

## Caterpillar Inc. Maintains Dividend Rate

PEORIA, Ill., April 12, 2012 -- The Board of Directors of Caterpillar Inc. (NYSE: CAT) voted today to maintain the quarterly cash dividend of forty-six (\$0.46) cents per share of common stock, payable May 19, 2012, to stockholders of record at the close of business, April 23, 2012.

"I am pleased to announce we are maintaining Caterpillar's dividend. Our priorities for uses of cash remain unchanged. The top priority is to maintain financial strength, followed by investing for growth for the business, funding employee benefit plans, and making distributions to stockholders," said Caterpillar Chairman and Chief Executive Officer Doug Oberhelman. "We remain focused on executing our strategy, with a particular emphasis on supporting our customers, and as I regularly meet with customers, I know that focus will also benefit our stockholders over time," Oberhelman added.

For 18 years in a row, Caterpillar has paid higher dividends to its stockholders, and since 1998, the company's cash dividend has more than tripled. Including the announcement today, Caterpillar has paid a cash dividend every year since the company was formed in 1925 and has paid a dividend every quarter since November 1933.
