

Issuance by Alcatel-Lucent of OCEANEs in the amount of approximately €870 million which may be increased to up to a maximum of €1,000 million - Granting of the AMF visa

Paris, September 2, 2009 - Alcatel-Lucent (Euronext Paris and NYSE: ALU) launched today an offering of bonds convertible into and/or exchangeable for new or existing shares of Alcatel-Lucent (the "Bonds") due January 1, 2015 for an initial nominal amount of approximately €870 million, with a nominal value per Bond of €3.23, representing an issue premium of 35% over Alcatel-Lucent's reference share price^[1] on Euronext Paris.

The amount of the offering may be increased up to a maximum of €1,000 million if the over-allotment option granted to the Joint Lead-Managers and Joint Bookrunners is exercised in full at the latest by September 8, 2009.

The conversion / exchange ratio of the Bonds will be one new or existing Alcatel-Lucent share per Bond, subject to potential further adjustments.

The Bonds will bear interest at a rate of 5.00 % per annum payable semi-annually in arrears on January 1st and July 1st of each year commencing January 1st, 2010 (or, if it is not a business day, the following business day), namely €0.08075 per half-year and per Bond. For the period from and including September 10, 2009, the issue date, up to and including December 31, 2009, the coupon will be payable on January 1, 2010 (or on the following business day if such date is not a business day), will amount to approximately €0.05 per Bond.

The Bonds will be issued at par on September 10, 2009 and will mature and be redeemed in cash at par on January 1, 2015. The Bonds may be redeemed early at the option of Alcatel-Lucent subject to certain conditions.

The expected date of issue and settlement and delivery for the Bonds is September 10, 2009.

The principal purpose of the offering is to contribute to the refinancing of the group's debt and the extension of its maturity, and, secondarily, to further enhance the group's financial position.

In particular, all or part of the proceeds of the issue may be used to finance the repurchase of part of the group's debt, including the bonds convertible into and/or exchangeable for new or existing shares due January 1, 2011 (the "2011 OCEANE"), of which the principal amount outstanding is approximately €1,022 million.
