

ESPERITE (ESP) Q1 consolidated revenue higher compared to budget

EBITDA improved compared to budget as a result of cost control

Market Update Q1 2017

The Q1 actual consolidated revenue of Esperite was higher compared to budget. EBITDA for the same period also improved compared to budget as a result of cost control.

CryoSave revenue was 6% higher compared to budget mainly due to changed country mix. The number of samples stored was in line with budget and the average price was higher compared to budget. Operating expenses were much lower compared to budget. As a result EBITDA for CryoSave sharply improved compared to budget.

Genoma sales were 12% higher compared to budget. However the margin was lower compared to budget due to higher cost of sales. Operating expenses were in line with budget. As a result EBITDA for Genoma was lower compared to budget.

Executive management of Esperite N.V. has a firm believe that the recent liquidation affecting one of its subsidiaries, Genoma SA, will not affect the ability of the Group to continue its predictive medicine activities and expects that the consequences for the business will be limited.
