

## Announcement: Infosys invests in CloudEndure

**Bangalore – December 9, 2015:** Infosys (NYSE: INFY), a global leader in consulting, technology, outsourcing and next-generation services, today announced that it has made an investment of USD 4 million in CloudEndure, a startup that provides cloud migration and cloud-based Disaster Recovery (DR) software.

Many leading enterprises look to Infosys for guidance and implementation services associated with large-scale infrastructure transformation projects. CloudEndure provides enterprise grade cloud migration and cloud-based Disaster Recovery (DR) software that uniquely supports migration and DR for both on-premise to-cloud and cloud-to-cloud scenarios.

The investment will be completed by December 11, 2015.
