Second unwinding of the calls sold to manage Peugeot SA warrants

As stated in its press release dated 20 February 2015, FFP managed part of the Peugeot SA warrants it received during the 2014 capital increase, through a sale of 11,790,221 call options on Peugeot SA shares expiring on 31 March 2017 and with a strike price of €6.429 per share. FFP thereby received a premium of €87 million.

Etablissements Peugeot Frères (EPF) has sold 3,904,706 call options under the same terms.

Following the exercise of its calls options by the bank, FFP and EPF delivered respectively 11,790,221 and 3,904,706 Peugeot SA shares on the 23th of December. Simultaneously, as planned and announced at inception, FFP and EPF exercised part of their warrants to bring the number of Peugeot shares they hold back up to the level prior to the sale of these calls.

Following those transactions, FFP and EPF hold the same number of shares as before the disposal of those options, respectively 84,323,161 and 26,298,895 Peugeot SA shares, representing, in concert, 13.63% of the capital and 17.24% of the voting rights of the company.

Following this second unwinding of calls, the first one having been announced on 15th December, FFP and EPF no longer hold warrants.
