

Filing of the 2015 Reference Document – Annual Financial Report

Paris, 29 April 2016. EDF's reference document for the 2015 fiscal year was filed today with the French financial markets authority (*Autorité des marchés financiers*).

The following documents are included in the reference document:

- the 2015 annual financial report ;
- the report of the Chairman of the Board of Directors pursuant to Article L. 225-37 of the French Commercial Code (included in section 4.7);
- the information regarding the fees of the statutory auditors (included in section 6.5);
- a description of the share buyback program (included in section 7.3.2).

EDF raises attention to section 1.4.1.1.2 « Operation and technical performance of the nuclear fleet – Investment programme for the existing nuclear fleet in France » of the reference document. In particular, the optimisation work undertaken in 2015 has already led to a downward revision of the initial estimate of the « *Grand carénage* » investment programme, initially set at €₂₀₁₃ 55 billion, to €51 billion nominal over the 2014-2025 period, which represents a €₂₀₁₃ 9 billion reduction. In its report of February 2016 covering a longer time period until 2030, the French *Cour des comptes* estimated those investments at €₂₀₁₃ 74.73 billion, including €₂₀₁₃ 20 billion dedicated to the 2026-2030 period, thus allowing the costing established by EDF group and *the Cour des comptes* to be matched.

The reference document is available on EDF website at <http://finance.edf.com>, under the “**Financial information**” section. Copies of the reference document are also available at the company's head office located at 22-30 avenue de Wagram (75008 Paris).
