Location: London, United-Kingdom

Deutsches Eigenkapitalforum

Date: November 23-24, 2015 (conference on November 24 at 04:00 PM)

Location: Frankfurt, Germany

Neovacs will also be present at Actionaria, a conference dedicated to retail investors :

Salon Actionaria

Date: November 20-21, 2015

Location: Paris, France

As part of this exhibition, Miguel Sieler, CEO, will present at the "Agora des Présidents" on November 20 at 10:45 AM.

CEO Miguel Sieler commented, *"I am looking forward to introducing Neovacs to a new audience through our participation at these events. It is also a great opportunity for us to connect with current and prospective investors and update them on the progress that our Company is making toward advancing our lead immunotherapy candidate, IFN α -Kinoid."*

About Neovacs

Created in 1993, Neovacs is today a leading biotechnology company focused on an active immunotherapy technology platform (Kinoids) with applications in autoimmune and/or inflammatory diseases. On the basis of the company's proprietary technology for inducing a polyclonal immune response (covered by five patent families that potentially run until 2032) Neovacs is focusing its clinical development efforts on IFN α -Kinoid, an immunotherapy being developed for the indications of lupus and dermatomyositis. Neovacs is also conducting preclinical development works on other therapeutic vaccines in the fields of auto-immune diseases, oncology and allergies. The goal of the Kinoid approach is to enable patients to have access to safe treatments with efficacy that is sustained in these life-long diseases.
