<i>(in € millions)</i>	Q1 2016	Q1 2017

<b><u>Consolidated revenue</u></b>	<b>74.9</b>	<b>96.4</b>

The **Digital** Division contributed **€60.9 million** to consolidated revenue for the first quarter of 2017 versus €44.8 million for the equivalent prior-year period. Organic growth based on a comparable scope of consolidation and at constant exchange rates was in the region of 15%. On a reported basis and taking into account acquisitions, the Division posted a 35.9% revenue rise. International operations saw particularly strong growth, with revenue climbing to €17.9 million from €11.4 million and accounting for over 29% of the Digital Division's total revenue figure for first-quarter 2017.

**Entertainment** Division revenue amounted to **€27 million** compared with €26.8 million in the first three months of 2016. This relatively flat performance was due to the ongoing difficult operating environment for the live entertainment production business.

Revenue for the **Real Estate** Division advanced to **€8.5 million** from €3.3 million, mainly resulting from the purchase of a building in New York in June 2016.
