
PRESS RELEASE

Peru selects the technological solutions of the Imprimerie Nationale Group and Gemalto for end-to-end ePassport program

Paris and Amsterdam, February 24, 2016 – The Imprimerie Nationale Group, the world expert in secure identity solutions, and Gemalto (Euronext NL0000400653 GTO), the world leader in digital security, announce they have started issuing the first personalized [Peruvian electronic passports](#). The companies have jointly been awarded a multi-year contract at the end of 2015 to deliver a complete end-to-end ePassport solution for Peru, with the supply of highly secure electronic documents.

The Imprimerie Nationale / Gemalto consortium was selected further to an international tender launched last August by the [Superintendencia Nacional de Migraciones](#) de Peru, under a strict bidding process controlled by the ICAO (International Civil Aviation Organization) International Organization.

The [Imprimerie Nationale](#) leads the consortium and performs the design and manufacturing of the electronic passports. The brand [new ePassport](#) offers the highest security levels including exclusive watermark, micro lettering, inlay, UV and rainbow printing, and secure inks. For Peru's 30 million citizens, the new ePassports will help combat identity fraud and greatly speed border crossing.

Gemalto ensures the implementation of the complete credentials system, with the creation of 20 enrollment sites and personalization throughout the Peruvian territory, based on its [Sealys eTravel](#) secure embedded software for identity authentication, and its [Coesys Instant Issuance](#) for on the spot document personalization and delivery. Gemalto will secure data enrollment including automated fingerprint identification system (AFIS), public key infrastructure (PKI) services, ePassport personalization, a contingency data center plus quality and access control across the entire ePassport ecosystem.

Real engineering company, the Imprimerie Nationale Group is specialized in the integration of electronic and biometrics in identity documents and in polycarbonate cards. Thanks to its innovative new products and its strengthened security, the Imprimerie Nationale Group has become a worldwide leader with major customers in over 68 countries.

Based in Paris, the Imprimerie Nationale Group has two production centers and employs more than 800 employees, of which over a third is dedicated to technology development.
