FONCIÈRE DES RÉGIONS

Paris, 5 September 2011

Abandonment of the combination with Foncière Paris France

Foncière des Régions has decided not to proceed with the combination with Foncière Paris France.

While neither the appropriateness of this operation in real estate terms, in keeping with the strategy of Foncière des Régions, nor the NAV parity offered to shareholders, have been adversely affected by current market conditions, these conditions have automatically resulted in the valorization of the financial instruments (BSA, OSRA), making it impossible to carry out the operation under the terms announced on 27 July 2011.

Foncière des Régions intends to remain watchful for opportunities that will enable it to pursue its strategy of seeking to consolidate its status as the leading Office REIT in Europe.

Financial schedule:

Q3 2011 Revenues: 9 November 2011
