Terms and Conditions for Unlimited TURBO Warrants

The summary applicable for this issue of Securities is annexed to these Final Terms.

TERMS AND CONDITIONS

§ 1 FORM

1. The unlimited warrants (the "**Securities**") of each series issued by COMMERZBANK Aktiengesellschaft, Frankfurt am Main, Federal Republic of Germany (the "**Issuer**") will be issued in bearer dematerialised form (*dématérialisation*). Title to the Securities will be evidenced by book entries (*inscription en compte*) in accordance with the provisions of the French Monetary and Financial Code relating to Holding of Securities (currently, Articles L. 211-3 et seq. and R. 211-1 et seq. of the French Monetary and Financial Code). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French Monetary and Financial Code) will be issued in respect of the Securities.
2. Transfers of the Securities and other registration measures shall be made in accordance with the French Monetary and Financial Code, the regulations, rules and operating procedures applicable to and/or issued by Euroclear France S.A., 66 rue de la Victoire, 75009 Paris, French Republic (the "**Clearing System**"; the "**Clearing Rules**").
3. The term "**Securityholder**" in these Terms and Conditions refers to any person holding Securities through a financial intermediary entitled to hold accounts with the Clearing System on behalf of its customers (the "**Security Account Holder**") or, in the case of a Security Account Holder acting for its own account, such Security Account Holder.

§ 2 DEFINITIONS

For the purposes of these terms and conditions (the "**Terms and Conditions**"), the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

The "**Adjustment Amount**" shall change monthly on each Adjustment Day and shall then be applicable for the duration of the Adjustment Period beginning on such Adjustment Day. It shall be equal to the Strike on the Adjustment Day occurring within the relevant Adjustment Period, multiplied by the Adjustment Percentage valid during such Adjustment Period. With regard to the first Adjustment Period, the Strike on the Launch Date shall be used.

The "**Adjustment Day**" means the first calendar day in each month.

"**Adjustment Event**" means:

- (a) the adjustment of options or futures contracts relating to the Share at the Futures Exchange or the announcement of such adjustment;
- (b) any of the following actions taken by the issuer of the Share (the "**Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Company's reserves, issuance of securities with options or conversion rights related to the Share, distributions of extraordinary dividends, stock splits or any other splits, consolidation or alteration of category;
- (c) a spin-off of a part of the Company in such a way that a new independent entity is formed, or that the spun-off part of the Company is absorbed by another entity; or
- (d) any other event relating to the Share having a diluting or concentrative effect on the theoretical value of such Share.

The "**Adjustment Percentage**" applicable during an Adjustment Period shall be the sum of (i) the interest rate published on Reuters page USD1MD= (or a successor page thereto) on the

Adjustment Day (the "**Reference Interest Rate**") and (ii) the Risk Premium applicable during the relevant Adjustment Period, the result being divided by 365. The Adjustment Percentage (p.a.) for the first Adjustment Period shall be the percentage as set out in the Table of Product Details. "**Risk Premium**" means a percentage determined on an Adjustment Day for the Adjustment Period beginning on such Adjustment Day, which indicate the price of the risks taken over by the Issuer. The determination will be made by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Risk Premium (p.a.) for the first Adjustment Period shall be the percentage as set out in the Table of Product Details.

The respective Risk Premium for subsequent Adjustment Periods shall be published on the Issuer's website at www.warrants.commerzbank.com.

The "**Adjustment Period**" means the period of time commencing on the Launch Date until the first Adjustment Day (exclusive) and each subsequent period of time commencing on an Adjustment Day (inclusive) until the next following Adjustment Day (exclusive).

"**BGB**" means the German Civil Code (*Bürgerliches Gesetzbuch*).

"**Conversion Rate**" means the price of EUR 1.00 in USD, as actually traded on the *international interbank spot market* on the Valuation Date at such point in time at which the Reference Price of the Underlying is determined and published.

"**Extraordinary Event**" means:

- (a) the termination of trading in, or early settlement of, options or futures contracts relating to the Share at the Futures Exchange or the announcement of such termination or early settlement;
- (b) the termination of the listing of the Share on the Exchange due to a merger by absorption or by creation or due to any other reason, or the becoming known of the intention of the Company or the announcement of the Exchange that the listing of the Share at the Exchange will terminate immediately or at a later date and that the Share will not be admitted, traded or listed at any other exchange which is comparable to the Exchange (including the exchange segment, if applicable) immediately following the termination of the listing;
- (c) a procedure is introduced or ongoing pursuant to which all shares or the substantial assets of the Company are or are liable to be nationalized or expropriated or otherwise transferred to public agencies, authorities or organizations;
- (d) the application for insolvency proceedings or for comparable proceedings with regard to the assets of the Company according to the applicable law of the Company; or
- (e) any other event that is economically equivalent to the before-mentioned events with regard to their effects.

"**Exchange**" means the exchange or trading system as set out in the Table of Product Details.

"**Exchange Business Day**" means a day on which the Exchange and the Futures Exchange are open for trading during their respective regular trading sessions, notwithstanding the Exchange or Futures Exchange closing prior to its scheduled weekday closing time. Any trading or trading activities after or before the regular trading sessions on the Exchange or the Futures Exchange will not be taken into account.

"**Exercise Date**" means any last Payment Business Day in the months of December of each year commencing as of the month of December 2016.

"**Futures Exchange**" means the exchange or trading system with the highest trading volume of options or futures contracts relating to the Share. If options or futures contracts on the Share are not traded on any exchange, the Futures Exchange shall be the options or futures exchange

with the highest amount of options or futures contracts relating to shares of companies having their residence in the country in which the Company has its residence. If there is no options or futures exchange in the country in which the Company has its residence on which options or futures contracts on shares are traded, the Issuer will determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) and will make notification thereof in accordance with § 13.

"**Issue Currency**" or "**EUR**" means Euro.

"**Launch Date**" means 8 June 2016.

"**Market Disruption Event**" means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Share on the Exchange, or (b) any options or futures contracts relating to the Share on the Futures Exchange (if such options or futures contracts are traded on the Futures Exchange), provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The occurrence of a Market Disruption Event shall be published in accordance with § 13.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of termination of the trading hours on such date.

"**Monitoring Period**" means the period from the Launch Date to the Valuation Date (both dates including) at such point in time at which the Reference Price of the Underlying is determined and published.

"**Payment Business Day**" means a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (TARGET) and the Clearing System settle payments in the Issue Currency.

"**Reference Price**" means the price of the Share last determined and published by the Exchange on any relevant day (closing price).

The "**Strike**" shall change on each calendar day between the Launch Date and the relevant Valuation Date.

- (a) Subject to a Dividend Adjustment in accordance with paragraph (b), the Strike on each Adjustment Date will be equal to the Strike of the previous calendar day plus the Adjustment Amount being recalculated on such Adjustment Date.
- (b) On each Dividend Adjustment Date the Strike will be equal to the difference of the Strike determined in accordance with paragraph (a) for this Dividend Adjustment Date and the Dividend Impact ("**Dividend Adjustment**"). "**Dividend Adjustment Date**" means the day on which the Share is traded on the Exchange ex dividend for the first time. The "**Dividend Impact**" reflects the price adjustment to the Share due to a dividend payment. The Dividend Impact will be an amount determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) on the basis of the dividend payment considering taxes or other fees and costs.

The Strike on the Launch Date shall correspond to the strike as set out in the Table of Product Details.

The respective Strike shall in each case be published on the Issuer's website at www.warrants.commerzbank.com.

"**Table of Product Details**" means the table attached to these Terms and Conditions which contains the definitions in relation to each series of Securities.

"**Underlying**" or "**Share**" means the share as set out in the Table of Product Details.

"**Underlying Currency**" or "**USD**" means U.S. Dollar.

"**Valuation Date**" means the Exercise Date.

If on the Valuation Date there is no Reference Price or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Exchange Business Day on which there is a Reference Price and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for three consecutive Exchange Business Days, and if also on such day there is no Reference Price or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Issuer shall estimate the Reference Price of the Share in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 13.

§ 3 REDEMPTION

1. The Securities grant to the Securityholder the right (the "**Option Right**") to receive from the Issuer the payment of the Redemption Amount in accordance with the following paragraphs.
2. Subject to paragraph 3, each Security is redeemed by payment of an amount in the Issue Currency (the "**Redemption Amount**") which shall be equal to (i) the amount by which the Reference Price of the Underlying on the Valuation Date exceeds (in case of Type CALL) or is exceeded by (in case of Type PUT) the Strike applicable on the Valuation Date multiplied by (ii) the Ratio, the result being converted into the Issue Currency.

"**Ratio**" means the decimal figure as set out in the Table of Product Details.

"**Type**" means the type as set out in the Table of Product Details.

The conversion shall be made at the Conversion Rate.

3. If during the Monitoring Period the price of the Share as determined and published by the Exchange is at least once equal to or below (in case of Type CALL) or equal to or above (in case of Type PUT) the Knock-out Barrier (the "**Knock-out Event**"), the Option Right pursuant to paragraph 1 shall expire.

Subject to a Dividend Adjustment the "**Knock-out Barrier**" for the first Adjustment Period shall correspond to the knock-out barrier as set out in the in the Table of Product Details. For each additional Adjustment Period, the Knock-out Barrier shall be newly determined on the Adjustment Day falling within the relevant Adjustment Period, subject to a Dividend Adjustment. On each Dividend Adjustment Date the Knock-out Barrier will be adjusted by the Dividend Impact. The Issuer will determine it in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account the relevant prevailing market conditions (in particular, the volatility). The respective Knock-out Barrier shall in each case be published on the Issuer's website at www.warrants.commerzbank.com.

If a Knock-out Event occurs, the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero. The Redemption Amount will be published on the Issuer's website at www.warrants.commerzbank.com.

In that case, the Issuer shall pay the Redemption Amount to the Securityholders not later than on the fifth Payment Business Day following the day on which the Knock-out Event occurred.

4. In order to validly exercise the Option Right with respect to an Exercise Date the Securityholder is obliged to instruct the account holding bank to
 - (a) deliver a written exercise notice (the "**Exercise Notice**") via the account holding bank to the Paying Agent in the form available at the Paying Agent or by providing all information and statements requested therein;
 - (b) deliver the Securities via the account holding bank by crediting the Securities to the account of the Paying Agent with the Clearing System.

On the Exercise Date at or prior to 10.00 am (Frankfurt time) (i) the Exercise Notice has to be received by the Paying Agent and (ii) the Securities have to be booked at the account of the Paying Agent with the Clearing System.

5. The Exercise Notice shall be binding and irrevocable.

An Exercise Notice submitted with regard to a specific Exercise Date shall be void if the above-mentioned provisions are not fulfilled. Any Exercise Notice that is void in accordance with the preceding sentence shall not be treated as Exercise Notice relating to a later Exercise Date.

If the number of Securities stated in the Exercise Notice for which redemption is requested differs from the number of Securities transferred to the Paying Agent, the Exercise Notice shall be deemed submitted only with regard to the smaller number of Securities. Any excess Securities shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

6. Option Rights can only be exercised for the Minimum Exercise Number of Securities or for an integral multiple thereof.

Any exercise of less than the Minimum Exercise Number of Securities shall be void. Any exercise of more than the Minimum Exercise Number of Securities that is not an integral multiple thereof, shall be deemed to be an exercise of the next smaller number of Securities which is the minimum number or an integral multiple thereof. Securities exceeding the Minimum Exercise Number of Securities or an integral multiple thereof shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

"Minimum Exercise Number of Securities" is 1 (one) Security.

7. Following the valid exercise of the Option Right, the Redemption Amount shall be paid to the Securityholders not later than on the fifth Payment Business Day following the Valuation Date.

§ 4 ORDINARY TERMINATION BY THE ISSUER

1. The Issuer shall be entitled to ordinarily terminate the Securities in whole but not in part ("**Ordinary Termination**"), in each case with effect as of the last Payment Business Day of each month, for the first time with effect as of 29 July 2016 (any such day an "**Ordinary Termination Date**").
2. Any such Ordinary Termination must be announced at least 28 days prior to the Ordinary Termination Date in accordance with § 13. Such announcement shall be irrevocable and must state the Ordinary Termination Date.
3. In the case of an Ordinary Termination of the Securities each Securityholder shall receive a payment per Security as determined in accordance with the provisions of § 3 paragraph 2. In this respect, the Ordinary Termination Date shall in all respects supersede the Exercise Date.

4. Any amounts that are payable pursuant to these Terms and Conditions in the case of Ordinary Termination shall be paid to the Securityholders not later than on the fifth Payment Business Day following the Valuation Date.
5. The right of the Securityholders to request redemption of the Securities with effect as of the Exercise Dates preceding the relevant Ordinary Termination Date shall not be affected by such Ordinary Termination by the Issuer in accordance with this § 4.

§ 5 PAYMENTS

1. All amounts payable under these Terms and Conditions shall be rounded to the nearest EUR 0.0001 with EUR 0.00005 being rounded upwards.
2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment obligations under the Securities in the amount of such payment.
3. If any payment pursuant to these Terms and Conditions is to be made on a day that is not a Payment Business Day, payment shall be made on the next following Payment Business Day. In this case, the relevant Securityholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
4. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to § 9.

§ 6 ADJUSTMENTS

1. Upon the occurrence of an Adjustment Event or Extraordinary Event each of which has a material effect on the Share or the price of the Share, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to account for the economic effect of the Adjustment Event or Extraordinary Event on the Securities and to preserve, to the extent possible, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Adjustment Event or Extraordinary Event has occurred and whether such Adjustment Event or Extraordinary Event has a material effect on the Share or the price of the Share.
2. An Adjustment may result in:
 - (a) the replacement of the Share by another share and/or cash and/or any other compensation, in each case as stipulated with reference to in the relevant Adjustment Event or Extraordinary Event (a "**Replacement**"), and the determination of another stock exchange as the Exchange,

and/or
 - (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Adjustment Event or Extraordinary Event on the price of the Share;
 - (ii) the diluting or concentrative effect of an Adjustment Event or Extraordinary Event on the theoretical value of the Share; or

- (iii) any cash compensation or other compensation in connection with a Replacement;
- and/or
- (c) consequential amendments to the share related provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.
3. Adjustments shall correspond to the adjustments to options or futures contracts relating to the Share made by the Futures Exchange (a "**Futures Exchange Adjustment**").
- (a) If the Futures Exchange Adjustment results in the replacement of the Share by a basket of shares, the Issuer shall be entitled to determine that only the share with the highest market capitalisation on the Cut-off Date shall be the (replacement) Share for the purpose of the Securities, and to hypothetically sell the remaining shares in the basket on the first Exchange Business Day following the Cut-off Date at the first available price and hypothetically reinvest the proceeds immediately afterwards in the (replacement) Share by making an appropriate adjustment to the specified variables and values or the amounts payable under the Securities. If the determination of the share with the highest market capitalisation would result in an economic inappropriate Adjustment, the Issuer shall be entitled to select any other share of the basket of shares to be the (replacement) Share in accordance with the forgoing sentence. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.
 - (b) The Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments, in cases where:
 - (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to compensate for the economic effect thereof on the price of the Share; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.
 - (c) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to compensate for the economic effect thereof on the price of the Share.
4. Any reference made to the Share in these Terms and Conditions shall, if the context so admits, then refer to the replacement share. All related definitions shall be deemed to be amended accordingly.
5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures

Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.

6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 13.
7. Any Adjustment in accordance with this § 6 does not preclude a subsequent termination in accordance with § 7 paragraph 1 on the basis of the same event.

§ 7

EXTRAORDINARY TERMINATION RIGHTS OF THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Securities prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve the economic profile that the Securities had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Securities prematurely; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.

The Issuer may also freely elect to terminate the Securities prematurely in the case of a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Company as a consequence of a conversion or otherwise; all as determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer.

2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Issuer may freely elect to terminate the Securities prematurely. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Hedging Disruption has occurred.

The Issuer may also freely elect to terminate the Securities prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose any Shares or (B) it will incur materially increased costs in performing the Issuer's obligation under the Securities (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Change in Law has occurred.

3. Any extraordinary termination of the Securities shall be notified by the Issuer in accordance with § 13 within fourteen Exchange Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate an Exchange Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than seven Payment Business Days following the publication of the Extraordinary Termination Notice.
4. If the Securities are called for redemption, they shall be redeemed at an amount per Security that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Issuer shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account prevailing market conditions and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 290 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation

to the assumption and fulfilment of its obligations under the Securities (the "**Hedging Transactions**").

5. The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the tenth Payment Business Day following the Extraordinary Termination Date.

§ 8

FURTHER ISSUES OF SECURITIES, REPURCHASE OF SECURITIES

1. The Issuer reserves the right to issue from time to time without the consent of the Securityholders additional tranches of Securities with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Securities. The term "Securities" shall, in the event of such consolidation, also comprise such additionally issued securities.
2. The Issuer may at any time purchase Securities in the market or otherwise. Securities repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 9

TAXES

Payments in respect of the Securities shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

§ 10

STATUS

The obligations under the Securities constitute direct, unconditional and unsecured (*nicht dinglich besichert*) obligations of the Issuer and rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).

§ 11

PAYING AGENT

1. BNP Paribas Securities Services, a société en commandite par actions incorporated under the laws of France, registered with the Registre du commerce et des sociétés of Paris under number 552 108 011, the registered office of which is located at 3, rue d'Antin, 75002 Paris, France, acting through its office located at Les Grands Moulins de Pantin, 9 rue du Débarcadère, 93500 Pantin, France, shall be the paying agent (the "**Paying Agent**").
2. The Issuer shall be entitled at any time to appoint another bank of international standing as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 13.
3. The Paying Agent is hereby granted exemption from the restrictions of § 181 BGB and any similar restrictions of the applicable laws of any other country.

§ 12
SUBSTITUTION OF THE ISSUER

1. Any other company may assume at any time during the life of the Securities, subject to paragraph 2, without the Securityholders' consent all the obligations of the Issuer under and in connection with the Securities. Any such substitution and the effective date shall be notified by the Issuer in accordance with § 13.

Upon any such substitution, such substitute company (hereinafter called the "**New Issuer**") shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 12, each previous New Issuer) shall be released from its obligations hereunder and from its liability as obligor under the Securities.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on be deemed to refer to the New Issuer.

2. No such assumption shall be permitted unless
- (a) the New Issuer has agreed to assume all obligations of the Issuer under the Securities;
 - (b) the New Issuer has agreed to indemnify and hold harmless each Securityholder against any tax, duty, assessment or governmental charge imposed on such Securityholder in respect of such substitution;
 - (c) the Issuer (in this capacity referred to as the "**Guarantor**") has unconditionally and irrevocably guaranteed to the Securityholders compliance by the New Issuer with all obligations under the Securities;
 - (d) the New Issuer and the Guarantor have obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the Guarantor and/or the New Issuer are domiciled or the country under the laws of which they are organised.
3. Upon any substitution of the Issuer for a New Issuer, this § 12 shall apply again.

§ 13
NOTICES

Where these Terms and Conditions provide for a notice pursuant to this section, such notice shall be published on the website *www.warrants.commerzbank.com* (or on another website notified at least six weeks in advance by the Issuer in accordance with this section) and become effective vis-à-vis the Securityholder through such publication unless the notice provides for a later effective date. If and to the extent applicable law or regulations provide for other forms of publication, such publications shall be made merely in addition to the aforesaid publication.

Other publications with regard to the Securities are published on the website of the Issuer *www.commerzbank.com* (or any successor website).

§ 14
LIMITATION OF LIABILITY
PRESENTATION PERIODS AND PRESCRIPTION

1. The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent.
2. The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 15
FINAL CLAUSES

1. The Securities and the rights and duties of the Securityholders, the Issuer and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 which shall be governed by the laws of the French Republic.
2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Securityholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 13. Following such rescission by the Issuer, the Securityholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Securities to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Securities by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Securities delivered shall expire.
3. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Securities on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Securityholders together with the declaration of rescission in accordance with § 13. Any such offer shall be deemed to be accepted by a Securityholder and the rescission shall not take effect, unless the Securityholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 13 by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Securities to the account of the Paying Agent with the Clearing System pursuant to paragraph 2. The Issuer shall refer to this effect in the notification.
4. "**Issue Price**" within the meaning of paragraph 2 and 3 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Securityholder (as declared and proved by evidence in the request for repayment by the relevant Securityholder) and (ii) the weighted average (as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) of the traded prices of the Securities on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2. If a Market Disruption Event exists on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2, the last Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
5. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*)

(§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Securityholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Securityholders. Notice of any such correction or amendment shall be given to the Securityholders in accordance with § 13.

6. If the Securityholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Securities, then, notwithstanding paragraphs 2 - 5, the Securityholder can be bound by the Issuer to the corrected Terms and Conditions.
7. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 2 - 5 above.
8. Place of performance is Frankfurt am Main.
9. Place of jurisdiction for all disputes and other proceedings in connection with the Securities for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.
10. The English version of these Terms and Conditions shall be binding. Any translation is for convenience only.

Presentation Periods and Prescription

The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 German Civil Code (*Bürgerliches Gesetzbuch*) ("**BGB**")) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

- | | | |
|------|---|--|
| C.11 | Admission to trading on a regulated market or equivalent market | The Issuer intends to apply for the trading of each series of Securities on the regulated market(s) of Euronext Paris S.A. with effect from 8 June 2016. |
| C.15 | Influence of the Underlying on the value of the securities: | The payment of a Redemption Amount will to a significant extent depend upon the performance of the Underlying during the term of the Unlimited TURBO Securities. |

In detail:

If during the Monitoring Period the price of the Underlying has **never been equal to or below** (in case of Type CALL) or **equal to or above** (in case of Type PUT) the Knock-out Barrier, the investor will receive the Redemption Amount which shall be equal to (i) the amount by which the Reference Price of the Underlying on the Valuation Date exceeds (in case of Type CALL) or is exceeded by (in case of Type PUT) the Strike applicable on the Valuation Date multiplied by (ii) the Ratio, whereby the result will be converted into the Issue Currency.

If during the Monitoring Period the price of the Underlying has **at least once been equal to or below** (in case of Type CALL) or **equal to or above** (in case of Type PUT) the Knock-out Barrier (the "**Knock-out Event**"), the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero.

The Knock-out Barrier for the first Adjustment Period shall be set out in the table annexed to the summary. For each additional Adjustment Period, the Knock-out Barrier shall be newly determined. The Issuer will determine it in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account the relevant prevailing market conditions (in particular, the volatility).

The Strike shall change on each calendar day between the Launch Date and the relevant Valuation Date.

"Monitoring Period" means the period from the Launch Date to the Valuation Date (both dates including) at such point in time at which the Reference Price of the Underlying is determined and published.

The Type, the Ratio and the Strike on the Launch Date are stated in

the table annexed to the summary.

"Conversion Rate" means the price of EUR 1.00 in USD, as actually traded on the *international interbank spot market* on the Valuation Date at such point in time at which the Reference Price of the Underlying is determined and published.

Payment to the clearing system or pursuant to the clearing system's instructions shall release the Issuer from its payment obligations under the Securities in the amount of such payment.
C.19	Final Reference Price of the Underlying	The price of the Underlying last determined and published by the Exchange on the Valuation Date (closing price).
C.20	Type of the underlying and details, where information on the underlying can be obtained	<p>The assets underlying each series of the Securities are set out in the table annexed to the summary (each an "Underlying").</p> <p>Information on the Underlying in respect of each series of Securities are available on the website as set out in the in the table annexed to the Summary.</p>

Section D – Risks

The purchase of Securities is associated with certain risks. **The Issuer expressly points out that the description of the risks associated with an investment in the Securities describes only the major risks which were known to the Issuer at the date of the Base Prospectus.**

Element	Description of Element	Disclosure requirement
D.2	Key risks specific to the Issuer	Each Tranche of Securities entails an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that COMMERZBANK becomes temporarily or permanently unable to meet its obligations to pay interest and/or the redemption amount.

Furthermore, COMMERZBANK is subject to various risks within its business activities. Such risks comprise in particular the following types of risks:

Global Financial Market Crisis and Sovereign Debt Crisis

The global financial crisis and sovereign debt crisis, particularly in the eurozone, have had a significant material adverse effect on the Group's net assets, financial position and results of operations. There can be no assurance that the Group will not suffer further material adverse effects in the future, particularly in the event of a renewed escalation of the crisis. Any further escalation of the crisis within the European Monetary Union may have material adverse effects on the Group, which, under certain circumstances, may even threaten the Group's existence. The Group holds substantial volumes of sovereign debt. Impairments and revaluations of such sovereign debt to lower fair values have had material adverse effects on the Group's net assets, financial position and results of operations in the past, and may have further adverse effects in the future.

Macroeconomic Environment

The macroeconomic environment prevailing over the past few years has negatively affected the Group's results, and the Group's heavy dependence on the economic environment, particularly in Germany, may result in further substantial negative effects in the event of any renewed economic downturn.

Counterparty Default Risk

The Group is exposed to default risk (credit risk), including in respect of large individual commitments, large loans and commitments, concentrated in individual sectors, referred to as "bulk" risk, as well as loans to debtors that may be particularly affected by the sovereign debt crisis. The run-down of the ship finance portfolio and the Commercial Real Estate finance portfolio is exposed to considerable risks in view of the current difficult market environment and the volatility of ship prices and real estate prices and the default risk (credit risk) affected thereby, as well as the risk of substantial changes in the value of ships held as collateral directly owned, directly owned real estate and private and commercial real estate held as collateral. The Group has a substantial number of non-performing loans in its portfolio and defaults may not be sufficiently covered by collateral or by write-downs and provisions previously

taken.

Market Price Risks

The Group is exposed to market price risks in the valuation of equities and investment fund units as well as in the form of interest rate risks, credit spread risks, currency risks, volatility and correlation risks, commodity price risks.

Strategic Risks

There is a risk that the Group may not benefit from the strategic agenda or may be able to do so only in part or at higher costs than planned, and that the implementation of planned measures may not lead to the achievement of the strategic objectives sought to be obtained.

Risks from the Competitive Environment

The markets in which the Group is active, particularly the German market (and, in particular, the private and corporate customer business and investment banking activities) and the Polish market, are characterized by intense competition on price and on transaction terms, which results in considerable pressure on margins.

Liquidity Risks

The Group is dependent on the regular supply of liquidity and a market-wide or company-specific liquidity shortage can have material adverse effects on the Group's net assets, financial position and results of operations.

Operational Risks

The Group is exposed to a large number of operational risks including the risk that employees will enter into excessive risks on behalf of the Group or will violate compliance-relevant regulations while conducting business activities and thereby cause considerable losses to appear suddenly, which may also lead indirectly to an increase in regulatory capital requirements.

Risks from Goodwill Write-Downs

It is possible that the goodwill reported in the Group's consolidated financial statements and brand names will have to be fully or partly written down as a result of impairment tests.

Risks from Bank-Specific Regulation

Ever stricter regulatory capital and liquidity standards and procedural and reporting requirements may call into question the business model of a number of the Group's activities, adversely affect the Group's competitive position, reduce the Group's profitability, or make the raising of additional equity capital necessary. Other regulatory reforms proposed in the wake of the financial crisis, for example, requirements such as the bank levy, a possible financial transaction tax, the separation of proprietary trading from the deposit-taking business, or stricter disclosure and organizational obligations may materially influence the Group's business model and competitive environment.

Legal Risks

Legal disputes may arise in connection with COMMERZBANK's business activities, the outcomes of which are uncertain and which entail risks for the Group. For example, claims for damages on the grounds of flawed investment advice have led to substantial liabilities for the Group and may also lead to further substantial liabilities for the Group in the future. Payments and restoration of value claims have been asserted against COMMERZBANK and its subsidiaries, in some cases also in court, in connection with profit participation certificates and trust preferred securities they have issued. The outcome of such proceedings may have material adverse effects on the Group that go beyond the claims asserted in each case. Regulatory, supervisory and judicial proceedings may have a material adverse effect on the Group. Proceedings brought by regulators, supervisory authorities and prosecutors may have material adverse effects on the Group.

D.6 Key information on the key risks that are specific to the securities

No secondary market immediately prior to termination

The market maker and/or the exchange will cease trading in the Securities no later than shortly before their termination date. However, between the last trading day and the Valuation Date the price of the Underlying and/or the currency exchange rate both of which are relevant for the Securities may still change. This may be to the investor's disadvantage.

In addition, there is a risk that a barrier, which is stipulated in the terms and conditions, is reached, exceeded or breached in another way for the first time prior to termination after secondary trading has already ended.

Securities are unsecured obligations (Status)

The Securities constitute unconditional obligations of the Issuer. They are neither secured by the Deposit Protection Fund of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) nor by the German Deposit Guarantee and Investor Compensation Act (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). This means that the investor bears the risk that the Issuer cannot or only partially fulfil the attainments due under the Securities. Under these circumstances, a total loss of the investor's capital might be possible.

The proposed Financial Transactions Tax (FTT)

The European Commission has proposed a common financial transactions tax (FTT) to be implemented in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia. However, Estonia has since stated that it will not participate. The proposed financial transactions tax could apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. However, the financial transactions tax is still subject to negotiation between the participating EU Member States. Additional EU Member States may decide to participate. Furthermore, it is currently uncertain when the financial transactions tax will be enacted and when the tax will enter into force with regard to dealings with the Securities.

Risks in connection with the Act on the Recovery and Resolution of Institutions and Financial Groups, with the EU Regulation establishing a Single Resolution Mechanism, and with the proposal for a new EU regulation on the mandatory separation of certain banking activities

The Act on the Recovery and Resolution of Institutions and Financial Groups (*Gesetz zur Sanierung und Abwicklung von Instituten und Finanzgruppen – SAG*) – which is the transposition into German law of the EU framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU, the "**Bank Recovery and Resolution Directive**" or "**BRRD**") may result inter alia, in the terms of the Securities (e.g. their maturity) being varied, and claims for payment of principal, interest or other amounts under the Securities being subject to a conversion into one or more instruments that constitute common equity tier 1 capital for the Issuer, such as ordinary shares, or a permanent reduction, including to zero, by intervention of the competent resolution authority. Each of these measures is hereinafter referred to as a "**Regulatory Bail-in**". The holders of Securities would have no claim against the Issuer in such a case and there would be no obligation of Issuer to make payments under the Securities. This would occur if the Issuer becomes, or is deemed by the competent supervisory authority to have become, "non-viable" (as defined under the then applicable law) and unable to continue its regulated activities without such conversion or write-down or without a public sector injection of capital. The resolution authority will have to exercise its power in a way that results in (i) common equity tier 1 capital instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) thereafter, the principal amount of other capital instruments (additional tier 1 capital instruments and tier 2 capital instruments) being written down on a permanent basis or converted into common equity tier 1 capital instruments in accordance with their order of priority and (iii) thereafter, eligible liabilities – as those under the Securities – being converted into common equity tier 1 capital instruments or written down on a permanent basis in accordance with a set order of priority. The extent to which the Securities may be subject to a Regulatory Bail-in will depend on a number of factors that are outside the Issuer's control, and it will be difficult to predict when, if at all, a Regulatory Bail-in will occur. Potential investors should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest if a Regulatory Bail-in occurs. Financial public support will normally only be available as a last resort after having assessed and exploited, to the maximum extent practicable, the resolution tools, including the Regulatory Bail-in.

Further, the EU Regulation establishing a Single Resolution Mechanism ("**SRM Regulation**") contains provisions relating to resolution planning, early intervention, resolution actions and resolution instruments. This framework will ensure that, instead of national resolution authorities, there will be a single authority – i.e. the Single Resolution Board – which will take all relevant decisions for banks being part of the Banking Union.

On 29 January 2014, the European Commission adopted a proposal for a new mandatory separation of certain banking activities that is in many respects stricter than the requirements under the German bank separation law (sections 3(2)-(4), 25f, 64s of the German

Banking Act (*Kreditwesengesetz* – KWG). European banks that exceed the following thresholds for three consecutive years: a) total assets are equal or exceed €30 billion; b) total trading assets and liabilities are equal or exceed €70 billion or 10% of their total assets, will be automatically banned from engaging in proprietary trading defined narrowly as activities with no hedging purposes or no connection with customer needs. In addition, such banks will be prohibited also from investing in or holding shares in hedge funds, or entities that engage in proprietary trading or sponsor hedge funds. Other trading and investment banking activities - including market-making, lending to venture capital and private equity funds, investment and sponsorship of complex securitisation, sales and trading of derivatives – are not subject to the ban, however they might be subject to separation. The proprietary trading ban would apply as of 1 January 2017 and the effective separation of other trading activities would apply as of 1 July 2018. Should a mandatory separation be imposed, additional costs are not ruled out, in terms of higher funding costs, additional capital requirements and operational costs due to the separation, lack of diversification benefits.

U.S. Foreign Account Tax Compliance Act Withholding

The Issuer may be required to withhold tax at a rate of 30% on all, or a portion of, payments made after 31 December 2018 in respect of (i) Securities issued or materially modified after the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register, (ii) Securities issued or materially modified after the date that is six months after the date on which obligations of their type are first treated as giving rise to dividend equivalents, or (iii) Securities treated as equity for U.S. federal tax purposes, whenever issued, pursuant to certain provisions commonly referred to as the "Foreign Account Tax Compliance Act".

U.S. Hiring Incentives to Restore Employment Act Withholding

The Issuer or any withholding agent may be required to withhold tax at a rate of up to 30% on U.S. "dividend equivalent amounts" that are paid or "deemed paid" under certain financial instruments issued after 31 December 2016, if certain conditions are met.

Impact of a downgrading of the credit rating

The value of the Securities could be affected by the ratings given to the Issuer by rating agencies. Any downgrading of the Issuer's rating by even one of these rating agencies could result in a reduction in the value of the Securities.

Adjustments and Extraordinary Termination

The Issuer shall be entitled to perform adjustments or to terminate and redeem the Securities prematurely if certain conditions are met. This may have a negative effect on the value of the Securities. If the Securities are terminated, the Redemption Amount paid to the holders of the Securities in the event of the extraordinary termination of the Securities may be lower than the amount the holders of the Securities would have received without such extraordinary termination.

Disruption Events

The Issuer is entitled to determine disruption events (e.g. market disruption events) that might result in a postponement of a calculation and/or of any attainments under the Securities and that might affect the value of the Securities. In addition, in certain cases stipulated, the Issuer may estimate certain prices that are relevant with regard to attainments or the reaching of thresholds. These estimates may deviate from their actual value.

Substitution of the Issuer

If the conditions are met, the Issuer is entitled at any time, without the consent of the holders of the Securities, to appoint another company as the new Issuer with regard to all obligations arising out of or in connection with the Securities in its place. In that case, the holder of the Securities will generally also assume the insolvency risk with regard to the new Issuer.

Risk factors relating to the Underlying

The Securities depend on the value of the Underlying and the risk associated with this Underlying. The value of the Underlying depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control. The past performance of an Underlying or a component of the Underlying should not be regarded as an indicator of its future performance during the term of the Securities.

Risk upon exercise

The investor bears the risk that the Redemption Amount payable on the Exercise Date is below the purchase price of the Security. The lower (in case of Type CALL) or higher (in case of Type PUT) the Reference Price of the Underlying on the Valuation Date the greater the loss.

If during the Monitoring Period the price of the Underlying is at least once equal to or below (in case of Type CALL) or equal to or above (in case of Type PUT) the Knock-out Barrier (the "**Knock-out Event**"), the Securities shall expire without requiring any further action on behalf of the Securityholder. In such case the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero. **The Securityholder will incur a loss that will almost correspond to the full purchase price paid for the Security (total loss).**

In addition, the investor bears a currency exchange risk as the amounts that are not expressed in the Issue Currency will be converted at the currency exchange rate on the Valuation Date.

Risks if the investor intends to sell or must sell the Securities:

Market value risk:

The achievable sale price could be significantly lower than the purchase price paid by the investor.

The market value of the Securities mainly depends on the

performance of the Underlying, without reproducing it accurately. In particular, the following factors may have an adverse effect on the market price of the Securities:

- Changes in the expected intensity of the fluctuation of the Underlying (volatility)
- Interest rate development
- Adverse changes of the currency exchange rates
- Development of the dividends of the Share

Each of these factors could have an effect on its own or reinforce or cancel each other.

Trading risk:

The Issuer is neither obliged to provide purchase and sale prices for the Securities on a continuous basis on (i) the exchanges on which the Securities may be listed or (ii) an over the counter (OTC) basis nor to buy back any Securities. Even if the Issuer generally provides purchase and sale prices, in the event of extraordinary market conditions or technical troubles, the sale or purchase of the Securities could be temporarily limited or impossible.

|------|---|--|
| C.11 | Admission à la négociation sur un marché réglementé ou un marché équivalent | L'Emetteur a l'intention de demander l'admission à la négociation de chaque série de Titres sur le(s) marché(s) réglementé(s) de Euronext Paris S.A. avec effet au 08 juin 2016. |
| C.15 | Influence du Sous-Jacent sur la valeur des titres : | Le paiement d'un Montant de Remboursement dépendra dans une large mesure de la performance du Sous-Jacent pendant la durée des Titres TURBO Illimités. |

En détail :

Si pendant la Période de Surveillance le prix du Sous-Jacent **n'a jamais été égal ou inférieur** (dans le cas du Type CALL) ou **égal ou supérieur** (dans le cas du Type PUT) à la Barrière de Désactivation, l'investisseur recevra le Montant de Remboursement qui sera égal (i) à la différence (si elle est positive) entre le Prix de Référence du Sous-Jacent à la Date d'Evaluation et le Prix d'Exercice (dans le cas du Type CALL) ou entre le Prix d'Exercice et le Prix de Référence du Sous-Jacent à la Date d'Evaluation (dans le cas du Type PUT) le Prix d'Exercice applicable à la Date d'Evaluation multiplié par (ii) le Ratio, par lequel le résultat sera converti en la Devise d'Emission

Si pendant la Période de Surveillance le prix du Sous-Jacent **a été au moins une fois égal ou inférieur** (dans le cas du Type CALL) ou **égal ou supérieur** (dans le cas du Type PUT) à la Barrière de Désactivation (le "**Cas de Désactivation**"), le Montant de Remboursement déterminé à la discrétion raisonnable de l'Emetteur (*billiges Ermessen*) (§ 315 du BGB) pourra être de zéro.

La Barrière de Désactivation pour la première Période d'Ajustement figurera dans le tableau annexé au résumé. Pour chaque Période d'Ajustement supplémentaire, la Barrière de Désactivation devra être à nouveau déterminée. L'Emetteur la déterminera à sa discrétion raisonnable (*billiges Ermessen*) (§ 315 du BGB) en tenant compte des conditions de marché applicables qui prévalent (en particulier, la volatilité).

Le Prix d'Exercice variera chaque jour calendaire entre la Date de Lancement et la Date d'Evaluation applicable.

"**Période de Surveillance**" désigne la période de la Date de

Lancement) à la Date d'Evaluation (ces deux dates incluses) au moment auquel le Prix de Référence du Sous-Jacent est déterminé et publié.

Le Type, le Ratio et le Prix d'Exercice sont indiqués dans le tableau annexé au résumé.

"Taux de Conversion" désigne le prix de EUR 1,00 en USD, tel qu'effectivement négocié sur le marché interbancaire international *spot* à la Date d'Evaluation, auquel le Prix de Référence du Sous-Jacent est déterminé et publié.

C.16	Date d'Evaluation	Date d'Exercice
	Date d'Exercice	La Date d'Exercice respective demandée par le Porteur de Titre.
C.17	Description de la procédure de règlement des titres	Chaque série de Titres vendue sera livrée à la Date de Paiement conformément aux pratiques de marché locales via le système de compensation.
C.18	Procédure de livraison (compensation à la Date d'Exercice)	Tous les montants dus au titre des Titres devront être payés à l'Agent Payeur pour un transfert au système de compensation ou conformément aux instructions du système de compensation au crédit des teneurs de compte concernés aux dates mentionnées dans les modalités applicables. Le paiement au système de compensation ou conformément aux instructions du système de compensation libérera l'Emetteur de ses obligations de paiement au titre des Titres à hauteur du montant du paiement.
C.19	Prix de Référence Final du Sous-Jacent	Le prix du Sous-Jacent tel que déterminé et publié pour la dernière fois par la Bourse à la Date d'Evaluation (prix de clôture).
C.20	Type de sous-jacent et détails, où l'information sur le sous-jacent peut être trouvée	Les actifs sous-jacents de chaque série de Titres figurent dans le tableau annexé au résumé (chacun un " Sous-Jacent "). Les informations sur le Sous-Jacent pour chaque série de Titres sont disponibles sur les sites internet qui figurent dans le tableau annexé au Résumé.

Section D – Risques

L'achat des Titres comporte certains risques. **L'Emetteur indique expressément que la description des risques liés à un investissement dans les Titres présente seulement les risques principaux qui étaient connus de l'Emetteur à la date du Prospectus de Base.**

Elément	Description de l'élément	Informations à inclure
D.2	Principaux risques propres à l'Emetteur	Chaque Tranche de Titres comporte un risque émetteur, également appelé risque débiteur ou risque de crédit pour les investisseurs potentiels. Un risque émetteur est le risque que COMMERZBANK devienne temporairement ou définitivement incapable de respecter ses obligations de payer les intérêts et/ou le montant de remboursement.

En outre, COMMERZBANK est soumise à divers risques au sein de ses activités commerciales. De tels risques comprennent en particulier les types de risques suivants :

Crise financière mondiale et crise de la dette souveraine

La crise financière mondiale et la crise de la dette souveraine, en particulier au sein de la zone euro, ont eu un effet défavorable significatif sur l'actif, sur la situation financière et sur les résultats d'exploitation du Groupe. Il n'y a aucune assurance que le Groupe ne souffrira pas d'effets défavorables significatifs supplémentaires à l'avenir, en particulier dans l'hypothèse d'une nouvelle aggravation de la crise. Toute aggravation supplémentaire de la crise au sein de l'Union Monétaire Européenne peut avoir des effets défavorables significatifs sur le Groupe qui pourraient, dans certaines circonstances, menacer l'existence même du Groupe. Le Groupe détient des volumes significatifs de dette souveraine. Les dépréciations et les réévaluations de cette dette souveraine à une juste valeur plus faible ont eu dans le passé des effets défavorables significatifs sur l'actif, sur la situation financière et sur les résultats d'exploitation du Groupe, et pourraient avoir des effets défavorables supplémentaires à l'avenir.

Environnement macroéconomique

L'environnement macroéconomique qui prévaut depuis les dernières années a affecté défavorablement les résultats du Groupe et la forte dépendance du Groupe à l'environnement économique, notamment en Allemagne, peut conduire à des effets négatifs importants supplémentaires dans le cas de tout nouveau ralentissement économique.

Risque de défaut de contrepartie

Le Groupe est soumis au risque de défaut (risque de crédit), notamment en ce qui concerne des engagements individuels importants, des prêts et engagements importants, concentrés sur des secteurs particuliers, appelé risque de "masse", ainsi qu'en ce qui concerne des prêts consentis à des débiteurs pouvant être particulièrement affectés par la crise de la dette souveraine. Le désengagement du portefeuille de financement maritime et du portefeuille de financement Immobilier Commercial est soumis à des risques considérables compte tenu de l'environnement de marché actuel difficile et de la volatilité des prix des navires et des prix de

l'immobilier et du risque de défaut (risque de crédit) qui en est affecté, ainsi que du risque de changements importants de la valeur des navires détenus à titre de sûreté, des actifs immobiliers détenus directement et des actifs immobiliers privés et commerciaux détenus à titre de sûreté. Le Groupe a un nombre important de prêts non-productifs dans son portefeuille, et il est possible que des défauts ne soient pas suffisamment couverts par des sûretés ou par des dépréciations et dotations aux provisions précédemment effectuées.

Risques de prix de marché

Le Groupe est exposé à un risque de prix de marché lié à la valorisation des titres de capital et des parts de fonds d'investissement ainsi que sous la forme de risques de taux d'intérêt, de risques de différentiel de taux, de risques de change, de risques de volatilité et de corrélation, de risques liés au prix des matières premières.

Risques stratégiques

Il existe un risque que le Groupe ne puisse pas tirer profit de ses plans stratégiques ou qu'il ne puisse les mettre en œuvre que partiellement ou à des coûts supérieurs à ceux envisagés et que la mise en œuvre des mesures envisagées ne débouche pas sur la réalisation des objectifs stratégiques recherchés.

Risques liés à l'environnement concurrentiel

Les marchés dans lesquels le Groupe est actif, en particulier le marché allemand (et, tout particulièrement, les activités avec la clientèle de particuliers et d'entreprises ainsi que les activités de banque d'investissement) et le marché polonais, sont caractérisés par une concurrence intense en termes de prix et de conditions, ce qui entraîne une pression considérable sur les marges.

Risques de liquidité

Le Groupe est dépendant d'un approvisionnement régulier de liquidités et une pénurie de liquidités sur le marché ou relative à une entreprise en particulier peut avoir un effet défavorable significatif sur l'actif net du Groupe, sa situation financière et ses résultats d'exploitation.

Risques opérationnels

Le Groupe est exposé à un grand nombre de risques opérationnels dont notamment le risque que des salariés fassent souscrire des risques excessifs au nom du Groupe ou violent les règles de conformité en conduisant des activités et provoquant ainsi des pertes considérables apparaissant brusquement, ce qui pourrait indirectement entraîner une augmentation des exigences réglementaires en matière de fonds propres.

Risques liés aux Ecarts d'Acquisition

Il est possible que les écarts d'acquisition reportés dans les comptes consolidés et les dénominations commerciales du Groupe doivent faire l'objet d'une dépréciation totale ou partielle en conséquence de tests de dépréciations.

Risques liés à la réglementation bancaire

Les exigences toujours plus strictes relatives aux fonds propres et à la liquidité et en termes de procédures et de reporting sont susceptibles de mettre en cause le modèle économique d'un certain nombre d'activités du Groupe, d'affecter défavorablement la position concurrentielle du Groupe, de réduire la rentabilité du Groupe ou de rendre nécessaire la levée de fonds propres additionnels. D'autres réformes réglementaires proposées à la suite de la crise financière, telles que, par exemple, des exigences comme la taxe bancaire, une éventuelle taxe sur les transactions financières, la séparation de l'activité de négociation pour compte propre de l'activité de banque de dépôts ou des obligations d'information et d'organisation plus strictes, peuvent influencer de façon importante le modèle d'entreprise du Groupe et son environnement concurrentiel.

Risques juridiques

Les activités de COMMERZBANK peuvent donner lieu à des contentieux, dont l'issue est incertaine et qui entraînent des risques pour le Groupe. A titre d'exemple, des demandes de dommages-intérêts fondées sur des conseils en investissement erronés ont entraîné des responsabilités importantes pour le Groupe et peuvent également à l'avenir entraîner de nouvelles responsabilités pour le Groupe. Des demandes de paiement et de restitution de valeurs ont été engagées à l'encontre de COMMERZBANK et ses filiales, y compris dans certains cas devant les tribunaux, liées aux titres participatifs et aux "*trust-preferred securities*" émis par COMMERZBANK et ses filiales. L'issue de ces procédures pourrait avoir un effet négatif significatif sur le Groupe, qui va au-delà des prétentions formulées au titre de chaque réclamation. Les procédures introduites par les régulateurs, les autorités de tutelle et les ministères publics peuvent avoir des effets défavorables significatifs sur le Groupe.

D.6 Informations clés concernant les principaux risques propres aux titres

Absence de marché secondaire immédiatement avant la résiliation

Le teneur de marché et/ou la bourse mettront fin à la négociation des Titres au plus tard peu de temps avant leur date de résiliation. Cependant, entre le dernier jour de négociation et la Date d'Evaluation, le prix du Sous-Jacent et/ou le taux de change, qui sont tous les deux pertinents pour les Bons d'Option, pourront encore évoluer. Ceci peut désavantager l'investisseur.

En outre, il y a un risque qu'une barrière, qui est mentionnée dans les termes et conditions, soit atteinte, dépassée ou non respectée d'une autre manière pour la première fois avant la résiliation alors que le marché secondaire a déjà pris fin.

Les Titres sont des obligations non garanties (Statut)

Les Titres constituent des obligations inconditionnelles de l'Emetteur. Elles ne sont ni assurées par le Fonds de Protection des Dépôts de l'Association des Banques Allemandes (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) ni par la loi allemande sur les dépôts et l'indemnisation des investisseurs (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). Cela signifie que l'investisseur supporte le risque que l'Emetteur ne puisse honorer ses engagements au titre des Titres ou uniquement en partie. Dans ces circonstances, l'investisseur

pourrait supporter une perte totale du capital investi.

La proposition de Taxe sur les Transactions Financières (TTF)

La Commission Européenne a proposé une taxe commune sur les transactions financières (TTF) devant être mise en place en Belgique, en Allemagne, en Estonie, en Grèce, en Espagne, en France, en Italie, en Autriche, au Portugal, en Slovaquie et en Slovaquie. Cependant, l'Estonie a depuis lors indiqué qu'elle n'y participera pas. La taxe proposée sur les transactions financières pourrait s'appliquer à certaines opérations sur les Titres (y compris sur les opérations sur marché secondaire) dans certaines circonstances. Cependant, la taxe sur les transactions financières fait encore l'objet de négociations entre les Etats Membres de l'Union Européenne y participant. D'autres Etats Membres de l'Union Européenne peuvent décider d'y participer. En outre, la date de promulgation de la taxe sur les transactions financières est actuellement incertaine tout comme la date d'entrée en vigueur de la taxe pour ce qui concerne les opérations effectuées sur les Titres.

Risques liés à la Loi sur le Redressement et la Résolution des Défaillance des Etablissements et des Groupes Financiers, au Règlement UE instaurant un Mécanisme de Résolution Unique et à la proposition d'un nouveau règlement européen sur la séparation obligatoire de certaines activités bancaires

La Loi sur le Redressement et la Résolution des Défaillance des Etablissements et des Groupes Financiers (*Gesetz zur Sanierung und Abwicklung von Instituten und Finanzgruppen – SAG*) – qui est la transposition en droit allemand du cadre européen pour un régime de redressement et de résolution des défaillance des établissements de crédit et des entreprises d'investissement (Directive 2014/59/EU, la "**Directive sur le Redressement et la Résolution des Banques**" ou "**BRRD**") pourra donner lieu, notamment, à la modification des modalités des Titres (e.g. leur maturité), et à des demandes de paiement en principal, intérêt ou tous autres montants au titre des Titres faisant l'objet d'une conversion en un ou plusieurs instruments qui constituent des fonds propres de catégorie 1 pour l'Emetteur, tels que des actions ordinaires, ou une réduction de capital permanente, y compris à zéro, suite à l'intervention de l'autorité de résolution compétente. Chacune de ces mesures est définie comme un "**Renflouement Interne Réglementaire**". Les porteurs des Titres n'auront aucun droit à l'encontre de l'Emetteur dans un tel cas et l'Emetteur n'aura aucune obligation d'effectuer des paiements au titre des Titres. Ceci aura lieu si l'Emetteur devient ou, est considéré par l'autorité de résolution compétente comme étant devenu, "non viable" (tel que défini dans la loi alors applicable) et incapable de poursuivre ses activités réglementées sans cette conversion ou annulation ou sans une injection de capital du secteur public. L'autorité de résolution devra exercer son pouvoir de façon à ce que (i) les instruments de fonds propre de catégorie 1 (tels que les actions ordinaires de l'Emetteur) soient tout d'abord annulés proportionnellement aux pertes concernées, (ii) puis, le montant en principal des autres instruments de capital (les instruments de capital de catégorie 1 et les instruments de capital de catégorie 2 additionnels) soient annulés de façon permanente ou convertis en instruments de capital de catégorie 1 conformément à leur ordre de priorité, (iii) puis, les créances éligibles – telles que celles au titre des Titres – soient converties en instruments de capital de catégorie 1 ou annulées de façon permanente selon un ordre de priorité défini.

La mesure dans laquelle les Titres pourront faire l'objet d'un Renflouement Interne Réglementaire dépendra d'un nombre de facteurs qui sont en dehors du contrôle de l'Emetteur, et il sera difficile de prédire quand, le cas échéant, un Renflouement Interne Réglementaire interviendra. Les investisseurs potentiels doivent considérer le risque qu'ils peuvent perdre tout leur investissement, y compris le montant en principal plus les intérêts courus, si un Renflouement Interne Réglementaire intervient. Le soutien financier public sera, normalement, disponible uniquement en dernier ressort, après avoir évalué et mis en œuvre, dans toute la mesure du possible, les outils de résolution, notamment le Renflouement Interne Réglementaire.

En outre, le Règlement UE instaurant un Mécanisme de Surveillance Unique (le "**Règlement MSU**") comprend des dispositions relatives aux plans de résolution, à l'intervention précoce, aux actions en résolution et aux instruments de résolution. Ce cadre assurera que, au lieu de plusieurs autorités de résolution nationales, il n'y ait qu'une seule autorité – i.e. le Conseil de Surveillance Unique – qui prendra toutes les décisions applicables aux banques faisant partie de l'Union Bancaire.

Le 29 janvier 2014, la Commission Européenne a adopté une proposition pour une nouvelle séparation obligatoire de certaines activités bancaires qui, sur de nombreux aspects, est plus stricte que les exigences imposées dans le cadre de la loi allemande de séparation bancaire (sections 3(2)-(4), 25f, 64s de la Loi Bancaire Allemande (*Kreditwesengesetz* – KWG). Les banques européennes qui dépassent les seuils suivants durant trois années consécutives : a) la valeur totale des actifs est égale ou dépasse € 30 milliards ; b) la valeur totale des actifs et passifs de son portefeuille de négociation est égale ou dépasse € 70 milliards ou 10 % de la valeur totale des actifs, seront automatiquement interdites d'engager des activités de négociation pour compte propre définies de façon étroite comme des activités n'ayant aucune finalité de couverture ou aucun lien avec les besoins des clients. De plus, ces banques seront également interdites d'investissements dans, ou de détention de, parts de fonds spéculatifs, ou d'entités ayant une activité de négociation pour compte propre ou qui parrainent des fonds spéculatifs. Les autres activités bancaires de négociation et d'investissement – y compris la tenue de marché, le prêt aux fonds de capital-risque et de capital-investissement, l'investissement et le parrainage d'opérations de titrisation complexes, la vente et la négociation de produits dérivés – ne sont pas interdites, mais pourraient faire l'objet d'une séparation. L'interdiction de la négociation pour compte propre devrait être appliquée à partir du 1^{er} janvier 2017 et la séparation effective des autres activités de négociation devrait s'appliquer à partir du 1^{er} juillet 2018. Dans le cas où une séparation obligatoire devait être imposée, des coûts supplémentaires ne sont pas exclus, en termes d'augmentation des coûts de financement, d'exigences supplémentaires de fonds propres et de coûts opérationnels en raison de la séparation et de l'absence de bénéfices tirés de la diversification.

Retenues liées à la loi américaine "*Foreign Account Tax Compliance*"

L'Emetteur pourrait devoir procéder à des retenues à la source au taux de 30 % sur la totalité, ou une partie, des paiements réalisés après le 31 décembre 2018 au titre (i) des Titres émis ou

significativement modifiés après la date tombant six mois après la date à laquelle les règlements définitifs applicables aux "*foreign passthru payments*" sont déposés au Registre Fédéral, (ii) des Titres émis ou significativement modifiés après la date tombant six mois après la date à laquelle des obligations de leur nature sont traités pour la première fois comme donnant lieu à des équivalents de dividende ou (ii) des Titres traités comme du capital pour les besoins des impôts fédéraux américains, quelle que soit leur date d'émission, aux termes de certaines dispositions communément désignées "*Foreign Account Tax Compliance*".

Retenues liées à la loi américaine "*Hiring Incentives to Restore Employment Act*"

L'Emetteur ou tout agent chargé de la retenue pourrait devoir procéder à des retenues à la source au taux de 30 % sur les "montants d'équivalents de dividende" américains qui sont payés ou "considérés comme payés" aux termes de certains instruments financiers émis après le 31 décembre 2016, si certaines conditions sont remplies.

Effet d'une baisse de notation

La valeur des Titres pourrait être affectée par les notes données à l'Emetteur par les agences de notation. Toute baisse de la notation de l'Emetteur ne serait-ce que par l'une de ces agences de notation pourrait entraîner une réduction de la valeur des Titres.

Ajustements et résiliation exceptionnelle

L'Emetteur sera en droit de réaliser des ajustements ou de résilier et rembourser les Titres de manière anticipée si certaines conditions sont remplies. Ceci peut avoir un effet négatif sur la valeur des Titres. Si les Titres sont résiliés, le Montant de Remboursement aux porteurs de Titres en cas de résiliation exceptionnelle des Titres peut être inférieur au montant que les porteurs de Titres auraient reçu en l'absence de cette résiliation exceptionnelle.

Cas de Perturbation

L'Emetteur peut déterminer des cas de perturbation (e.g. cas de perturbation du marché) qui pourraient retarder un calcul et/ou tout paiement au titre des Titres et qui pourraient affecter la valeur des Titres. En outre, dans certains cas mentionnés, l'Emetteur peut estimer certains prix qui sont pertinents au regard des paiements devant être réalisés ou de seuils devant être atteints. Ces estimations peuvent s'écarter de leur valeur réelle.

Substitution de l'Emetteur

Si les conditions sont remplies, l'Emetteur pourra à tout moment, sans devoir obtenir l'accord des porteurs de Titres, désigner une autre société en qualité de nouvel Emetteur aux fins d'exécuter à sa place toutes les obligations découlant des Titres ou s'y rapportant. Dans ce cas, le porteur des Titres assumera généralement également le risque d'insolvabilité du nouvel Emetteur.

Facteurs de risques liés au Sous-Jacent

Les Titres dépendent de la valeur du Sous-Jacent et des risques liés

à ce Sous-Jacent. La valeur du Sous-Jacent est fonction d'un certain nombre de facteurs qui peuvent être liés entre eux. Ces facteurs peuvent inclure des événements de nature économique, financière et politique échappant au contrôle de l'Emetteur. Les performances antérieures d'un Sous-Jacent ou d'un composant d'un Sous-Jacent ne doivent pas être considérées comme un indicateur de ses performances futures pendant la durée des Titres.

Risque en cas d'exercice

L'investisseur supporte le risque que le Montant de Remboursement dû à la Date de Règlement soit inférieur au prix d'achat du Titre. Plus le Prix de Référence du Sous-Jacent à la Date d'Evaluation est faible (dans le cas de Type CALL) ou élevé (dans le cas de Type PUT) plus la perte sera importante.

Si pendant la Période de Surveillance le prix du Sous-Jacent est au moins une fois égal ou inférieur (dans le cas de Type CALL) ou égal ou supérieur (dans le cas de Type PUT) à la Barrière de Désactivation (le "**Cas de Désactivation**"), les Titres expireront sans qu'aucune action supplémentaire de la part du Porteur de Titre ne soit nécessaire. Dans un tel cas le Montant de Remboursement déterminé à la discrétion raisonnable de l'Emetteur (*billiges Ermessens*) (§ 315 du BGB) pourra être de zéro. **Le Porteur de Titre subira une perte qui correspondra presque à la totalité du prix d'achat payé pour le Titre (perte totale).**

En outre, l'investisseur supporte un risque de change dans la mesure où les montants qui ne sont pas exprimés en Devise d'Emission seront convertis au taux de change existant à la Date d'Evaluation.

Risques si l'investisseur à l'intention de vendre ou doit vendre les Titres:

Risque de valeur de marché :

Le prix de vente réalisable pourrait être significativement inférieur au prix d'acquisition payé par l'investisseur.

La valeur de marché des Titres dépend principalement de la performance du Sous-Jacent, sans la reproduire exactement. En particulier, les facteurs suivants peuvent avoir un effet défavorable sur le prix de marché des Titres :

- Changements dans l'intensité attendue de la variation du Sous-Jacent (volatilité)
- Evolution du taux d'intérêt
- Evolutions défavorables des taux de change
- Evolutions des dividendes de l'Action

Chacun de ces facteurs pourrait produire en lui-même un effet ou renforcer ou annuler les autres.

Risques de négociation :

L'Emetteur n'est ni tenu de fournir des prix d'achat et de vente des Titres sur une base continue (i) sur les bourses sur lesquelles les Titres sont admis à la négociation ou (ii) sur une base hors bourse (OTC) ni de racheter des Titres. Même si l'Emetteur fournit généralement des prix d'achat et de vente, dans le cas de conditions de marché exceptionnelles ou de problèmes techniques, la vente et

l'achat des Titres pourrait être temporairement limitée ou impossible.

Section E – Offre

Élément	Description de l'Élément	Informations à inclure
E.2b	Raisons de l'offre et l'utilisation du produit de celle-ci lorsqu'il s'agit de raison autres que la réalisation d'un bénéfice et/ou la couverture de certains risques	- sans objet – Réalisation d'un bénéfice
E.3	Description des modalités et des conditions de l'offre	COMMERZBANK offre à compter du 08 juin 2016 des séries de Titres dont le volume et le prix d'émission initial par Titre figurent dans le tableau annexé au résumé des problèmes spécifiques.
E.4	Tout intérêt, y compris les intérêts conflictuels, pouvant influencer sensiblement sur l'émission/l'offre	Les conflits d'intérêts suivants peuvent survenir dans le cadre de l'exercice des droits et/ou obligations de l'Emetteur conformément aux modalités des Titres (par exemple dans le cadre de la détermination ou de l'adaptation des paramètres des modalités), qui affectent les montants dus: <ul style="list-style-type: none"> - réalisation d'opérations sur le Sous-Jacent - émission de produits dérivés supplémentaires relatifs au Sous-Jacent - relations d'affaires avec l'émetteur du Sous-Jacent - détention d'informations importantes (y compris non-publiques) sur le Sous-Jacent - le fait d'agir en tant que Teneur de Marché
E.7	Estimation des dépenses facturées à l'investisseur par l'émetteur ou l'offreur	L'investisseur peut habituellement acheter les Titres à un prix d'émission fixe. Ce prix d'émission fixe contient tous les coûts supportés par l'Emetteur liés à l'émission et à la vente des Titres (par exemple coûts de distribution, coûts de structuration et de couverture ainsi que la marge bénéficiaire de Commerzbank).
