No Offer Period applies in relation to the offer of the Turbo Warrants. The offer of the Turbo Warrants will commence on 25 February 2008. The minimum order size in the primary market is 1,000.

The Warrants are not capital protected. Investors may suffer a total loss of their amount invested, if the Share Price on or prior to the Valuation Date is equal to or exceeds the Strike Price (as defined in the Consolidated Terms).

If a Knock out Event occurs during the period from, and including, the Issue Date to, and including, the Valuation Time on the Valuation Date each Warrant shall be deemed as early exercised. In such case each Warrant will expire upon occurrence of a Knock out Event and will be cancelled and will not have value.

A "Knock out Event" occurs if at any time during the Knock Out Period the Share Price is equal to or higher than the Strike Price.

Unless defined, or stated otherwise, herein, capitalised terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions set forth in the Base Prospectus dated 14 August 2007 (which constitutes a base prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the "**Prospectus Directive**") (the "**Base Prospectus**").

The Terms and Conditions of the Warrants set out in the Base Prospectus (the "**Terms and Conditions**") shall be completed and specified by incorporating the terms and conditions of this Document, and by deleting all provisions not applicable to this Series of Warrants. The Consolidated Conditions shall replace the Terms and Conditions in their entirety (the "**Consolidated Conditions**"). If and to the extent the Consolidated Conditions deviate from other information contained in this Document, the Consolidated Conditions shall prevail.

INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save as discussed in "Securities Note – A. General and Overview - Key Information", no person involved in the offer of the Warrants has an interest material to the offer.

INFORMATION REGARDING THE SHARE

The Warrants are linked to the Shares which price is determined and published regularly on an ongoing basis on each Exchange Business Day by the Exchange. The Share underlying the Warrants, the ISIN Codes of the Share, the name of the Share Issuer and the Exchange are set out in Appendix 1 to this Final Terms.

A detailed description of the Share Issuer can be found at the relevant company's website. Information on the performance of the Share, including price information, can be found at the websites of the Exchange and/or the following website: www.onvista.de. Neither the Share Issuer nor OnVista Media GmbH accept any responsibility or liability for the information contained on any of the above websites. Information on the Share's volatility and the link to the Exchange's or company's website are available from the Issuer upon request. Any requests should be addressed to: HSBC Trinkaus & Burkhardt AG, Marketing Retail Products, Königsallee 21/23, 40212 Düsseldorf, Germany; facsimile: +49/211/910-1936.

The Issuer does not accept any responsibility for correctly quoting the contents of the above websites and/or for any changes to the relevant websites. The contents of the websites referred to herein are for information purposes only. The Issuer does not accept any responsibility and/or warranty for the accuracy and completeness of such contents. In particular, the price information and volatilities of the Share are merely historical data and no indication of its future performance or future volatility and should therefore not be relied on in making an investment decision with respect to the Warrants.

EXPLANATION RELATING TO LINKAGE BETWEEN THE SHARE AND THE PAYMENTS ON THE WARRANTS

The settlement of the Warrants is linked to the performance of the underlying Share. The value of the Share may increase or decrease during the life of the Warrants. Movements in the price of the Share will affect the value of the Warrants.

The Warrants are European-style warrants and will be deemed to be automatically exercised on the Expiration Date without any further requirements if the Cash Settlement Amount is greater than Euro 0.00 (zero) on the Expiration Date.

Unless settled before in whole or in part, and subject to a Knock out Event having occurred, the Issuer will pay an amount equal to the Cash Settlement Amount to each Warrantholder after the relevant Warrant has been deemed to be automatically exercised. The Cash Settlement Amount per Warrant will be calculated as follows:

The Reference Ratio shall be multiplied by the amount of difference by which the Share Price of the Share at the Valuation Time on the Valuation Date falls below the Strike Price.

If a Knock out Event occurs during the period from, and including, the Issue Date to, and including, the Valuation Time on the Valuation Date, each Warrant shall be deemed as early exercised. In such case each Warrant will expire upon occurrence of a Knock out Event and will be cancelled and will not have value.

A "Knock out Event" occurs if at any time during the Knock out Period the Share Price is equal to or higher than the Strike Price.

In addition, the Warrants may be settled early upon the occurrence of certain events as set forth in § 4(b) (Consequences of Additional Termination Events) or § 8 (Events of Default) of the Consolidated Conditions.

Capitalised terms used but not defined herein are as defined in the Consolidated Conditions.

Warrants are securities which are associated with a particularly high risk and in relation to which a total loss of the amount invested to purchase the Warrants may be incurred. This will be the case in particular if the Share Price on the Valuation Date is equal to or does exceed the Strike Price.

If a Knock out Event occurs during the period from, and including, the Issue Date to, and including, the Valuation Time on the Valuation Date, each Warrant shall be deemed as early exercised. In such case each Warrant will expire upon occurrence of a Knock out Event and will be cancelled and will not have value.

Please note that any change in the price, or even the non-occurrence of an expected change in the price, of the Share underlying the Warrant may disproportionately reduce the value of the Warrant, up to a total loss of the entire value.

In that case:

- (x) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date in respect of the Share, notwithstanding the fact that such day is a Disrupted Day, and
- (y) the Calculation Agent shall determine its good faith estimate of the value for the Share as of the Valuation Time on that eighth Scheduled Trading Day.

(iii) Consequences of Potential Adjustment Events

Following the declaration by any Share Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will:

- (A) make the corresponding adjustment(s), if any, to any one or more of the Strike Price and/or the Reference Ratio and/or the Cash Settlement Amount and in any case, any other variable relevant to the exercise, settlement, payment or other terms of the Warrants as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (including but not limited to adjustments to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares); and
- (B) determine the effective date(s) of the adjustment(s). In such case, such adjustments shall be deemed to be so made from such date(s). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by any Options Exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Warrantheolders in accordance with § 10, stating the relevant adjustment and giving brief details of the Potential Adjustment Event.

For the purposes of this § 4(a)(iii):

"Potential Adjustment Event" means with respect to any Share Issuer and/or Share, any of the following as determined by the Calculation Agent:

- (I) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
