Le Bourget-du-Lac, June 26, 2026, 6:00pm CEST

## Summary of the Roctool Annual General Meeting held on June 26, 2026

**Roctool** (Euronext Growth – FR0010523167 – ALROC), which specializes in induction technologies and innovative casting solutions, held its Annual General Meeting on June 26, 2026.

### Results of the Annual General Meeting

Roctool's Annual General Meeting was held today, chaired by Mathieu Boulanger. All resolutions put to a vote were approved by the shareholders present or represented.

*"I would like to sincerely thank our loyal shareholders, who, by approving all the resolutions, have once again demonstrated their confidence in the Group's strategy.*

*Our roadmap, established at the end of 2025, is currently being rolled out, and the implementation of the strategic plan announced last December is proceeding according to schedule. Meanwhile, our core businesses continue to perform well following significant efforts over the past few months, notably through our participation in various major industry trade shows and a strengthened sales momentum that has expanded into various markets.*

*The outlook for the coming months is solid, and we are moving forward with confidence into the remainder of the fiscal year,"* said Mathieu Boulanger, CEO, Roctool, following the Annual General Meeting.

Details of the voting results by resolution will be published on the Company's website ([www.roctool.com](http://www.roctool.com)) as soon as possible, in accordance with applicable regulations.
