The second session will be dedicated to the SARA project in Sarcopenia:

- Time: 6:45 to 7:30pm
- KOLs: Pr
- Bruno Vellas (France) and Dr Roger A. Fielding (USA)
- Biophytis representatives: Stanislas Veillet (CEO), Evelyne Nguyen (CFO) and Jean Mariani (Scientific Board Director)

About BIOPHYTIS

Biophytis SA is a clinical-stage biotechnology company specialized in the development of therapeutics that are aimed at slowing the degenerative processes associated with aging and improving functional outcomes for patients suffering from age-related diseases, including severe respiratory failure in patients suffering from COVID-19. Sarconeos (BIO101), our leading drug candidate, is a small molecule, administered orally, in development for the treatment of sarcopenia in a Phase 2 clinical trial in the United States and Europe (SARA-INT). It is also being studied, in a clinical two-part Phase 2-3 study (COVA) for the treatment of severe respiratory manifestations of COVID-19 in Europe, Latin America, and the US. A pediatric formulation of Sarconeos (BIO101) is being developed for the treatment of Duchenne Muscular Dystrophy (DMD). The company is based in Paris, France, and Cambridge, Massachusetts. The company's ordinary shares are listed on Euronext Growth (Ticker: ALBPS -ISIN: FR0012816825) and ADSs (American Depositary Shares) are listed on Nasdaq Capital Market (Ticker BPTS – ISIN: US09076G1040).
