### **plans to convert into a European Company (SE)**

On 30 September 2015, the SYNERGIE Board of Directors approved the company's plan to convert from a French public limited Company (société anonyme) into a European Company (Societas Europaea).

This new status, encouraged by European institutions, has already been adopted by numerous large companies and will more accurately reflect the international position of SYNERGIE, currently present in 15 countries.

To meet the challenges of its largest clients, in the early 2000s the Group chose to grow internationally and to accelerate growth and diversification. Over 97% of SYNERGIE's business comes from Europe; half of it from France, thus reinforcing its position as a major player in the European market of Global Human Resources Management.

This change of status has no impact on the SYNERGIE's governance or on the share quotation, and there are no implication for shareholders.

This revised statutory resolution will be submitted to shareholders' approval at a General Meeting in 2016.
