Large mixed-use projects

Opening of Massy Place du Grand Ouest

On 18 October, Altarea Cogedim opened Place du Grand Ouest scheme in Massy. This 100,000 m² mixed-use development, which is the largest development project in the Paris Region, includes 850 residential units, a Cogedim Club Residence (assisted housing for active seniors), a convention centre and retail units in close proximity to the regional and highspeed railway stations in the large-scale, mixed-use district of Massy-Atlantis. This above €290 million² project illustrate the Group's ability to deliver complex development schemes and consolidates its position as major urban designer of Grand Paris and leading partner of French gateway cities.

Residential

The market is stabilising at historically high levels driven by the same factors: low interest rates, and the attractiveness for French consumers of real estate as both a rental investment and their main residence.

In this context, the 2018 renewal of the "Loi Pinel" for another four years and its strengthening in high-demand areas are welcome news for the Group as more than 99% of its pipeline (offering and future offering) is located in eligible areas³.

Preferred bidder of two "Inventons la Métropole du Grand Paris" projects

Altarea Cogedim won two major projects as part of the "Inventons la Métropole du Grand Paris" (Inventing the Grand Paris Metropolis) call for projects. The urban projects "L'Hospitalité" at Kremlin-Bicêtre and

² New orders included tax, all products combined.

³ The "high-demand areas" correspond to areas A bis, A and B1. Only 268 units (i.e., less than 1% of the Residential pipeline) are located in area B2, and half of those are in French Genevois, which has strong appeal.

"Campus Habité" at Cachan won the jury over with their ability to provide mixed-use solutions bringing together residential, retail and services.

Cogedim awarded Customer Service of the Year 2018

The "Elu service client de l'année"⁴ label (Customer Service of the Year label) annually awards companies, in every economic sector, that have the best customer relationships and provides the highest level of customer service. For the first time this year, the label was opened to property development and Cogedim was awarded in recognition of its actions taken for customer satisfaction.

Signature of leases for the new headquarters of Orange and of Parfums Christian Dior

During this quarter, Altarea Cogedim signed two leases for the future global headquarters of Orange and Parfums Christian Dior. Orange will move into the Bridge building (56,000 m²) in Issy-les-Moulineaux due for delivery in summer 2020. Parfums Christian Dior, a subsidiary of the LVMH Group, will occupy the Kosmo building (25,000 m²) in Neuilly-sur-Seine, scheduled for delivery in early 2019.

By signing the leases with these two prime occupants, the Group solidifies its position as a leader in office property development.

II. RETAIL

Portfolio assets: growth of rental income: +4.5% to €144.1 million

During this quarter, Altarea Cogedim posted a +4.5% increase in its rental income (+€6.2 million). On a like-for-like basis, this increase was +2.8% and resulted particularly from a reduction in lease inducement and rent-free period, and the growing contribution of Specialty Leasing.

Retailer sales jumped +2.4%, versus stable figures for the CNCC⁵ Index.

Development: win of a new iconic project near the Swiss border (Ferney-Voltaire)

Altarea was chosen to develop a new, 45,000 m² GLA retail scheme that offers a innovative cultural and leisure experience featuring the first location in a shopping centre of the Centre Pompidou (1,800 m²) and Universcience (2,500 m²). This project, which is located at the gateway to Geneva in Ferney-Voltaire, France, in an exceptionally affluent customer catchment area, proves the Group's ability for designing ambitious, innovative retail projects in partnership with local authorities.

Disposals: combined amount exceeding €130 million⁶

During the quarter, the Group sold Immochan its share in the Promenade de Flandre retail park located in Roncq, near the Belgian border. This project, which was developed jointly with Immochan, was leased by Altarea Cogedim's teams and sold by the Group before it was opened on 18 October 2017.

⁴ The "Elu service client de l'année" (Customer Service of the Year) award, which was created in 2007 by Viséo Customer Insight, uses mystery shoppers to annually test the customer service quality of French companies in 42 different economic sectors. It is the benchmark ranking for customer relationships in France.

In addition, in late July Altarea Cogedim sold the L'Aubette real estate complex to Deka Immobilien GmbH. This asset, which consists of 5,700 m² of retail and 2,800 m² of tourism residences, stands in Strasbourg's main retail area, near Place Kleber.

III. CSR PERFORMANCE

GRESB: Altarea Cogedim no. 1 out of 194 listed real estate companies assessed worldwide

GRESB (*Global Real Estate Sustainability Benchmark*), a leading international ranking, annually assesses the CSR performance of real estate companies around the world. In 2017 it assessed 823 companies and funds, of which 194 were listed companies.

In its fourth year of participating, Altarea Cogedim reinforced its status as a leader in the CSR area and for the first time took the top spot in the world among listed companies (number 1 of companies in Europe and number 1 of "retail" companies worldwide). With a score of 96/100, the Group ranked second in the world, all categories combined (listed and unlisted companies).
