INTERIM MANAGEMENT REPORT

SIGNIFICANT EVENTS OF THE SIX MONTHS ENDED MARCH 31, 2017

During the six months ended March 31, 2017, Euro Disney S.C.A. (the "Company" or parent) and its owned and controlled subsidiaries (collectively, the "Group¹") noted the following significant events.

LAUNCH OF DISNEYLAND® PARIS 25TH ANNIVERSARY CELEBRATION

On March 25, 2017, Disneyland Paris launched its 25th Anniversary celebration, which features enhanced attractions including *Star Wars Hyperspace Mountain: Rebel Mission* and *Star Tours: The Adventures Continue*. The festivities also include two new daytime shows and a new parade. In the evening, guests can enjoy a new nighttime spectacular, including state-of-the-art technology, sound, lights, projections, fountains and new pyrotechnic effects.

WAIVER OF TWO YEARS OF ROYALTIES AND MANAGEMENT FEES DUE TO THE WALT DISNEY COMPANY

In November 2016, The Walt Disney Company ("TWDC")² agreed to waive two years of royalties and management fees, commencing with the payment for the fourth quarter of fiscal year 2016, to provide the Group liquidity above its remaining undrawn revolving credit facility granted by TWDC (the "Revolving Credit Facility").

Waived royalties and management fees were €21 million for the fourth quarter of fiscal year 2016 and €36 million for the six months ended March 31, 2017.

EVOLUTION OF TWDC'S OWNERSHIP, PROPOSED CASH TENDER OFFER AND RECAPITALIZATION PLAN

In February 2017, TWDC through its subsidiary EDL Holding Company LLC, acquired 90% of Kingdom 5-KR-11, Ltd shares in the Company at a price of €2.00 per share, increasing its interest in the Company to 85.7%. The consideration was paid in shares of TWDC common stock.

In connection with this transaction, TWDC announced its intention to launch a tender offer (through its subsidiaries EDL Holding Company LLC, Euro Disney Investments S.A.S. and EDL Corporation S.A.S.) for all of the Company's shares not already owned by TWDC subsidiaries, other than treasury shares, at a price of €2.00 per share (the "Tender Offer") to be paid in cash. In addition, TWDC announced its intention to proceed with a mandatory buy-out and delisting of the Company's shares from Euronext Paris, if at the close of the Tender Offer, it owns at least 95% of the Company shares.

Further, TWDC committed to support a recapitalization of the Group of up to €1.5 billion subsequent to the completion of the Tender Offer. Proceeds from the recapitalization would be used to enable the Group to continue its investments in Disneyland Paris, repay most or all its indebtedness and increase its liquidity.

On March 30, 2017, TWDC and the Company filed, respectively, the draft Tender Offer document and the draft response document (including the independent expert report) with the French *Autorité des marchés financiers* ("AMF"). The AMF issued its approval (*visa*) on the Tender Offer on May 9, 2017. The Tender Offer opened on May 11, 2017 and will close on June 8, 2017 (included). A notice announcing the final results of the Tender Offer is scheduled to be published on June 13, 2017.

For more information, please refer to the Tender Offer document and the response document which are available on the Company's and the AMF's websites, as well as the related press releases.

4

The Group also includes Centre de Congrès Newport S.N.C., a consolidated special purpose financing company.

The waiver of royalties and management fees was granted by wholly-owned affiliates of TWDC.

EVOLUTION OF THE SUPERVISORY BOARD COMPOSITION

During the six months ended March 31, 2017, the Supervisory Board of the Company (the "Board") appointed Mr. Axel Duroux as Chairman of the Board¹ to replace Ms. Virginie Calmels. In addition, during this period, the Board acknowledged the resignations of Ms. Valérie Bernis and Mr. Gérard Bouché.

On March 31, 2017, at the general meeting of the shareholders, the terms of office of Mr. Philippe Labro and Mr. Anthony Martin Robinson were renewed and Ms. Hélène Etzi was elected as member of the Board in replacement of Mr. Karl L. Holz who did not seek renewal of his term of office.

Consequently, as of March 31, 2017, the Board comprises nine members, of which six are independent.

For more information, see the press release issued on February 10, 2017 which is available on the Company's website.

DISCUSSION OF COMPONENTS OF OPERATING RESULTS

Seasonality

The Group's business is subject to the effects of seasonality and the last six months of the fiscal year, which include the summer months, usually include higher revenues. Consequently, the operating results for the six months ended March 31, 2017 are not necessarily indicative of results to be expected for the last six months of the fiscal year.

In addition, results for the six months ended March 31, 2017 have been unfavorably impacted by a shift in the Easter vacation period to the last six months of the fiscal year.

Revenues by Operating Segment

	Six Month	Variance		
(ϵ in millions, unaudited)	March 31, 2017	March 31, 2016	Amount	%
Theme parks	345	340	5	1%
Hotels and Disney Village®	249	239	10	4%

Resort operating segment	613	600	13	2%
Real estate development operating segment	10	4	6	n/m
Total revenues	623	604	19	3%

n/m: not meaningful

Resort operating segment revenues increased 2% to €613 million compared to €600 million in the prioryear period.

Theme parks revenues increased 1% to €345 million due to a 5% increase in attendance as the prior-year period was impacted by the November 2015 events in Paris, which included a four-day closure of the parks. This increase was partially offset by a 3% decrease in average spending per guest. The increase in attendance was mainly due to more guests visiting from the United Kingdom and France, partially offset by fewer guests visiting from Belgium. The decrease in average spending per guest was due to lower spending on admissions and merchandise.

Six Months Ended March 31, 2017

Hotels and Disney Village[®] revenues increased 4% to €249 million mainly due to a 3 percentage point increase in hotel occupancy. This increase resulted from more guests visiting from the United Kingdom, partially offset by fewer guests staying at the hotels from France and business groups.

Real estate development operating segment revenues increased by \in 6 million to \in 10 million due to higher land sale activity. Given the nature of the Group's real estate development activity, the number and size of transactions vary from one period to the next.

Costs and Expenses

	Six Mont	Variance		
(ϵ) in millions, unaudited)	millions, unaudited) March 31, 2017 March 31, 2016		Amount	%
Direct operating costs ⁽¹⁾	617	628	(11)	(2)%
Marketing and sales expenses	75	76	(1)	(1)%
General and administrative expenses	64	60	4	7%
Costs and expenses	756	764	(8)	(1)%

⁽¹⁾ Direct operating costs primarily include wages and benefits for employees in operational roles, depreciation and amortization related to operations, cost of sales, royalties and management fees. For the six months ended March 31, 2017 and 2016, royalties and management fees were €36 million for each of these periods. For accounting purposes, the waived royalties and management fees continue to be recorded as expense. For more information on the waiver, please refer to the "Cash flows" section hereafter.

Direct operating costs decreased 2% compared to the prior-year period due to lower depreciation in the current-year period. The lower depreciation is the result of the lower carrying value of the Group's long-lived assets due to the €565 million impairment charge recorded as of September 30, 2016. This decrease was partially offset by continued enhancements to the guest experience, which include new shows and hotel refurbishments, as well as costs associated with higher resort and real estate activities. In addition, the Group incurred increased labor costs due to an amendment of its employee retirement plan and incremental security costs.

Marketing and sales expenses remained relatively flat compared to the prior-year period.

General and administrative expenses increased 7% mainly due to higher labor costs, including the amendment of the employee retirement plan.

BORROWINGS

The changes in the Group's borrowings during the six months ended March 31, 2017 are detailed below:

(€ in millions, unaudited)	September 30, 2016	Increases	Repayments	Transfers	March 31, 2017
Long-term loans	983	-	-	-	983
Revolving Credit Facility	130	60	-	_	190

Financial leases	1	-	(1)	1	1
Total current borrowings	13	-	(1)	1	13
Total borrowings	1,135	61	(1)	-	1,195

During the six months ended March 31, 2017, the Group's indebtedness increased by €60 million to €1,195 million compared to €1,135 million as of September 30, 2016. This increase was due to an additional €60 million drawn from the Revolving Credit Facility.

For additional information on borrowings, see note 6. "Borrowings" of the Group's condensed interim consolidated financial statements.

CASH FLOWS

Cash and cash equivalents as of March 31, 2017 were €66 million, down €47 million compared with September 30, 2016. Cash used in the Group's activities for the six months ended March 31, 2017 totaled €47 million compared to €147 million used in the prior-year period. This variance resulted from:

	Six Mont	Six Months Ended		
(ϵ) in millions, unaudited)	March 31, 2017	March 31, 2016	Variance	
Cash generated by / (used in) operating activities	23	(55)	78	
Cash used in investing activities	(129)	(89)	(40)	
Cash generated by / (used in) financing activities	59	(3)	62

Cash and cash equivalents, beginning of period	113	249	(136)	
Cash and cash equivalents, end of period	66	102	(36)	

Cash generated by operating activities for the six months ended March 31, 2017 totaled €23 million compared to €55 million used in the prior-year period. This variance resulted from a waiver of royalties and management fees payment in the current-year period, compared with €47 million of royalties and management fees paid in the prior-year period, as well as lower working capital requirements.

In November 2016, TWDC¹ agreed to waive two years of royalties and management fees, commencing with the payment for the fourth quarter of fiscal year 2016, to provide the Group liquidity above its remaining undrawn Revolving Credit Facility.

Cash used in investing activities for the six months ended March 31, 2017 totaled €129 million compared to €89 million used in the prior-year period. This variance was due to investments to enhance the guest experience in preparation for Disneyland[®] Paris' 25th Anniversary celebration as well as cash provided to the Les Villages Nature de Val d'Europe S.A.S joint venture.

Cash generated by financing activities totaled $\[Engineq]$ 59 million for the six months ended March 31, 2017 compared to $\[Engine]$ 3 million used in the prior-year period. During the six months ended March 31, 2017, the Group drew an additional $\[Engine]$ 60 million under the $\[Engine]$ 350 million Revolving Credit Facility. As of March 31, 2017, the Group still has a $\[Engine]$ 160 million undrawn Revolving Credit Facility available from TWDC.

_

The waiver of royalties and management fees was granted by wholly-owned affiliates of TWDC.

RELATED-PARTY TRANSACTIONS

The Group enters into certain transactions with TWDC and its subsidiaries.

The significant transactions relate to a license for the use of TWDC intellectual property rights, management arrangements, technical and administrative agreements for services provided by TWDC and its subsidiaries, and borrowings.

In addition, in April 2017, EDL Hôtels S.C.A. ("EDLH") exercised its purchase option to acquire the Newport Bay Club Convention Center from Centre de Congrès Newport S.N.C. for a nominal amount. Under the terms of its lease agreement which would have expired in September 2017, EDLH had the right to exercise its purchase option six months prior to the end of the lease term.

Although the Group had no ownership interest in Centre de Congrès Newport S.N.C., the Group historically fully consolidated this entity which previously held the assets of the Newport Bay Club Convention Center. As of March 31, 2017, the assets of the Newport Bay Club Convention Center were consolidated in the financial statements of the Group and will continue to be subsequent to the exercise of the purchase option.

For detail of the related-party activity for the six months ended March 31, 2017, please refer to note 8. "Related-Party Transactions" of the Group's condensed interim consolidated financial statements.

RISK FACTORS

The main risks¹ and uncertainties related to the Group are described in the Group's 2016 Reference Document² and primarily relate to those inherent to theme park activities, which includes being subject to the potential effects of general economic, adverse weather and geopolitical conditions, and the Group's high level of borrowings.

Please refer to "Risk factors" under section B.2. "Group and Parent Company Management Report" of the Group's 2016 Reference Document.

The Group's 2016 Reference Document was registered with the *Autorité des marchés financiers* ("AMF") on February 9, 2017, under the number D.17-0087 (the "2016 Reference Document") and is available on both the Company's website (http://corporate.disneylandparis.com) and the AMF website (www.amf-france.org).

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. DESCRIPTION OF THE GROUP

Euro Disney S.C.A. (the "Company" or parent) and its owned and controlled subsidiaries (collectively, the "Group") commenced operations with the official opening of Disneyland® Park on April 12, 1992. The Group also operates the Walt Disney Studios® Park, which opened to the public on March 16, 2002 (together with the Disneyland Park, the "Theme Parks"), a large hotel complex comprising seven hotels (the "Hotels") with approximately 5,800 rooms, two convention centers, the Disney Village® entertainment center and Golf Disneyland® (the "Golf Courses"), collectively the "Resort". In addition, the Group manages the real estate development and expansion of the property and related infrastructure near the Resort.

The Company, a publicly held French company with shares traded on Euronext Paris, is managed by Euro Disney S.A.S. (the "*Gérant*"), an indirect wholly-owned subsidiary of The Walt Disney Company ("TWDC"). The General Partner is EDL Participations S.A.S., also an indirect wholly-owned subsidiary of TWDC. The Company owns 82% of Euro Disney Associés S.C.A. ("EDA"), which is the primary operating company of the Resort. Two other indirect wholly-owned subsidiaries of TWDC, Euro Disney Investments S.A.S. ("EDI") and EDL Corporation S.A.S. ("EDLC"), equally own the remaining 18% of EDA

The Company's fiscal year begins on October 1 of a given year and ends on September 30 of the following year (the "Fiscal Year").

2. SIGNIFICANT POLICIES APPLIED BY THE GROUP

2.1 BASIS OF PREPARATION

The condensed interim consolidated financial statements of the Group (including the notes thereto) for the six months ended March 31, 2017 have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34"). Accordingly, these condensed interim consolidated financial statements do not include all the information and disclosure required in the annual financial statements.

These condensed interim consolidated financial statements should be read in conjunction with the Group's consolidated financial statements for Fiscal Year 2016, which are presented in the Group's reference document (the "2016 Reference Document").

2.2 NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

During the six months ended March 31, 2017, the following IFRS¹ were adopted by the European Union ("EU"). The impact of adoption of these standards on the Group's financial statements is being assessed:

• IFRS 9 "Financial Instruments" ("IFRS 9"), issued during Fiscal Year 2014. This standard was issued as part of a multiphase project to replace IAS 39 "Financial Instruments". IFRS 9 is applicable for annual periods beginning on or after January 1, 2018 (i.e. Fiscal Year 2019 for the Group).

The term "IFRS" refers collectively to International Accounting Standards ("IAS"), International Financial Reporting Standards ("IFRS"), Standing Interpretations Committee and International Financial Reporting Interpretations Committee ("IFRIC") interpretations issued by the International Accounting Standard Board ("IASB").

• IFRS 15 "Revenue from Contracts with Customers" ("IFRS 15"), issued during Fiscal Year 2014, and amendments to IFRS 15 "Clarifications to IFRS 15", issued during Fiscal Year 2016. This standard and these amendments define principles of revenue recognition. IFRS 15 is applicable for annual periods beginning on or after January 1, 2018, (i.e. Fiscal Year 2019 for the Group).

In addition, during the six months ended March 31, 2017, the IASB issued amendments and interpretations that have not yet been adopted by the EU as of March 31, 2017. Therefore these amendments and interpretations are not yet applicable to the Group.

3. SEASONALITY

The Group's business is subject to the effects of seasonality and the last six months of the Fiscal Year, which include the summer months, usually include higher revenues. Consequently, the operating results for the six months ended March 31, 2017 are not necessarily indicative of results to be expected for the last six months of the Fiscal Year.

In addition, results for the six months ended March 31, 2017 have been unfavorably impacted by a shift in the Easter vacation period to the last six months of the Fiscal Year.

5.3 RETIREMENT OBLIGATION - ACTUARIAL GAINS / (LOSSES)

During the six months ended March 31, 2017, the Group recorded €7 million of expense related to prior service costs due to an amendment of its employee retirement plan.

In conjunction with remeasuring its obligation as a result of the plan amendment, the Group updated its actuarial valuation of the retirement obligation which resulted in an actuarial gain of €14 million recognized in the *Consolidated Statements of Other Comprehensive Income*. The actuarial assumptions that had the most significant impact on the valuation as of March 31, 2017 were an increase in the discount rate from 0.9% as of September 30, 2016 to 1.5% and a change in the assumption of the expected retirement benefits as of the valuation date.

As of March 31, 2017 and September 30, 2016, the Group's retirement obligation was €70 million and €76 million, respectively.

7. SEGMENT INFORMATION

For internal management reporting purposes, the Group has two reportable operating segments as follows:

- Resort operating segment includes the operation of the Theme Parks, the Hotels, the Disney Village[®], the Golf Courses and the various services that are provided to guests visiting Disneyland[®] Paris; and
- **Real estate development operating segment** includes the design, planning and monitoring of improvements and additions to the existing Resort, as well as other retail, office and residential real estate projects, whether financed internally or through third-party partners.

These operating segments reflect the Group's organizational structure and internal financial reporting process, which are based on the nature of the products and the services delivered. Each operating segment represents a strategic line of business with different products and serves different markets. There is no other operating segment representing more than 10% of revenues, profit, loss or assets that could be identified separately, and no client represents more than 10% of total revenues.

The Group evaluates the performance of its operating segments based primarily on operating margin. The accounting policies for both of these operating segments are the same.

8.1 REVENUES

Revenues primarily included Theme Park tickets and Resort packages sold to third parties through TWDC entities.

8.2 ROYALTIES AND MANAGEMENT FEES

In November 2016, TWDC¹ agreed to waive two years of royalties and management fees, commencing with the payment for the fourth quarter of Fiscal Year 2016, to provide the Group liquidity above its remaining Revolving Credit Facility. Waived royalties and management fees were ϵ 21 million for the fourth quarter of Fiscal Year 2016 and ϵ 36 million for the six months ended March 31, 2017.

¹ The waiver of royalties and management fees was granted by wholly-owned affiliates of TWDC.

The Group continues to record the royalties and management fees as expense in its *Consolidated statements of income* as the rights and obligations under the terms of the agreements continue to be in effect. The waiver of payment provided by TWDC is accounted for as an equity contribution. Consequently, during the six months ended March 31, 2017, the Group reclassified €57 million of waived royalties and management fee liabilities to equity, with €46 million to *Share premium* attributable to owners of the parent and the remaining €11 million to *Non-controlling interests*.

8.3 DEVELOPMENT AGREEMENT AND OTHER SERVICES

The Group reimburses the *Gérant* for its direct and indirect costs incurred in connection with the provision of services under the Development Agreement¹. The indirect costs under the Development Agreement primarily include the Group's share of expenses incurred by TWDC's European marketing offices. The indirect costs also include the development of conceptual design for Theme Parks facilities and attractions.

In addition, the Group reimburses Euro Disneyland Imagineering S.A.R.L., an indirect subsidiary of TWDC, of its costs incurred for the management and administration of the overall design as well as the construction of attractions and development investments in the Resort.

Under these agreements, the Group recorded \in 24 million and \in 18 million of *Costs and expenses* and \in 12 million and \in 8 million of costs capitalized as *Property, plant and equipment* or *Intangible assets* for the six months ended March 31, 2017 and 2016, respectively.

Other services also include various agreements with other wholly-owned subsidiaries of TWDC to provide the Group with various support services. Under these agreements, the Group recorded \in 4 million and \in 3 million of *Costs and expenses* for the six months ended March 31, 2017 and 2016, respectively, as well as \in 0.3 million and \in 1 million of costs capitalized as *Property, plant and equipment* or *Intangible assets* for the six months ended March 31, 2017 and 2016, respectively.

8.4 NET FINANCIAL CHARGES

For the six months ended March 31, 2017 and 2016, net financial charges mainly resulted from interest expenses related to the long-term debt that the Group owes TWDC.

8.5 SHARE OF LOSS OF EQUITY INVESTMENTS

Share of loss of equity investments corresponds to the Group's share in the results of its joint ventures. For the six months ended March 31, 2017, the €14 million loss was driven by construction and pre-opening activities related to its innovative eco-tourism project *Villages Nature*.

Refers to the agreement dated February 28, 1989 between the Company and the *Gérant* whereby the *Gérant* provides and arranges for other subsidiaries of TWDC to provide EDA with a variety of technical and administrative services, some of which are dependent upon Disney expertise or cannot reasonably be supplied by other parties. For more information on the Development Agreement, please refer to section A.4. "Significant Agreements of the Group" in the Group's 2016 Reference Document.

1. Conclusion on the financial statements

We conducted our review in accordance with professional standards applicable in France. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with professional standards applicable in France and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
