Other structures	11	80	
<b>Total 1<sup>st</sup> quarter</b>	<b>45 805</b>	<b>47 187</b>	<b>- 3%</b>

**^ Outlook**

The above table shows substantial variations in turnover from one subsidiary to the next. The consolidated variation is slightly down (- 3%), generating a fall in the overall result. There is currently no definite visibility, but we remain confident in the ability of our teams to come through the current crisis relatively unscathed, doing all they can to protect our profitability.

**^ Ordinary General Assembly on 6 April 2009**

All of the resolutions were adopted.
