Ymagis Group Joins the CAC® Small, CAC® Mid and Small, and CAC® All-Tradable Indices

Paris (France) - Ymagis Group (ISIN: FR0011471291, ticker: MAGIS, PEA-PME eligible), the European specialist in digital technologies for the cinema industry, today announced its inclusion in the CAC® Small, CAC® Mid and Small, and CAC® All-Tradable Euronext indices, following the annual review results on the CAC family indices by Euronext's Index Steering Committee.

The composition of the CAC® family indices is reviewed quarterly by the Index Steering Committee, composed of independent experts. The main selection criteria are capitalization and liquidity.

"The inclusion of Ymagis in the CAC family indices reflects the increase in the stock's liquidity in recent months. As these indices are widely monitored and used as a benchmark by many investors, the Ymagis share should benefit from increased visibility and potentially even larger trading volumes," said Jean Mizrahi, co-founder and Chief Executive Officer of Ymagis Group.
