GL TRADE rolls out MiFID compliant solutions at TradeTech MiFID

Booth N° 5, SAS Radisson, Portman Square, London

GL TRADE, the global provider of integrated, multi-market software solutions for financial institutions, announced that it will display its comprehensive suite of MiFID compliant modules at TradeTech on February 27, in London.

The Group will display :

- GL Market Data, bringing low latency aggregation of data across multiple venues with full market depth
- GL Smart Order Routing, automating order splitting and sending to the best execution venue, thereby ensuring Best Execution
- GL RSP (Retail Service Provider), automatically generating price publication for internalization and off-exchange execution.

GL TRADE recently announced connectivity to Instinet's Chi-X, the first pan-European equity alternative trading system (ATS) or multi-lateral trading facility (MTF).

Jean Pierre Baron, Group Managing Director, Trading Solutions at GL TRADE and, keynote speaker at TradeTech MiFID comments: "We have been involved in the MiFID Process through consulting groups in France and Europe since the directive was voted. MiFID offers strong opportunities for GL TRADE and thus, we have reshaped our teams with dedicated staff in each of our European offices, and a central Strategic Product Department close to our development centre in Paris. These enable us to better respond to the needs of our Pilot clients and accelerate the time-to-market of our MiFID solutions."

MiFID experts and live demos will be available on GL TRADE booth, N° 5.
