Specific benefits experienced by Openreach:

- Reduced call handling time by up to 20 percent
- Reduced approximate case handling time to just 30 seconds from 2.5 minutes
- Resulted in return on investment within six months
- Improved information management of customer service operations and metrics

Quotes:

Phil Townsend, CIO Openreach, Service Management:

"Providing a first-class customer experience is vital to Openreach. AssistEdge simplified how the service agents navigate multiple systems by creating an intuitive and unified interface when handling customer calls. Infosys focused on collaboration and continuous innovation, which ensured the solution exceeded our expectations and was implemented in a rapid timeframe."

Sanjeev Arya, Associate Vice President, Communications, Media & Entertainment, Infosys:

"Agility and speed are extremely important in today's highly competitive market. The AssistEdge product is core to Openreach's transformational initiative to improve customer service. The product helps operators quickly realize significant improvements in customer service and agent productivity, and is enabling our clients to experience meaningful business impact."

Alan Burkitt-Gray, Editor of *Global Telecoms Business*:

"This is the seventh time we've run our Innovation Awards and each year we've seen that the industry is working harder and harder to deliver exciting and innovative services to its customers worldwide. Congratulations to Infosys and BT. The industry is seeing a wave of innovation which is making a huge difference, to the companies working in the industry and to all of us in business and as consumers. They are making such a difference to the world. We want to celebrate what they are doing."

The [Global Telecoms Business Awards](#), now in their seventh year, acknowledge innovation and excellence across the worldwide telecommunications industry.
