

### The Delfingen Industry Group secured its financings up to the end of 2011

The Delfingen Industry Group finalized with its partner banks the necessary financings to hedge the financings needed by the year 2011. The plan implemented is based on both:

- preserving current financings,
- obtaining the agreement for short and medium term new resources.

Therefore, the Group secured its cash flow statement, while strengthening its financial structure and improving the maturity of its debt.
