reaching of thresholds. These estimates may

---

deviate from their actual value.

#### Substitution of the Issuer

If the conditions are met, the Issuer is entitled at any time, without the consent of the holders of the Securities, to appoint another company as the new Issuer with regard to all obligations arising out of or in connection with the Securities in its place. In that case, the holder of the Securities will generally also assume the insolvency risk with regard to the new Issuer.

#### Risk factors relating to the Underlying

The Securities depend on the value of the Underlying and the risk associated with this Underlying. The value of the Underlying depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control. The past performance of an Underlying should not be regarded as an indicator of its future performance during the term of the Securities.

#### Risk upon Risk upon redemption

The investor bears the risk that during the Monitoring Period the price of the Underlying will at **least once be equal to or below** the Barrier. In this case, the investor will **not** receive the Bonus Amount as a minimum but an amount per Security which depends upon the Reference Price of the Underlying on the Valuation Date. In such case it is possible that the amount payable is below the price at which the investor purchased the Securities. The lower the Reference Price of the Underlying on the Valuation Date and thus the amount payable the greater the loss. Worst case: The Reference Price of the Underlying on the Valuation Date falls to zero which will lead to a **total loss** of invested capital.

Under no circumstances will the investor receive an amount which exceeds the Maximum Amount.

#### Risks if the investor intends to sell or must sell the Securities during their term:

##### *Market value risk:*

The achievable sale price prior to the Exercise Date could be significantly lower than the purchase price paid by the investor.

The market value of the Securities mainly depends on the performance of the Underlying, without reproducing it accurately. In particular, the following factors may have an adverse effect on the market price of the Securities:

- Changes in the expected intensity of the fluctuation of the Underlying (volatility)
- Interest rate development
- Remaining term of the Securities
- Development of the dividends of the Share

Each of these factors could have an effect on its own or reinforce or cancel each other.

##### *Trading risk:*

The Issuer is neither obliged to provide purchase and sale prices for the Securities on a continuous basis on (i) the exchanges on which the Securities may be listed or (ii) an over-the-counter (OTC) basis nor to buy back any Securities. Even if the Issuer generally provides purchase and sale prices, in the event of extraordinary market conditions or technical troubles, the sale or purchase of the Securities could be temporarily limited or impossible.

**Section E – Offer**

<b>Element</b>	<b>Description of Element</b>	<b>Disclosure requirement</b>
E.2b	Reason for the offer and use of proceeds when different from making profit and/or hedging certain risks	- not applicable –  Profit motivation
E.3	Description of the terms and conditions of the offer	COMMERZBANK offers from 13 August 2015 series of Securities with an issue size and initial issue price per Security as set out in the table annexed to the summary.
E.4	Any interest that is material to the issue/offer including conflicting interests	The following conflicts of interest can arise in connection with the exercise of rights and/or obligations of the Issuer in accordance with the terms and conditions of the Securities (e.g. in connection with the determination or adaptation of parameters of the terms and conditions), which affect the amounts payable: <ul style="list-style-type: none"> <li>- execution of transactions in the Underlying</li> <li>- issuance of additional derivative instruments with regard to the Underlying</li> <li>- business relationship with the issuer of the Underlying</li> <li>- possession of material (including non-public) information about the Underlying</li> <li>- acting as Market Maker</li> </ul>
E.7	Estimated expenses charged to the investor by the issuer or the offeror	The investor can usually purchase the Securities at a fixed issue price. This fixed issue price contains all cost of the Issuer relating to the issuance and the sales of the Securities (e.g. cost of distribution, structuring and hedging as well as the profit margin of COMMERZBANK).

## **RESUME**

Les résumés sont composés d'éléments d'information, appelés "Eléments". Ces éléments sont numérotés dans les Sections A à E (A.1 à E.7).

Le présent résumé contient tous les Eléments devant être inclus dans un résumé pour ce type de titres et d'Emetteur. Dans la mesure où certains Eléments ne doivent pas obligatoirement être traités, il peut y avoir des discontinuités dans la numérotation des Eléments.

Même lorsqu'un Elément doit être inséré dans le résumé du fait de la nature des Titres et de l'Emetteur, il est possible qu'aucune information pertinente ne puisse être donnée sur cet Elément. Dans ce cas une brève description de l'Elément est incluse dans le résumé avec la mention " - sans objet - ".

### **Section A – Introduction et Avertissements**

<b>Elément</b>	<b>Description de l'Elément</b>	<b>Informations à inclure</b>
A.1	Avertissements	<p>Le présent résumé doit être lu comme une introduction au Prospectus de Base et aux Conditions Définitives applicables. Les investisseurs doivent fonder toute décision d'investir dans les Titres en considération du Prospectus de Base dans son intégralité et des Conditions Définitives applicables.</p> <p>Lorsqu'une action concernant l'information contenue dans le Prospectus de Base est intentée devant un tribunal d'un Etat membre de l'Espace Economique Européen, l'investisseur plaignant peut, selon la législation nationale de l'Etat membre concerné, avoir à supporter les frais de traduction du Prospectus de Base et des Conditions Définitives avant le début de la procédure judiciaire.</p> <p>Une responsabilité civile est attribuée aux personnes qui sont responsables de la rédaction du résumé, y compris sa traduction, ou de l'émission du Prospectus de Base mais uniquement si le résumé est trompeur, inexact ou contradictoire par rapport aux autres parties du Prospectus de Base ou s'il ne fournit pas, lorsqu'il est lu en combinaison avec les autres parties du Prospectus de Base, toutes les informations clés essentielles.</p>
A.2	Consentement à l'utilisation du Prospectus	<p>L'Emetteur donne par les présentes son consentement à l'utilisation du Prospectus de Base et des Conditions Définitives pour la revente ultérieure ou le placement final des Titres par des intermédiaires financiers.</p> <p>La période d'offre durant laquelle la revente ultérieure ou le placement final des Titres par des intermédiaires financiers peut être effectué, est valable uniquement tant que le Prospectus de Base et les Conditions Définitives demeurent valables en application de l'Article 9 de la Directive Prospectus tel que transposé dans l'Etat Membre concerné.</p> <p>Le consentement à l'utilisation du Prospectus de Base et des Conditions Définitives est consenti uniquement dans le(s) Etat(s) Membre(s) suivant(s): République française.</p> <p>Le consentement à l'utilisation du Prospectus, y compris tous suppléments ainsi que toutes Conditions Définitives y afférentes est donné sous la condition que (i) le présent Prospectus de Base et les Conditions Définitives applicables soient remis aux investisseurs</p>

potentiels uniquement avec tous les suppléments publiés avant cette remise et (ii) en faisant usage du Prospectus de Base et des Conditions Définitives applicables, chaque intermédiaire financier s'assure qu'il respecte toutes les lois et réglementations applicables en vigueur dans les juridictions concernées.

**Dans le cas d'une offre faite par un intermédiaire financier, cet intermédiaire financier devra fournir aux investisseurs des informations sur les modalités de l'offre au moment où cette offre est faite.**

## **Section D – Risques**

L'achat des Titres comporte certains risques. **L'Emetteur indique expressément que la description des risques liés à un investissement dans les Titres présente seulement les risques principaux qui étaient connus de l'Emetteur à la date du Prospectus de Base.**

<b>Elément</b>	<b>Description de l'élément</b>	<b>Informations à inclure</b>
D.2	Principaux risques propres à l'Emetteur	Chaque Tranche de Titres comport un risque émetteur, également appelé risque débiteur ou risque de crédit pour les investisseurs potentiels. Un risque émetteur est le risque que COMMERZBANK devienne temporairement ou définitivement incapable de respecter ses obligations de payer les intérêts et/ou le montant de remboursement.

En outre, COMMERZBANK est soumise à divers risques au sein de ses activités commerciales. De tels risques comprennent en particulier les types de risques suivants :

### Crise financière mondiale et crise de la dette souveraine

La crise financière mondiale et la crise de la dette souveraine, en particulier au sein de la zone euro, ont eu un effet défavorable significatif sur l'actif, sur la situation financière et sur les résultats d'exploitation du Groupe. Il n'y aucune assurance que le Groupe ne souffrira pas d'effets défavorables significatifs supplémentaires à l'avenir, en particulier dans l'hypothèse d'une nouvelle aggravation de la crise. Toute aggravation supplémentaire de la crise au sein de l'Union Monétaire Européenne peut avoir des effets défavorables significatifs sur le Groupe qui pourraient, dans certaines circonstances, menacer l'existence même du Groupe. Le Groupe détient des volumes significatifs de dette souveraine. Les dépréciations et les réévaluations de cette dette souveraine à une juste valeur plus faible ont eu dans le passé des effets défavorables significatifs sur l'actif, sur la situation financière et sur les résultats d'exploitation du Groupe, et pourraient avoir des effets défavorables supplémentaires à l'avenir.

### Environnement macroéconomique

L'environnement macroéconomique qui prévaut depuis les dernières années continue à affecter défavorablement les résultats du Groupe et la forte dépendance du Groupe à l'environnement économique, notamment en Allemagne, peut conduire à des effets négatifs importants supplémentaires dans le cas d'un possible nouveau ralentissement économique.

### Risque de défaut de contrepartie

Le Groupe est soumis au risque de défaut (risque de crédit), notamment en ce qui concerne des engagements individuels importants, des prêts et engagements importants, concentrés sur des secteurs particuliers, appelé risque de concentration, ainsi qu'en ce qui concerne des prêts consentis à des débiteurs pouvant être particulièrement affectés par la crise de la dette souveraine. Le désengagement du portefeuille de financement maritime et du portefeuille de financement Immobilier Commercial est soumis à des risques considérables compte tenu de l'environnement de marché

---

actuel difficile et de la volatilité des prix des navires et des prix de l'immobilier et du risque de défaut (risque de crédit) qui en est affecté, ainsi que du risque de changements importants de la valeur des navires détenus à titre de sûreté, des actifs immobiliers détenus directement et des actifs immobiliers privés et commerciaux détenus à titre de sûreté. Le Groupe a un nombre important de prêts non-productifs dans son portefeuille, et il est possible que ces défauts ne soient pas suffisamment couverts par des sûretés ou par des dépréciations et dotations aux provisions précédemment effectuées.

#### Risques de prix de marché

Le Groupe est exposé à un risque de prix de marché lié à la valorisation des titres de capital et des parts de fonds d'investissement ainsi que sous la forme de risques de taux d'intérêt, de risques de différentiel de taux, de risques de change, de risques de volatilité et de corrélation, de risques liés au prix des matières premières.

#### Risques stratégiques

Il existe un risque que le Groupe ne puisse pas mettre en œuvre ses plans stratégiques ou qu'il ne puisse les mettre en œuvre que partiellement ou à des coûts supérieurs à ceux envisagés et que la mise en œuvre des mesures envisagées ne débouche pas sur la réalisation des objectifs stratégiques recherchés.

#### Risques liés à l'environnement concurrentiel

Les marchés dans lesquels le Groupe est actif, en particulier le marché allemand (et, tout particulièrement, les activités avec la clientèle de particuliers et d'entreprises ainsi que les activités de banque d'investissement) et le marché polonais, sont caractérisés par une concurrence intense en termes de prix et de conditions, ce qui entraîne une pression considérable sur les marges.

#### Risques de liquidité

Le Groupe est dépendant d'un approvisionnement régulier de liquidités et une pénurie de liquidités sur le marché ou relative à une entreprise en particulier peut avoir un effet défavorable significatif sur l'actif du Groupe, sa situation financière et ses résultats d'exploitation. Actuellement, l'approvisionnement en liquidités des banques et autres acteurs des marchés financiers est fortement dépendante de mesures expansives des banques centrales.

#### Risques opérationnels

Le Groupe est exposé à un grand nombre de risques opérationnels dont notamment le risque que des salariés fassent souscrire des risques excessifs au nom du Groupe ou violent les règles de conformité dans le cadre de la conduite des activités et provoquant ainsi des pertes considérables apparaissant brusquement, ce qui pourrait indirectement entraîner une augmentation des exigences réglementaires en matière de fonds propres.

#### Risques liés aux participations

COMMERZBANK est exposée à des risques particuliers liés à la valeur et à la gestion de participations dans des sociétés cotées et

non cotées. Il est possible que les écarts d'acquisition reportés dans les comptes consolidés du Groupe doivent faire l'objet d'une dépréciation totale ou partielle suite à des tests de dépréciation.

#### Risques liés à la réglementation bancaire

Les exigences toujours plus strictes relatives aux fonds propres et à la liquidité et en termes de procédures et de reporting sont susceptibles de mettre en cause le modèle économique d'un certain nombre d'activités du Groupe, d'affecter défavorablement la position concurrentielle du Groupe ou de rendre nécessaire la levée de fonds propres additionnels. D'autres réformes réglementaires proposées à la suite de la crise financière, telles que, par exemple, des exigences comme la taxe bancaire, une éventuelle taxe sur les transactions financières, la séparation de l'activité de négociation pour compte propre de l'activité de banque de dépôt ou des obligations d'information et d'organisation plus strictes, peuvent influencer de façon importante le modèle d'entreprise du Groupe et son environnement concurrentiel.

#### Risques juridiques

Les activités de COMMERZBANK peuvent donner lieu à des contentieux, dont l'issue est incertaine et qui entraînent des risques pour le Groupe. A titre d'exemple, des demandes de dommages-intérêts fondées sur des conseils en investissement erronés ont entraîné des responsabilités importantes pour le Groupe et peuvent également à l'avenir entraîner de nouvelles responsabilités pour le Groupe. Des demandes de paiement et de restitution de valeurs ont été engagées à l'encontre de COMMERZBANK et ses filiales, y compris dans certains cas devant les tribunaux, liées aux titres participatifs et aux "trust-preferred securities" émis par COMMERZBANK et ses filiales. L'issue de ces procédures pourrait avoir un effet négatif significatif sur le Groupe, qui va au-delà des prétentions formulées au titre de chaque réclamation. Les procédures introduites par les régulateurs, les autorités de tutelle et les ministères publics peuvent avoir des effets défavorables significatifs sur le Groupe.

D.6 Informations clés concernant les principaux risques propres aux titres

#### Absence de marché secondaire immédiatement avant la résiliation

Le teneur de marché et/ou la bourse mettront fin à la négociation des Titres au plus tard peu de temps avant leur date de résiliation. Cependant, entre le dernier jour de négociation et la Date d'Evaluation, le prix du Sous-Jacent, qui est pertinent pour les Bons d'Option pourra encore évoluer. Ceci peut désavantager l'investisseur.

En outre, il y a un risque qu'une barrière, qui est mentionnée dans les termes et conditions, soit atteinte, dépassée ou non respectée d'une autre manière pour la première fois avant la résiliation alors que le marché secondaire a déjà pris fin.

#### Les Titres sont des obligations non garanties (Statut)

Les Titres constituent des obligations inconditionnelles de l'Emetteur. Elles ne sont ni assurées par le Fonds de Protection des Dépôts de l'Association des Banques Allemandes (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) ni par la loi allemande sur les dépôts et l'indemnisation des

investisseurs (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). Cela signifie que l'investisseur supporte le risque que l'Emetteur ne puisse honorer ses engagements au titre des Titres ou uniquement en partie. Dans ces circonstances, l'investisseur pourrait supporter une perte totale du capital investi.

#### La proposition de taxe sur les transactions financières (TTF)

La Commission Européenne a proposé une taxe commune sur les transactions financières (TTF) devant être mise en place en Belgique, en Allemagne, en Estonie, en Grèce, en Espagne, en France, en Italie, en Autriche, au Portugal, en Slovaquie et en Slovaquie. La taxe proposée sur les transactions financières pourrait s'appliquer à certaines opérations sur les Titres (y compris sur les opérations sur marché secondaire) dans certaines circonstances. Cependant, la taxe sur les transactions financières fait encore l'objet de négociations entre les Etats Membres de l'Union Européenne y participant. D'autres Etats Membres de l'Union Européenne peuvent décider d'y participer. En outre, la date de promulgation de la taxe sur les transactions financières est actuellement incertaine tout comme la date d'entrée en vigueur de la taxe pour ce qui concerne les opérations effectuées sur les Titres.

#### Risques liés à la Loi sur le Redressement et la Résolution des Défaillance des Etablissements et des Groupes Financiers, au Règlement UE instaurant un Mécanisme de Résolution Unique et à la proposition d'un nouveau règlement européen sur la séparation obligatoire de certaines activités bancaires

La Loi sur le Redressement et la Résolution des Défaillance des Etablissements et des Groupes Financiers (*Gesetz zur Sanierung und Abwicklung von Instituten und Finanzgruppen – SAG*) – qui est la transposition en droit allemand du cadre européen pour un régime de redressement et de résolution des défaillances des établissements de crédit et des entreprises d'investissement (Directive 2014/59/EU, la "**Directive sur le Redressement et la Résolution des Banques**" ou "**BRRD**") pourra donner lieu à des demandes de paiement en principal, intérêt ou tous autres montants au titre des Titres faisant l'objet d'une conversion en un ou plusieurs instruments qui constituent des fonds propres de catégorie 1 pour l'Emetteur, tels que des actions ordinaires, ou une réduction de capital permanente, y compris à zéro, suite à l'intervention de l'autorité de résolution compétente. Chacune de ces mesures est définie comme un "**Renflouement Interne Réglementaire**". Les porteurs des Titres n'auront aucun droit à l'encontre de l'Emetteur dans un tel cas et l'Emetteur n'aura aucune obligation d'effectuer des paiements au titre des Titres. Ceci aura lieu si l'Emetteur devient ou, est considéré par l'autorité de résolution compétente comme étant devenu, "non viable" (tel que défini dans la loi alors applicable) et incapable de poursuivre ses activités réglementées sans cette conversion ou annulation ou sans une injection de capital du secteur public. L'autorité de résolution devra exercer son pouvoir de façon à ce que (i) les instruments de fonds propre de catégorie 1 (tels que les actions ordinaires de l'Emetteur) soient tout d'abord annulés proportionnellement aux pertes concernées, (ii) puis, le montant en principal des autres instruments de capital (les instruments de capital de catégorie 1 et les instruments de capital de catégorie 2 additionnels) soient annulés de façon permanente ou convertis en instruments de capital de catégorie 1 conformément à leur ordre de

priorité, (iii) puis, les créances éligibles – telles que celles au titre des Titres – soient converties en instruments de capital de catégorie 1 ou annulées de façon permanente selon un ordre de priorité défini. La mesure dans laquelle le montant en principal des Titres pourra faire l'objet d'un Renflouement Interne Réglementaire dépendra d'un nombre de facteurs qui sont en dehors du contrôle de l'Emetteur, et il sera difficile de prédire quand, le cas échéant, un Renflouement Interne Réglementaire interviendra. Les investisseurs potentiels doivent considérer le risque qu'ils peuvent perdre tout leur investissement, y compris le montant en principal plus les intérêts courus, si un Renflouement Interne Réglementaire intervient.

En outre, le Règlement UE instaurant un Mécanisme de Surveillance Unique (le "**Règlement MSU**") comprend des dispositions relatives aux plans de résolution, à l'intervention précoce, aux actions en résolution et aux instruments de résolution qui devraient entrer en vigueur à partir du 1<sup>er</sup> janvier 2016. Un système de prise de décision centralisé sera construit autour d'un Conseil de Surveillance Unique. Ce cadre devrait permettre d'assurer que, au lieu de plusieurs autorités de résolution nationales, il n'y ait qu'une seule autorité – i.e. le Conseil – qui prendra toutes les décisions applicables aux banques faisant partie de l'Union Bancaire.

Le 29 janvier 2014, la Commission Européenne a adopté une proposition pour une nouvelle séparation obligatoire de certaines activités bancaires qui, sur de nombreux aspects, est plus stricte que les exigences imposées dans le cadre de la loi allemande de séparation bancaire (sections 3(2)-(4), 25f, 64s de la Loi Bancaire Allemande (*Kreditwesengesetz* – KWG). Les banques européennes qui dépassent les seuils suivants durant trois années consécutives : a) la valeur totale des actifs est égale ou dépasse € 30 milliards ; b) la valeur totale des actifs et passifs de son portefeuille de négociation est égale ou dépasse € 70 milliards ou 10 % de la valeur totale des actifs, seront automatiquement interdites d'engager des activités de négociation pour compte propre définies de façon étroite comme des activités n'ayant aucune finalité de couverture ou aucun lien avec les besoins des clients. De plus, ces banques seront également interdites d'investissements dans, ou de détention de, parts de fonds spéculatifs, ou d'entités ayant une activité de négociation pour compte propre ou qui parrainent des fonds spéculatifs. Les autres activités bancaires de négociation et d'investissement – y compris la tenue de marché, le prêt aux fonds de capital-risque et de capital-investissement, l'investissement et le parrainage d'opérations de titrisation complexes, la vente et la négociation de produits dérivés – ne sont pas interdites, mais pourraient faire l'objet d'une séparation. L'interdiction de la négociation pour compte propre devrait être appliquée à partir du 1<sup>er</sup> janvier 2017 et la séparation effective des autres activités de négociation devrait s'appliquer à partir du 1<sup>er</sup> juillet 2018. Dans le cas où une séparation obligatoire devait être imposée, des coûts supplémentaires ne sont pas exclus, en termes d'augmentation des coûts de financement, d'exigences supplémentaires de fonds propres et de coûts opérationnels en raison de la séparation et de l'absence de bénéfices tirés de la diversification.

#### Retenues liées à la loi américaine "*Foreign Account Tax Compliance*"

L'Emetteur pourrait devoir procéder à des retenues à la source au

---

taux de 30 % sur la totalité, ou une partie, des paiements réalisés après le 31 décembre 2016 au titre (i) des Titres émis ou significativement modifiés après la date tombant six mois après la date à laquelle les règlements définitifs applicables aux "*foreign passthru payments*" sont déposés au Registre Fédéral, (ii) des Titres émis ou significativement modifiés après la date tombant six mois après la date à laquelle des obligations de leur nature sont traités pour la première fois comme donnant lieu à des équivalents de dividende ou (ii) des Titres traités comme du capital pour les besoins des impôts fédéraux américains, quelle que soit leur date d'émission, aux termes de certaines dispositions communément appelées "*Foreign Account Tax Compliance Act*".

#### Effet d'une baisse de notation

La valeur des Titres pourrait être affectée par les notes données à l'Emetteur par les agences de notation. Toute baisse de la notation de l'Emetteur ne serait-ce que par l'une de ces agences de notation pourrait entraîner une réduction de la valeur des Titres.

#### Ajustements et résiliation exceptionnelle

L'Emetteur sera en droit de réaliser des ajustements ou de résilier et rembourser les Titres de manière anticipée si certaines conditions sont remplies. Ceci peut avoir un effet négatif sur la valeur des Titres. Si les Titres sont résiliés, le montant dû aux porteurs de Titres en cas de résiliation exceptionnelle des Titres peut être inférieur au montant que les porteurs de Titres auraient reçu en l'absence de cette résiliation exceptionnelle.

#### Perturbation de marché

L'Emetteur peut déterminer des cas de perturbation de marché qui pourraient retarder un calcul et/ou tout paiement au titre des Titres et qui pourraient affecter la valeur des Titres. En outre, dans certains cas mentionnés, l'Emetteur peut estimer certains prix qui sont pertinents au regard des paiements devant être réalisés ou de seuils devant être atteints. Ces estimations peuvent s'écarter de leur valeur réelle.

#### Substitution de l'Emetteur

Si les conditions sont remplies, l'Emetteur pourra à tout moment, sans devoir obtenir l'accord des porteurs de Titres, désigner une autre société en qualité de nouvel Emetteur aux fins d'exécuter à sa place toutes les obligations découlant des Titres ou s'y rapportant. Dans ce cas, le porteur des Titres assumera généralement également le risque d'insolvabilité du nouvel Emetteur.

#### Facteurs de risques liés au Sous-Jacent

Les Titres dépendent de la valeur du Sous-Jacent et des risques liés à ce Sous-Jacent. La valeur du Sous-Jacent est fonction d'un certain nombre de facteurs qui peuvent être liés entre eux. Ces facteurs peuvent inclure des événements de nature économique, financière et politique échappant au contrôle de l'Emetteur. Les performances antérieures d'un Sous-Jacent ne doivent pas être considérées comme un indicateur de ses performances futures pendant la durée des Titres.

### Risque en cas de remboursement

L'investisseur supporte le risque que pendant la Période de Surveillance le prix du Sous-Jacent soit **au moins une fois égal ou inférieur** à la Barrière. Dans ce cas, l'investisseur ne recevra **pas** le Montant Bonus comme montant minimum mais un montant par Titre qui dépendra du Prix de Référence du Sous-Jacent à la Date d'Evaluation. Dans ce cas il est possible que le montant payable soit inférieur au prix auquel l'investisseur a acheté les Titres. Plus le Prix de Référence du Sous-Jacent à la Date d'Evaluation est faible et ainsi le montant payable, plus la perte est importante. Pire scénario : le Prix de Référence du Sous-Jacent à la Date d'Evaluation tombe à zéro ce qui entraînera une **perte totale** du capital investi.

A aucun moment l'investisseur ne recevra un montant qui excédera le Montant Maximum.

### Risques si l'investisseur à l'intention de vendre ou doit vendre les Titres pendant leur durée :

#### *Risque de valeur de marché :*

Le prix de vente réalisable avant la Date d'Exercice pourrait être significativement inférieur au prix d'acquisition payé par l'investisseur.

La valeur de marché des Titres dépend principalement de la performance du Sous-Jacent, sans la reproduire exactement. En particulier, les facteurs suivants peuvent avoir un effet défavorable sur le prix de marché des Titres :

- Changements dans l'intensité attendue de la variation du Sous-Jacent (volatilité)
- Evolution du taux d'intérêt
- Durée restante des Titres
- Evolutions des dividendes de l'Action

Chacun de ces facteurs pourrait produire en lui-même un effet ou renforcer ou annuler les autres.

#### *Risques de négociation :*

L'Emetteur n'est ni tenu de fournir des prix d'achat et de vente des Titres sur une base continue (i) sur les bourses sur lesquelles les Titres sont admis à la négociation ou (ii) sur une base hors bourse (OTC) ni de racheter des Titres. Même si l'Emetteur fournit généralement des prix d'achat et de vente, dans le cas de conditions de marché exceptionnelles ou de problèmes techniques, la vente et l'achat des Titres pourrait être temporairement limitée ou impossible.

**Section E – Offre**

<b>Elément</b>	<b>Description de l'Elément</b>	<b>Informations à inclure</b>
E.2b	Raisons de l'offre et l'utilisation du produit de celle-ci lorsqu'il s'agit de raison autres que la réalisation d'un bénéfice et/ou la couverture de certains risques	- sans objet – Réalisation d'un bénéfice
E.3	Description des modalités et des conditions de l'offre	COMMERZBANK offre à compter du 13 août 2015 des séries de Titres dont le volume et le prix d'émission initial par Titre figurent dans le tableau annexé au résumé
E.4	Tout intérêt, y compris les intérêts conflictuels, pouvant influencer sensiblement sur l'émission/l'offre	Les conflits d'intérêts suivants peuvent survenir dans le cadre de l'exercice des droits et/ou obligations de l'Emetteur conformément aux modalités des Titres (par exemple dans le cadre de la détermination ou de l'adaptation des paramètres des modalités), qui affectent les montants dus: <ul style="list-style-type: none"> <li>- réalisation d'opérations sur le Sous-Jacent</li> <li>- émission de produits dérivés supplémentaires relatifs au Sous-Jacent</li> <li>- relations d'affaires avec l'émetteur du Sous-Jacent</li> <li>- détention d'informations importantes (y compris non-publiques) sur le Sous-Jacent</li> <li>- le fait d'agir en tant que Teneur de Marché</li> </ul>
E.7	Estimation des dépenses facturées à l'investisseur par l'émetteur ou l'offreur	L'investisseur peut habituellement acheter les Titres à un prix d'émission fixe. Ce prix d'émission fixe contient tous les coûts supportés par l'Emetteur liés à l'émission et à la vente des Titres (par exemple coûts de distribution, coûts de structuration et de couverture ainsi que la marge bénéficiaire de Commerzbank).
