Cybernetix pursues its international development

Cybernetix is proud to announce a new contract won with BIRLA Tyres, a major Indian tire manufacturer. Cybernetix will supply BIRLA Tyres with an X-Ray inspection machine for truck and bus tires and CyXPERT® software for automatic defect detection. This new success strengthens Cybernetix' position in India and reflects its ability to deliver cutting edge solutions to the Tire Industry. Cybernetix inspection solutions are now used by more than 30% of the top20 world largest tire manufacturers.
