INFORMATION ON THE SHARE BUY-BACK PROGRAM

1. AIMS OF THE SHARE BUY-BACK PROGRAM AND USE OF THE SHARES REPURCHASED

The aims of the share buy-back program authorized by the nineteenth resolution approved by the Combined Ordinary and Extraordinary Shareholders' Meeting of 17 April 2024 are the following:

- to allocate shares to executive corporate officers or employees of the Company and/or of companies belonging to its group, in accordance with the terms and conditions set out in the laws and regulations applicable to (i) the sharing in the benefits due to the Company's growth, (ii) the stock option scheme provided for by Articles L. 225-177 et seq. of the French Commercial Code and L. 22-10-56 of the French Commercial Code, (iii) the scheme for the allocation of free shares as provided for in Articles L. 225-197-1 et seq. of the French Commercial Code and L. 22-10-59 and L. 22-10-60 of the French Commercial Code and (iv) any employee savings plan, as well as to undertake any hedging transaction relating to these transactions, under the conditions stipulated by the market authorities and at such times as the Board of Directors or the individual acting on behalf of the Board of Directors deems suitable;
- to remit the shares during the exercise of rights attached to securities giving the right, immediately or in the future, through redemption, conversion, exchange, presentation of a warrant or any other manner, to the allocation of Company shares, as well as to undertake any hedging transaction in relation to the issuance of such securities, under the conditions stipulated by the market authorities and at such times as the Board of Directors or the individual acting on behalf of the Board of Directors deems suitable;
- to hold the shares and remit them later as payment or in exchange in the context of potential transactions for external growth, merger, split or contribution;
- to cancel all or part of the shares through a reduction in the share capital (specifically in order to optimise cash management, return on equity or earnings per share), subject to twenty-first resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of 17 April 2024;
- to facilitate the liquidity of transactions and consistency in the trading of the Company's shares or to prevent price swings not justified by market trends within the context of a liquidity agreement entered into with an investment services provider operating in complete independence, under the terms and conditions set by regulation and established market practices and in accordance with a code of ethics recognised by the *Autorité des Marchés Financiers*;
- and also with a view to any other practice that could be recognised by the law or the *Autorité des Marchés Financiers* or any other purpose to be authorised by the law or regulations in effect in future. In such a case, the Company would inform its shareholders by sending out a notice.

In the context of the achievement of the fifth aim referred to above, in order to avoid excessive volatility of the share price, Covivio entrusted Exane (investment services provider), as of 11 July 2005, with the implementation of a liquidity contract.

A new liquidity contract was entered into with Exane on 10 January 2019 in accordance with Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse, Commission Delegated Regulation (EU) 2016/908 of 26 February 2016, which was updated with effect on 1st July 2021 following AMF Decision No 2021-01 of 22 June 2021 on renewal of establishment of liquidity contracts on capital securities as an accepted market practice.

Under the terms of the agreement to transfer the liquidity contract signed on 5 September 2023 between Exane, BNP Paribas Financial Markets (formerly BNP Paribas Arbitrage) and Covivio, the liquidity contract was transferred from 23 October 2023 to BNP Paribas Financial Markets.

It is recalled that pursuant to the provisions of the liquidity contract transferred to BNP Paribas Financial Markets:

- its execution is suspended under the conditions set out in article 5 of the AMF Decision n° 2021-01 of 22 June 2021 and, at the Company's request for a period of time the Company defines;
- the liquidity contract may be terminated at any time, without notice by the Company, and with a one month notice by BNP Paribas Financial Markets, in the term of termination of the liquidity account provided for under the liquidity contract.

The Board of Directors decided on 17 April 2024 to implement a new share buy-back program, notably through the extension of the existing liquidity contract with BNP Paribas Financial Markets, under the same conditions and on the basis of a maximum purchase price of €85 per share (excluding acquisitions costs).

For the continuation of this contract, scheduled from the implementation of this program, Covivio kept the resources allocated to the liquidity account, being specified that on the date of 17 April 2024, the following resources were allocated to the liquidity account:

- 103,779 Covivio shares,

In with the context of the implementation of this program, the maximum amount of funds allocated to the share buy-back program amounts to €500,000,000.
