Saint-Ouen, the October 19th 2010

GFI Informatique: Sale of Health-Clinic assets in Canada

GFI Informatique announced today that GFI Solutions, a 66.8% Canadian owned subsidiary has sold all the assets related to Health-Clinic to N Harris Computer Corporation Group.

This software based activity, with no synergy with the rest of GFI Canadian activities, is being transferred to the buyer, together with around 50 employees out of the nine hundred and fifty people working locally.

About GFI Informatique

GFI is a major player in the IT services sector in Southern Europe with five strategic offerings: Consulting, Application Services, Enterprise Solutions, Infrastructure Services and Software. The sector-based organisation being implemented focuses chiefly on five areas: Banking-Insurance, Telecom-Media, Public Sector, Transport-Services-Industry-Retail and Utilities-Energy-Chemicals. As part of its industrialisation policy, the Group has 11 skills centres, two national design and production service centres, and three offshore centres. GFI recorded 2009 revenue of €663.6m with a workforce of 9,000.

About GFI Solutions Group Inc.

A leader in the Canadian IT industry, GFI Solutions Group (a 66.8% owned participation of GFI Group) specializes in the design, implementation, integration and support of business software solutions, in the development of e-business solutions, and in electronic payment, professional, and technical IT services.

About N. Harris Computer Corporation

Harris is a fully-owned subsidiary of Constellation and is a major supplier in software solutions specialized in financial management & client IT. Since 1976, Harris has offered turnkey and versatile solutions for municipalities, water & electricity distribution, as well as for schools throughout North America. Harris aims at developing long-term business relationships with customers and fulfilling their evolving needs.
