

This year, for the first time, Thermador Groupe has offered the option of payment of dividends in shares. This option could be exercised between April 10 and April 25, 2014 inclusive.

In the end, 34% of the total amount distributed will be paid in shares, which will lead to the creation of 58,633 new shares at an issue price of €77.83 and tax saving of €137,000 on the 2014 accounts.

The payment of dividends in cash or in shares will take place on May 12, 2014, when the new shares will be registered.
