

Sales for the first quarter of 2017: +7.1%

(€ millions) – IFRS – to 31 March	1 st quarter 2017	1 st quarter 2016	% change
Consolidated sales	84.6	79.0	+7.1%

Organic growth in the first quarter of 2017: +5.7%

Over the first quarter of 2017, Radiall recorded sales growth of 7.1% to €84.6 million. On a like-for-like basis, growth was 5.7% taking account of a favourable currency effect.

Over the period, sales were driven by the momentum of Telecom, particularly in China, the positive trend of Industrial operations and the recovery of Space activities. Civil Aeronautics reported a slight decline.

Over the first quarter, international sales represented 88.4% of overall business.

The Americas region decreased slightly despite the favourable effect of the Euro/Dollar parity. The other Group's geographic regions achieved growth. China posted the strongest growth and Europe excluding France saw sustained activity over the quarter.

Outlook

In 2017, the Group is targeting continued growth at similar levels to those recorded in 2016 on a like-for-like basis.

The Group nevertheless remains cautious given the highly uncertain economic and geopolitical environment and the structural volatility of some of its markets, such as Telecom.
