\* Excluding discontinued operations.

Consolidated revenue rose 13.6% to €513.1 million in 2010.

The robust growth over the year at Chargeurs Protective Films (up 24.4%) and Chargeurs Interlining (up 12.2%) was led by an increase in volumes, higher prices and a favorable currency effect. Chargeurs Wool reported growth of 4.6%, as significantly higher prices offset a decline in sales volumes.

Based on the information currently available, consolidated revenue amounted to €513.1 million in 2010 and operating income is expected to reach €20 million.
