

## CAPITAL MARKETS DAY ON FEBRUARY 8, 2024

### Strategic update: Waga Energy sets out its expansion ambitions, two years after its IPO

**Waga Energy (EPA: WAGA), a global expert in the production of Renewable Natural Gas (RNG) from landfills, announces that it will hold a Capital Markets Day on February 8, 2024.**

On this occasion, the Group will disclose its 2023 revenue and present its development ambitions, two years after its IPO on Euronext Paris.

#### Reminder of the 2024 financial communication calendar:

- 08/02/2024: 2023 Full-Year Revenue and Capital Markets Day
- 29/04/2024: 2023 Full-Year Results
- 27/06/2024: Annual General Meeting
- 30/09/2024: 2024 Half-Year Results

All press releases are issued after Paris Stock Exchange closing.

#### **About Waga Energy**

*Waga Energy (EPA: WAGA) produces competitively priced Renewable Natural Gas (also known as “biomethane”) by upgrading landfill gas using a patented purification technology called WAGABOX®. The RNG produced is injected directly into the gas distribution networks that supply individuals and businesses, providing a substitute for natural gas. Waga Energy finances, builds and operates its WAGABOX® units under long-term contracts with landfill operators for the supply of raw gas, and generates income by selling the RNG it produces. Waga Energy operates nineteen WAGABOX® units in France, Spain and Canada, representing an installed capacity of 2,355,000 MMBtu (690 GWh/y). Sixteen units are under construction in France, Canada, and the US. Each project initiated by Waga Energy contributes to the fight against global warming and helps the energy transition.
