## FFP becomes a shareholder of the Safran Group

FFP has tendered all its Zodiac Aerospace shares to the subsidiary public exchange offer initiated by Safran as announced on 7 December 2017. Since the maximum ceiling of the subsidiary offer has been reached, the number of Zodiac Aerospace shares tendered by FFP to the exchange offer has been reduced. FFP received 2,832,492 Safran shares, which are inalienable for a period of 3 years, and €141m. 375,237 Safran ordinary shares have then been bought on the market for an amount of €31m.

FFP intends to participate in Safran's governance through a joint company whose purpose will be to represent FFP and the Fonds Stratégique de Participations (FSP), acting in concert vis-à-vis Safran, on the Board of Directors of the new group. The candidacy of that company, which is called F&P and will be represented by its Chairman Mr Robert Peugeot, will be submitted for the approval of the next Annual General Meeting of Safran shareholders on 25 May 2018.

Mr Peugeot said: *"Having actively contributed to the merger between Zodiac Aerospace and Safran, we are delighted to become shareholders of one of the main French players in the global aviation industry, whose medium-term prospects are attractive. We look forward to making a contribution to the development of the new group on Safran's Board of Directors."*

### **About FFP:**
