**New significant contract with local authorities
in soil remediation markets**

**Séché Environnement wins a EUR 21m contract
for the rehabilitation of La Gabarre (Guadelupe)**

Séché Environnement has been attributed the contract for the remediation of La Gabarre, in Guadelupe.

Under this important contract (€ 21m), Séché Environnement will be in charge of rehabilitating the Pointe-à-Pitre community's household waste landfill, from 2011 to 2013.

This rehabilitation will be exemplary in environmental terms with reference to the prefectorial decree fixing the conditions for the end of its exploitation and the main objectives of its remediation.

This new major success in soil remediation markets illustrates the pertinence of Séché's rehabilitation offers among local authorities, in a favorable environmental regulatory framework that enhances commercial opportunities for the Group.

Next Event:

Release of consolidated revenue as at December 31, 2010:
January 27, 2011 (after market)

About Séché Environnement

Séché Environnement is one of the leading players in the treatment and storage of all types of non-radioactive industrial and household waste in France. Its facilities enable it to offer high-quality global solutions that incorporate all environmental requirements.

It is the leading independent operator in the country with a unique positioning at the hub of the high value-added waste recovery, treatment and storage markets.

The Group offers integrated specialised services:

- treatment (by incineration, physical-chemical treatment and solvent regeneration) and processing for energy recovery of hazardous and non-hazardous industrial waste (HIW and NHIW);
- storage of final residue comprised of hazardous or non-hazardous industrial waste (HIW and NHIW).

In April 2007, **Séché Environnement** acquired a 33% stake in Saur Group, the No. 3 player in the Water and Environmental Services sector in France.

Séché Environnement has been quoted on Eurolist by Euronext since November 27, 1997.
