SAINT-GOBAIN ACQUIRES SONEX IN ACOUSTIC CEILINGS IN BRAZIL

Saint-Gobain announces the acquisition of Sonex in Brazil, a company specialized in the manufacture and supply of acoustic ceiling systems, marketed in particular under the Sonex, Nexacoustic and Fiberwood brands.

Sonex is based in Diadema in the state of São Paulo and offers innovative high-performance solutions in a wide range of colors, materials and forms, allowing architects and builders to create aesthetically-pleasing and comfortable interior spaces for the end user.

This acquisition completes the Group's existing offer in Brazil in ceilings. It is in line with the Group's strategy to reinforce its presence in emerging countries. It allows Saint-Gobain to accelerate its development in Brazil, where it has been present since 1937, in a high-potential construction market.

ABOUT SAINT-GOBAIN

Saint-Gobain designs, manufactures and distributes materials and solutions which are key ingredients in the wellbeing of each of us and the future of all. They can be found everywhere in our living places and our daily life: in buildings, transportation, infrastructure and in many industrial applications. They provide comfort, performance and safety while addressing the challenges of sustainable construction, resource efficiency and climate change.

€41.8 billion in sales in 2018
Operations in 68 countries
More than 180,000 employees
