About Affluent Medical

Affluent Medical is a French player in MedTech, founded by Truffle Capital, with the ambition of becoming a global leader in the treatment of heart and vascular diseases, which are the world's leading cause of mortality, and urinary incontinence which currently affects one in four adults. Affluent Medical develops next-generation, mini-invasive, innovative implants to restore critical physiological functions in these areas. The four major technologies developed by the company are currently in preclinical and clinical studies. Kalios™ is set to be the first medical device to be marketed in Europe.
