## McPhy Energy strengthens its team: Ken Kok Lee named regional manager for Asia-Pacific

Executive manager specialized in developing on-site hydrogen generation business, Ken Kok Lee joined McPhy Energy to accelerate its development in the Asia-Pacific region.

*La Motte-Fanjas, November 24<sup>th</sup>, 2014* - McPhy Energy, specialized in hydrogen based solutions for energy storage and industrial applications, has appointed Ken Kok Lee Managing Director for the Asia-Pacific region. McPhy Energy will benefit from his 15 years' experience in management positions in several Asian countries for Linde Group, the major German supplier of gases for industry and medical applications, which includes his contribution to the successful new business development area in Packaged Plant Solutions for the Asia-Pacific region. As a greatly experienced professional, Ken Kok Lee is immediately operational in developing business in Asia-Pacific from his location in Singapore.

Ken Kok Lee holds an MBA degree from the University of Southern California and an engineering degree with honours.

He started his career in 2000 with The BOC Group, acquired by The Linde Group in 2006, where he grew from a project engineer to driving onsite and tonnage business for the Asia-Pacific region. Over the years, Ken Kok Lee held various managerial positions in engineering, project and business development, on home and international assignments in Malaysia, Germany, Hong Kong, China (Shanghai) and Singapore.

### About McPhy Energy

McPhy Energy, a leading developer of hydrogen-based solutions, was founded at La Motte Fanjas (Drôme) in France in 2008. The company draws on its exclusive technique for storing hydrogen in solid form and its years of experience in producing hydrogen through water electrolysis to design and manufacture flexible storage and production equipment.

McPhy Energy offers easy-to-use, environmental-friendly solutions combining unique safety features and energy independence to its clients in the renewable energy, mobility and industry sectors.

The Group has three production sites in France, Germany and Italy and a R&D laboratory in France.  
Since March 25<sup>th</sup>, 2014, McPhy Energy is listed on NYSE Euronext Paris (Segment C, code ISIN: FR0011742329; ticker: MCPHY).
