Following the end of the Window of Transferability:

- the allocation of the purchase and transfer orders of the Class 1 and Class 2 Warrants will be performed within seven calendar days following the end of the Window of Transferability, in accordance with the rules set out below:
 - If the transfer orders of Class 1 Warrants provide for a total number of Class 1 Warrants that is higher than the total number of Class 1 Warrants specified in all the purchase orders of Class 1 Warrants¹, any transfer order of Class 1 Warrants will be served in proportion to the number of Class 1 Warrants to be transferred under this order, compared to the total number of Class 1 Warrants to be transferred under all of the transfer orders of Class 1 Warrants and up to the total number of Class 1 Warrants to be purchased under all of the purchase orders of Class 1 Warrants, based on the following formula:

$$A = \frac{B}{C} \times D$$

Where:

- "A" refers to the number of Class 1 Warrants effectively transferred by the relevant holder,
- "B" refers to the number of Class 1 Warrants specified in the transfer order of the relevant holder,
- "C" refers to the total number of Class 1 Warrants specified in all of the transfer orders, and
- "D" refers to the total number of Class 1 Warrants specified in all of the purchase orders.
- Conversely, if the purchase orders of Class 1 Warrants provide for a total number of Class 1 Warrants that is higher than the total number of Class 1 Warrants specified in all of the transfer orders of Class 1 Warrants, any purchase order of Class 1 Warrants will be served in proportion to the number of Class 1 Warrants to be purchased under this order, compared to the total number of Class 1 Warrants to be purchased under all of the purchase orders of Class 1 Warrants and up to the total number of Class 1 Warrants to be transferred under all of the transfer orders of Class 1 Warrants; **it being specified that any purchase order of Class 1 Warrants which is not served, whether in whole or in part, will be served by a transfer by the company Horizon of the relevant Class 1 Warrants, within the limit of a maximum undertaking to transfer Class 1 Warrants of 20% of the number of Class 1 Warrants held by Horizon following the liquidity period for the Warrants, ended on January 4, 2016 (namely a maximum number of 2,727,588 Class 1 Warrants).**
- In the event of reduction of the transfer or purchase orders of Warrants 1 in accordance with the abovementioned conditions, the number of Class 1 Warrants effectively transferred by any holder of Warrants or effectively purchased by any Eligible Manager will be rounded to the unit below for any number including one first decimal below 5 and to the unit above for any number including one first decimal equal or higher than 5.

¹ In accordance with the decision of the Board of Directors dated March 14, 2018, the total maximum number of Class 1 and Class 2 Warrants specified in the purchase orders of the Eligible Managers may not exceed 500,000 Class 1 and/or Class 2 Warrants under this Window of Transferability.

- The same allocation rules will apply for the Class 2 Warrants, **with it being specified that any purchase order of Class 2 Warrants which is not served, whether in whole or in part, will be served by a transfer by the company Horizon of the relevant Class 2 Warrants, within the limit of a maximum undertaking to transfer the Class 2 Warrants of 20% of the number of Class 2 Warrants held by Horizon following the liquidity period for the Warrants, ended on January 4, 2016 (namely a maximum number of 2,727,588 Class 2 Warrants).**
- within 10 calendar days from the end of the Window of Transferability, i.e., no later than May 31, 2018:
 - the Company will publish on its website: (i) the total number of Class 1 and/or Class 2 Warrants effectively transferred during this Window of Transferability and as from the first window of transferability, (ii) the date of settlement and delivery of the Class 1 and Class 2 Warrants, which will be performed by CACEIS Corporate Trust, appointed for this purpose by the Company, and which is expected to occur on the date of this publication, and (iii) the scheduled date of the next window of transferability; and
 - the number of Class 1 and/or Class 2 Warrants effectively transferred by each holder of Warrants and purchased by each Eligible Manager will be the subject of an individual information.
- Class 1 and/or Class 2 Warrants purchased during the Window of Transferability may be held in pure or administered registered form, at the purchaser's option; as a consequence the rights of these persons will be represented by an account-entry in a securities account opened in their name in the books of:
 - CACEIS Corporate Trust, 14 rue Rouget de Lisle – 92862 Issy-Les-Moulineaux Cedex 9, appointed by the Company, for the Class 1 and/or Class 2 Warrants held in pure registered form; or
 - the authorized intermediary of their choice and of CACEIS Corporate Trust, 14 rue Rouget de Lisle – 92862 Issy-Les-Moulineaux Cedex 9, appointed by the Company, for the Class 1 and/or Class 2 Warrants held in administered registered form.
- Class 1 and/or Class 2 Warrants transferred during the Window of Transferability will be deregistered from the securities accounts opened in the name of the transferors in the books of:
