Regenerating the urban mines

With operations in France, Germany and Belgium, Recylex is a European group specialized in lead and plastics recycling (mainly from automotive and industrial batteries), zinc recycling (from electric arc furnace dust and zinc scrap) and the production of special metals, primarily for the electronics industry.

A key player in the circular economy with long-standing expertise in urban waste recovery, the Group has close to 680 employees in Europe and generated consolidated sales of €385 million in 2015.
