Hologram. Industries has achieved more than three quarters of its turnover outside France. The geographical rebalance is being continued. 41% of invoicing is intended for Western Europe, 37% for Eastern Europe (as against 44% in 2005), 7% in Asia-Pacific, 10 % in Americas and 4% in the Middle East / Africa.

¹ H1-2006 results press release

The second semester shows an optimistic perspective for the year 2007

Taking into account the good level of activity, the second semester should be marked by the return to high profitability. Moreover, the continuous commercial development has enabled to gather new businesses for more than 3.5M€ during the year. These performances are the result of the pertinence of the Group long term strategy, based on innovation and long term profitability.

After having gained 4 new passport references in 2006, half of them using the exclusive DID® technology, and several significant contracts in protection and traceability of the brand products, Hologram. Industries starts the coming year with optimism.
