

PROJECT TO INTEGRATE POULTRY CHAIN

The Casino group has signed a unilateral purchase undertaking with the Gastronomer group (Terrena group) for the acquisition of its subsidiary Gastronomer-Luché, which operates a plant in Luché-Pringé, in Sarthe. It is expected that all 159 employees will be maintained.

This transaction would allow the Casino group to integrate a poultry chain with high quality products and to secure the entire supply chain: origin, quality and traceability.
