

Press release

Thales confirms that the Parquet National Financier (PNF) in France and the Serious Fraud Office (SFO) in the United Kingdom have initiated an investigation in relation to four Thales entities located in France and the UK, regarding the performance of a contract in Asia.

Thales denies the allegations brought to its knowledge.

The Group is fully cooperating with the PNF in France and the SFO in the UK.

Thales complies with all national and international regulations.

About Thales

Thales (Euronext Paris: HO) is a global leader in advanced technologies specialized in three business domains: Defence, Aerospace and Cyber & Digital. It develops products and solutions that help make the world safer, greener and more inclusive.

The Group invests close to €4 billion a year in Research & Development, particularly in key innovation areas such as IA, cybersecurity, quantum technologies, cloud technologies, and 6G.

Thales has nearly 81,000 employees in 68 countries. In 2023, the Group generated sales of €18.4 billion.
